Chambers, Francis Stapleton Chambers, 1914 *Thinking About National Security* Donald M. Snow, 2015-07-16 A Choice Outstanding Academic Title for 2016 Perhaps the most basic national security question that U S leaders and the body politic continuously face is where and under what circumstances to consider and in some cases resort to the use of armed force to ensure the country s safety and well being The question is perpetual but the answer is not This insightful text helps students make sense of the ever changing environment and factors that influence disagreement over national security risks and policy in the United States The book takes shape through a focus on three considerations strategy policy and issues Snow explains the range of plans of action that are possible and resources available for achieving national security goals as well as the courses of action for achieving those goals in the context of a broad range of security problems that must be dealt with However there is little agreement among policymakers on exactly what is the nature of the threats that the country faces Snow helps readers frame the debate by suggesting some of the prior influences on risk assessment some of the current influences on national security debates and suggestions for how future strategy and policy may be shaped *Where Rivers Part* Kao Kalia Yang, 2024-03-19 This powerful memoir about a Hmong family s epic journey to safety is a profound testament to the miraculous strength of women and the indomitable resolve of the human spirit Cristina Henr quez author of *The Book of Unknown Americans* Born in 1961 in war torn Laos Tswb s childhood was marked by the violence of America s Secret War and the CIA recruitment of the Hmong and other ethnic minorities into the lost cause By the time Tswb was a teenager the US had completely vacated Laos and the country erupted into genocidal attacks on the Hmong people who were labeled as traitors Fearing for their lives Tswb and her family left everything they knew behind and fled their village for the jungle Perpetually on the run and on the brink of starvation Tswb eventually crossed paths with the man who would become her future husband Leaving her own mother behind she joined his family at a refugee camp a choice that would haunt her for the rest of her life Eventually becoming a mother herself Tswb raised her daughters in a state of constant fear and hunger until they were able to emigrate to the US where the determined couple enrolled in high school even though they were both nearly thirty and worked grueling jobs to provide for their children Now her daughter Kao Kalia Yang reveals her mother s astonishing saga with tenderness and clarity giving voice to the countless resilient refugees who are often overlooked as one of the essential foundations of this country Haunting and painfully relevant Booklist *Where Rivers Part* is destined to become a classic
