Longest Day 1961:

Guts and Glory Lawrence H. Suid, 2015-01-13 *Guts and Glory The Making of the American Military Image in Film* is the definitive study of the symbiotic relationship between the film industry and the United States armed services. Since the first edition was published nearly two decades ago, the nation has experienced several wars both on the battlefield and in movie theatres and living rooms at home. Now author Lawrence Suid has extensively revised and expanded his classic history of the mutual exploitation of the film industry and the military, exploring how Hollywood has reflected and effected changes in America's image of its armed services. He offers in-depth looks at such classic films as *Wings*, *Thirty Seconds Over Tokyo*, *The Longest Day*, *Patton*, *Top Gun*, *An Officer and a Gentleman*, and *Saving Private Ryan*, as well as the controversial war movies *The Green Berets*, *M A S H*, *The Deer Hunter*, *Apocalypse Now*, *Platoon*, *Full Metal Jacket*, and *Born on the Fourth of July*.

Twentieth Century-Fox Peter Lev, 2013-03-15 When the Fox Film Corporation merged with Twentieth Century Pictures in 1935, the company posed little threat to industry juggernauts such as Paramount and MGM. In the years that followed, however, guided by executives Darryl F. Zanuck and Spyros Skouras, it soon emerged as one of the most important studios. Though working from separate offices in New York and Los Angeles and often of two different minds, the two men navigated Twentieth Century Fox through the trials of the World War II boom, the birth of television, the Hollywood Blacklist, and more to an era of exceptional success which included what was then the highest grossing movie of all time, *The Sound of Music*. *Twentieth Century Fox* is a comprehensive examination of the studio's transformation during the Zanuck-Skouras era. Instead of limiting his scope to the Hollywood production studio, Lev also delves into the corporate strategies, distribution models, government relations, and technological innovations that were the responsibilities of the New York headquarters. Moving chronologically, he examines the corporate history before analyzing individual films produced by Twentieth Century Fox during that period. Drawn largely from original archival research, *Twentieth Century Fox* offers not only enlightening analyses and new insights into the films and the history of the company, but also affords the reader a unique perspective from which to view the evolution of the entire film industry.

Jeffrey Hunter Paul Green, 2014-05-12 Jeffrey Hunter is best remembered today for his roles as half-breed Martin Pawley in John Ford's classic western *The Searchers* (1956), as Jesus Christ in Nicholas Ray's *King of Kings* (1961), and as Christopher Pike, the first captain of the U.S.S. Enterprise in the original *Star Trek* pilot. This work chronicles Hunter's entire film and television career from his beginnings as a 20th Century Fox contract player to his untimely death in 1969 at the age of 42. Fellow 20th Century Fox contract player Robert Wagner provides the Foreword and contributes his memories of working with Hunter. Former vice president and head of Desilu Studios, Herbert F. Solow, discusses Hunter's role in the original *Star Trek* pilot, and Lloyd J. Schwartz shares his memories of being present at Hunter's audition for the role of Mike Brady in *The Brady Bunch* (1969). Hunter's lost film *Strange Portrait* (1966) is also discussed in detail, and his radio and theatre career highlighted.

H. Suid, 1978 An excellent contribution to the growing studies on American films and to the war film genre in particular The author defines war movies as those in which combat or its influence are central although military movies in which military men are portrayed in training or preserving peace are also considered Within these definitions Suid selects several dozen films from *The Big Parade* 1925 to *Apocalypse Now* and uses them to develop his main themes the image of the military presented to mass audiences and the related question of the military's assistance to film makers The relationship between Washington and Hollywood that emerges will be a disappointment for anyone seeking confirmation of conspiracy The Pentagon is always looking for positive portrayals of the services and the military's chief concern has been for accuracy in detail and procedure with increasing sensitivity to any costs to taxpayers The author concludes that as long as movies can portray individual bravery perseverance or the excitement of challenging death in personal combat they will maintain their special place in American homes and theaters
