Looking for Dilmun Geoffrey Bibby, 1970 Dilmun was a land which stretched beyond the confines of Bahrain as far north as Kuwait and as far south as Saudi Arabia The quest for the real Dilmun began when the author revisited Bahrain in order to explore the thousands of undated burial mounds scattered across the country A seasons digging established the existence of a major civilisation dating from around 2300 BC First published in 1969 this fascinating book of discovery tells the story of archaeological detective work with style and humour It is re issued here for a new generation of readers and introduced by Carl Phillips one of the leading archaeologists of the region

The Boundless Sea David Abulafia, 2019 A sweeping history of the world through its oceans and seas and their interconnections

In Search of the Cradle of Civilization Georg Feuerstein, Subhash Kak, David Frawley, 2005-01-01 The book shows that the ancient Indians were no primitives but possessed a high spiritual culture which not only influenced the evolution of the Western world in decisive ways but which still has much to teach us today India s archaic spirituality is codified in the rich symbols metaphors and myths of the magnificent Rig Veda which is shown to be much older than has been widely assumed by scholars The present book also unravels the astonishing mathematical and astronomical code hidden in the Vedic hymns Anyone interested in ancient cultural history India archaeo astronomy or spirituality will find this well researched and cross cultural work spellbinding and enriching

Cultural Heritage in the Arabian Peninsula Karen Exell, Trinidad Rico, 2016-04-22 Heritage projects in the Arabian Peninsula are developing rapidly Museums and heritage sites are symbols of shifting national identities and a way of placing the Arabian Peninsula states on the international map Global i e Western heritage standards and practices have been utilised for the rapid injection of heritage expertise in museum development and site management and for international recognition The use of Western heritage models in the Arabian Peninsula inspires two key areas for research which this book examines the obscuring of indigenous concepts and practices of heritage and expressions of cultural identity and the tensions between local community concepts of heritage and identity and the new national identities being constructed through museums and heritage sites at a state level

Encounters With American Culture Peter S. Prescott, 2005-10-01 This collection of essays discusses some of the important books, authors and literary trends of a volatile era in American and world literature whose cultural repercussions are still being felt Peter S. Prescott was one of the most penetrating knowledgeable and sensitive critics to write for a general audience in the tradition of Edmund Wilson Readers will discover not only Prescott's acute and subtle comments on the enduring and/or representative books of the time but also his humor and style his way with an anecdote or aphorism his talent for parody and his ability to laugh at himself as well as at the authors he sometimes skewers Prescott's writing has an immediacy and vivacity that suggests what it was like to read new books during his time Here is one critic's view, ironic and complex, of good books by famous writers like Norman Mailer, Jorge Luis Borges, Joyce Kilmer, Carol Oates, Aleksandr Solzhenitsyn and Vladimir Nabokov as well as of good books by little-known writers and others who would later achieve renown Here too is some astringent criticism of distinguished and popular authors who have fallen into self-indulgence Prescott writes about the New Journalism in its early days and about fragmentary autobiography as a literary form genres whose importance he was among the first to recognize His essays also touch on theater, film, food and politics The criticism in this volume are examples of the literary essay in its truest sense an attempt to explore in however brief space allowed what the author sees around him and connections between books and other aspects of the way people live Always personal and urbane these essays are often hilarious, generally moving and exemplify the essay as an art form Peter S. Prescott was book review editor for Newsweek His books include *A Darkening Green*, *Notes from the Silent Generation* and *The Child Savers* Juvenile Justice Observed Anne L. Prescott is Helen Goodhart Altschul Professor of English at Barnard College **Search for the Paradise**

The Secret Astrology of the Bible Michael Ledo, 2010-05-02 The Secret Astrology of the Bible by Michael Ledo is a landmark book that will change the way the scholarly community and the general public views the Bible history and myth Epic in scope this provocative book explores the connections between religious belief and cosmic theory even as it attempts to explain contradictions and irregularities in the text The Bible states Ledo was constructed as a living document with much of its text expanded as time went on If readers stripped away this added material they could actually be left with an Early Bronze Age text over a thousand years older than what is currently accepted by scholars This text suggests Ledo would be a veritable

cosmic myth which follows the constellations with stories in a contiguous fashion that combine both history and myth Originally sold as On Earth as it is in Heaven The Cosmic Roots of the Bible **Flying Serpents and Dragons** R.
