SOARING HIGH LIKE EAGLES is an instructional material put together to be a blessing to individuals and leaders from the church and business organizations The principles outlined in this book are biblical principles carefully selected out of experience Research has proved that most private and government organizations that have excelled built their structures on biblical principles And most of the inventors like Isaac Newton had religious background Information revealed that Isaac Newton was a deeply religious person who wrote far more words on religion than he did on science No wonder he remained the greatest scientist that ever lived SOARING HIGH LIKE EAGLES identifies that all the things in this world revolve around God because of His superhuman strength Without Him nothing can stand With this understanding the principles taught in this book are based on waiting on the Lord as the only way to soar high like the eagles using Isaiah 40 31 as the background scripture It is therefore believed that any individual or organization that applies all the secrets exposed in this book is on the way to the top It is a book you must read **Magnum Opus** Thaddeus Hutyra,2016-12-06 My actual name is Tadeusz Hutyra though for the English American world I have adopted the name Thaddeus Hutyra I am the founder of The Poetry Universe River of Poetry and a number of other poetry groups on Facebook Born in mountainous Rajcza Poland I spent my childhood and teenage years there studying and I also participated in the Solidarity movement against the communist regime Emigrating to New Zealand when Poland was still in the Soviet thaw I became a citizen within five years living in the capital city Wellington often called Windy Wellington Afterwards I travelled worldwide I have been to amongst other places China though I finally settled down in Belgium The USA had always been my intended final destination after my departure from Poland America especially New York City with its Statue of Liberty still remain my dream The freedoms cherished by America are an unstoppable trend that I am fully behind wishing the same to all individuals across the world freedom human rights and love In the meantime I am feeling quite comfortable living in the European Union a great project of all Europeans which came true I express my deep wish readers will enjoy reading this book If it will be the case then I will be able to say Mission Accomplished thank you The Eagle's Voice Gary J. Maier,2001 In researching a group of about fifty Indian effigy and conical mounds on the north shore of Lake Mendota at Madison Wisconsin Gary Maier came upon a new understanding of these structures which have been a source of wonder and puzzlement to Europeans since the 1830s In unearthing the meaning of the mounds as a form of earth writing Maier also learned much about himself This is as one reader said an exciting detective story a personal journey through the mounds that will have significant meaning for all readers **Little**
