New York Memories: Stories From Another Time and Place Dante Santacroce, 2018-08-07 A collection of short stories about a boy growing up on the streets of New York City in the 1930 s into the 1940 s and how World War II changed everything Dante Santacroce was born in 1929 in New York City Living on 27th street in his youth was a special yet grim experience Determined to make it out of the city he ignored his counselor s suggestion to attend trade school and instead struggled hard to get a high school degree Despite his average grades as luck would have it he applied to Georgia Tech University in Atlanta for the winter quarter and because of the many freshman drop outs he was accepted In addition to being an architect Dante was the director of the Underground Theatre in Atlanta for 44 years Despite his professional success deep inside he has continued to be that little boy from the streets of New York City always wondering

why he was lucky enough to make it out **Secrets of an Old Typewriter: Stories from a Smart and Sassy Small Town Girl** Susie Duncan Sexton, 2011-08-29 Susie Duncan Sexton has lived her entire life in a small town indeed in the same house where she grew up As an adult she taught at the same grammar school that she attended as a child and many of the relationships she cultivated while growing up including her marriage have endured over the years Always one to document the present and offer her sometimes unorthodox ideas and opinions Susie Duncan Sexton has tickled the keys of her trusty old typewriter for nearly five decades and now that venerable machine is ready to reveal its secrets Theory/Theatre Mark Fortier, 2005-07-08 This is a new and enlarged edition of Mark Fortier's very successful and widely used essential text for students Theory Theatre provides a unique and engaging introduction to literary theory as it relates to theatre and performance Fortier lucidly examines current theoretical approaches from semiotics poststructuralism through cultural materialism postcolonial studies and feminist theory This new edition includes More detailed explanation of key ideas New Putting it into practice sections at the end of each chapter so you can approach performances from specific theoretical perspectives Annotated further reading section and glossary Theory Theatre is still the only study of its kind and is invaluable reading for beginning students and scholars of performance studies *Canadian Theatre Review*, 1975 Jacques Lacan Slavoj Žižek, 2003 Jacques Lacan 1901-1980 is undoubtedly the central figure of psychoanalysis in the second half of the 20th century The texts selected here present the entire scope of the Lacan debate On Access in Applied Theatre and Drama Education Colette Conroy, Adelina Ong, Dirk J. Rodricks, 2020-06-09 This book explores and interrogates access and diversity in applied theatre and drama education Access is persistently framed as a strategy to share power and to extend equality but in the context of current and recent power struggles it is also seen as a discourse that reinforces marginalisation and exclusion The political bind of access is also a conceptual problem It is impossible to refuse to engage in strategies to extend access to institutions representations buildings education discourse etc We cannot oppose access or strategies for access without reinforcing marginalisation and exclusion We can't not want access for ourselves or for others However we are then in danger of remaining immersed in a distribution of power that reinforces and naturalises inequality as difference For applied theatre and drama education the act of creating teaching and learning is intrinsically connected to choice along with the agency and capacity to choose What is less clear and what still interests us is how the distribution of power and representation creates the schema for an analysis of access and diversity This book was originally published as a special issue of *Research in Drama Education: The Journal of Applied Theatre and Performance* **Inquiry-Based Learning Through the Creative Arts for Teachers and Teacher Educators** Amanda Nicole Gulla, Molly Hamilton Sherman, 2020-10-19 This book is a theoretical and practical guide to implementing an inquiry based approach to teaching which centers creative responses to works of art in curriculum Guided by Maxine Greene's philosophy of Aesthetic Education the authors discuss the social justice implications of marginalized students having access to the arts and opportunities to find

their voices through creative expression They aim to demystify the process of inquiry based learning through the arts for teachers and teacher educators by offering examples of lessons taught in high school classrooms and graduate level teaching methods courses Examples of student writing and art work show how creative interactions with the arts can help learners of all ages deepen their skills as readers writers and thinkers Domesticated Wild Things, and Other Stories Xhenet Aliu,2020-02-17 Just down the highway from Connecticut s Gold Coast is the state s rusty underbelly the wretched used up sort of place where you might find Xhenet Aliu s Domesticated Wild Things the reluctant mothers delinquent dads and not quite feral children yet dreamers all These are the children of immigrants who found boarded up brass mills instead of the gilded streets of America they re the teenaged girls raised in the fluorescent glow of Greek diners the middle aged men with pump trucks and teratomas These are people who have fled or who should have And if they are indeed familiar it is because Aliu writes what is real whether we ourselves her readers have seen it up close or not And her stories make sense in a way that matters A young mother buys into a real estate investment seminar offered on an infomercial only to be put back into her place by a bully in foreclosure A closeted wrestler befriends a latchkey seven year old neighbor who harbors secrets of her own A YMCA counselor tries to reclaim shoes stolen by a troubled young camper What they share is a biting humor an eye for the absurd and fumbling attempts at human connection all rendered irresistible and as moving as they are amusing by a writer whose work is at once edgy and endearing and prize winning for reasons any reader can appreciate American Cultural Theatre 2020 Volume 1 William Stewart,2021-04-15 This book has four poems I write my poem for special and feeling in the moments of my life experience There are four plays that focused on the culture of twenty first century life The first is called Trolley to the Border The path that some life takes and intercept the set at San Diego America Plaza trolley station I try to honor Henrik Ibsen the artist style to focus on the social norm The second play highlight the life success and struggles of Arthur Ashe It s called World Citizen King of the Court In this play I try to honor the amazing style of Emily Mann and her ability to use documentary and make creative and entertaining theater The third play is called Crime Unpunished It focused on four friends journeys with sexual abuse suicide healing and building a healthy relationship In this play I tried to honor Lloyd Richards and his ability to take on very challenging works The four play is called Remember If It Happened This a journey of a modern day person on how he finds the history of his name and that he is part Native American That opens up a spiritual connection that leads to seeing the world differently In this I try to honor the fun imagination of William Shakespeare Theatrocracy Peter Meineck,2017-07-14 This book examines classical Greek theatre asking how ancient drama operated in performance and became such an influential social cultural and political force Meineck approaches Greek theatre from the perspective of the cognitive sciences as an embodied live enacted event and analyses how different performative elements acted upon audiences to create absorbing narrative action emotional intensity intellectual reflection and empathy This was the key to the transformative artistic and social power that enabled Greek drama to advance

alternate viewpoints He also explores what the model of Greek drama can reveal about live theatre's value in cultural social and political discourse today

An Army of Stories Roger Mason, 2015-06-23 Private First Class R was an excellent soldier so it was unlike him to be late When he came in a few minutes later I could see by the grim look on his face that something was terribly wrong He immediately began to cry and tell me that his wife had miscarried the child they had so badly wanted I had never seen anyone cry as much as he did that morning and one box of tissues simply was not enough After a while the front of his uniform was soaked from his many tears and I felt horrible seeing him suffer It was one of those times when I would have moved Heaven and Earth if I could have but I could not It humbled me because I wanted to order someone to do something to fix the problem but this time it would not be that simple I had always taken pride in looking out for the welfare of the soldiers in my charge but this time was different I knew I was not a miracle worker but I felt I had let him down because as much as I wanted to I did not have the power to bring back his baby It was the worst day of my Army career because a good soldier who looked up to me for wisdom and guidance was in peril and there was nothing I could do I felt like a weakened Superman hopelessly dragging his feet through a field of Kryptonite because there I was with all my rank and power that the Army had entrusted in me but I was useless to him

Experience and Conflict Panu Lehtovuori, 2010 When designing planning and building urban spaces many contradictory and conflicting actors practices and agendas coexist This book propounds that at present this process is conducted in an artificial reality Concept City characterized by a simplified and outdated conception of space It provides a constructive critique of the concepts underlying the practices of planning and architecture and in order to facilitate more dynamic inclusive and subtle practices it formulates a new theory about space in general and public urban space in particular The central notions in this theory are temporality experiment and conflict which are grounded on empirical observations in Helsinki Manchester and Berlin While the book contextualizes Lefebvre's ideas on urban planning and architecture it is in no way limited to Lefebvrian discourse but allows insights to new theoretical work including that of Finnish and Swedish authors In doing so it suggests and develops exciting new approaches and tools leading to experiential urbanism

Open Jenny Block, 2009-02-10 Finally a book about open marriage that grapples with the problems surrounding monogamy and fidelity in an honest heartfelt and non fringe manner Jenny Block is your average girl next door a suburban wife and mother for whom married life never felt quite right While many books on this topic presuppose that the reader is ready to embrace an alternative lifestyle Block operates from the assumption that most couples who are curious about or engaged in open marriages are in fact more like her normal people who question whether monogamy is right for them good people who love their spouses but want variation capable parents who are not deviant just because they choose to be honest about their desires Open challenges our notions of what traditional marriage looks like and presents one woman's journey down an uncertain path that ultimately proves open marriage is a viable option for her and others
