How 2 Look Good Naked: The Least Amount Of Effort, To Look The Best With Your Clothes Off Logan Emmett Herlihy, 2019-01-27 How 2 Look Good Naked was created after a decade long search to find the best way to exercise efficiently effectively and with results worth talking about For the longest time I was indoctrinated with the idea that more exercise equals better exercise and as I've found through my journey in the last two years this is absolutely not the case This book is a beginners approach the one I took to the field of evidence based exercise Hopefully to be used as a tool to get readers more interested in the field of Evidence Based Exercise sometimes called High Intensity Training or at the very least to help people convinced they don't have the time to get results from less than an hour of training per week The diet portion of this book is a blend of my own personal experience with the Ketogenic Diet What has worked for me and been extremely effective and the parts that didn't serve me My hope is with both the exercise and diet portion of this book people will find something different they've never experienced before More than following my plan to the letter I hope it invigorates readers through some success to inquire what else could work for them and to pursue that I don't proclaim to know anything or even very much but I hope this book offers readers an opportunity to get interested in their own health and to become experts of their own bodies I wish everyone who reads this the best of luck on their own fitness journey and I hope if anything I can just help along the way
