Spiritual Gardening Caroline A. Baez,2017-03-15 What do we all seek We seek happiness Many believe that happiness
eludes them and this is the cause of much suffering What if you were to discover that the key to happiness resides within you
where it has always been What if you've been seeking in the opposite direction for a key that has always been in your
possession a key that will release you from a prison of shadows and suffering allowing you to finally bask in the light of inner
wisdom and freedom The solution lies in returning to the root of oneself by rediscovering the inner wisdom that abides in
each of us Our society our culture and the frenzied world in which we live confront us with daily stimuli and external signals
of who we are or should be of what we should prioritize or value and of what our aspirations and successes should model or
resemble Hypnotized by a world of illusions we live a reality of half truths an ephemeral world of impermanent pleasures that
disintegrate like the ethereal beauty of delicate snowflakes cascading onto the sea Guiding our focus inwardly to our silent
inner space we reconnect with the inner master residing in the blooming garden of our True Self Embarking on this intimate
journey and cultivating this inner path daily we find refuge in our expansive inner space where we discover the gateway to
freedom from suffering and the light of true happiness The intention of this work is to guide readers to their own inner
journey to intimate reflection and to daily cultivation of all that they desire will blossom in their own lives thereby
