**Looking at Cuba** Rafael Hernández Rodríguez, 2003 Rafael Hernandez one of the most visible intellectuals living and writing in Cuba today addresses such controversies as the current social diversity brought about by socialist policies the presence of well educated new generations and the emergence of growing inequality that accompanied and has followed the crisis of the 1990s He also discusses the role played by Fidel Castro in this transitional period Cuban foreign relations the revival of religious practices on the island the new debate over racial prejudice and discrimination and the new environment for artistic freedom of expression **BOOK JACKET**

**Culture and the Cuban State** Yvon Grenier, 2017-11-08 Culture and the Cuban State examines the politics of culture in communist Cuba It focuses on cultural policy censorship and the political participation of artists writers and academics such as Tania Bruguera Jes s D az Rafael Hern ndez Kcho Reynier Leyva Novo Leonardo Padura and Jos Toirac The cultural field is important for the reproduction of the regime in place given its pretense and ambition to be eternally revolutionary and to lead a genuine cultural revolution Cultural actors must be mobilized and handled with care given their presumed disposition to speak their mind and to cherish their autonomy This book argues that cultural actors also seek recognition by the main for a long time the only sponsor and patron of the art in Cuba the curator state The curator state is also a gatekeeper state arbitrarily and selectively opening and closing the space for public expression and for access to foreign currencies and the global market The time when everything was either mandatory or forbidden is over in Cuba The regime seems to have learned from egregious mistakes that led to a massive exodus of artists writers and academics In a country where things change so everything could stay the same the controlled opening in the cultural field playing on the actors ambition and fear illuminates a broader phenomenon the evolving rules of the political game in the longest standing dictatorship of the hemisphere

Cuba in a Global Context Catherine Krull, 2014-01-20 Cuba in a Global Context examines the unlikely prominence of the island nation s geopolitical role The contributors to this volume explore the myriad ways in which Cuba has not only maintained but often increased its reach and influence in Latin America Europe Africa and Asia From the beginning the Castro regime established a foreign policy that would legitimize the revolutionary government if not in the eyes of the United States at least in the eyes of other global actors The essays in this volume shed new light on Cuban diplomacy with communist China as well as with Western governments such as Great Britain and Canada In recent years Cubans have improved their lives in the face of the ongoing U S embargo The promotion of increased economic and political cooperation between Cuba and Venezuela served as a catalyst for the Petrocaribe group Links established with countries in the Caribbean and Central America have increased tourism medical diplomacy and food sovereignty across the region Cuban transnationalism has also succeeded in creating people to people contacts involving those who have remained on the island and members of the Cuban diaspora While the specifics of Cuba s international relations are likely to change as new leaders take over the role of Cubans working to assert their sovereignty has

**Sustainable Urban Agriculture in Cuba** Sinan Koont,2016-12-07 Pushed by necessity but enabled by its existing social and educational policies Cuba in the 1990s launched the most extensive program of urban sustainable agriculture in the world This study is to date the only book length investigation in either English or Spanish of this important national experiment in transforming the environmental economic and social nature of today s dominant system of producing food Al Campbell University of Utah As large scale industrial agriculture comes under increasing scrutiny because of its petroleum and petrochemical based input costs and environmentally objectionable consequences increasing attention has been focused on sustainable local and agro ecological techniques in food production Cuba was forced by historical circumstances to be one of the pioneers in the massive application of these techniques After the demise of the Soviet Union in the early 1990s Cuba was left without access to external support needed to carry on with industrial agriculture The economic crisis led the country to reconsider their former models of resource management Cuba retooled its agricultural programs to focus on urban agriculture sustainable ecologically sound farming close to densely populated areas Food now takes far less time to get to the people who are now better nourished because they have easier access to whole foods Moreover urban farming has become a source of national pride Cuba has one of the best urban agriculture programs in the world with a thousand fold increase in urban agricultural output since 1994 Sinan Koont has spent the last several years researching urban agriculture in Cuba including field work at many sustainable farms on the island He tells the story of why and how Cuba was able to turn to urban food production on a large scale with minimal use of chemicals petroleum and machinery and of the successes it achieved along with the continuing difficulties it still faces in reducing its need for food imports Sinan Koont is associate professor of economics at Dickinson College A volume in the series Contemporary Cuba edited by John M Kirk

**Fifty Years of Revolution** Soraya M. Castro Mariño,Ronald W. Pruessen,2012-08-15 In the years since the Cuban Revolution in 1959 eleven men have served as president of the United States arguably the most powerful

nation on earth Yet none of them has been able to effect any significant change in the stalemate between the United States and Cuba its closest neighbor not to share a land border Fifty Years of Revolution features contributions from an international Who's Who gallery of leading scholars The volume adopts a uniquely nonpartisan attitude a departure from this topic's generally divisive nature Emerging from a series of meetings conference panels and lectures the book coheres more strongly than the typical essay collection Organized to analyze not describe Cuba's foreign relations the work examines sanctions the embargo regime change Guantanamo the exile community and more Drawing from personal experiences as well as recently declassified documents these essays update summarize and explain one of the prickliest political issues in the Western Hemisphere today The Changing Dynamic of Cuban Civil Society Alexander Ian Gray, Antoni Kapcia, 2008 A collection of essays which range from a general discussion of the private sector to case studies about volunteer work religious entities and nongovernmental organizations NGOs in Cuba Isle of Rum Christopher Chávez, 2024-09-13

Focusing on Havana Club rum as a case study Isle of Rum examines the ways in which Western cultural producers working in collaboration with the Cuban state have assumed responsibility for representing Cuba to the outside world Christopher Chávez focuses specifically on the role of advertising practitioners musicians filmmakers and visual artists who stand to benefit economically by selling an image of Cuba to consumers who desperately crave authentic experiences that exist outside of the purview of the marketplace Rather than laying claim to authentic Cuban culture Chávez explores which aspects of Cuban culture are deemed most compelling and therefore most profitable by corporate marketers As a joint venture between the Cuban state and Pernod Ricard a global spirits marketer based in Paris Havana Club embodies the larger process of economic reform which was meant to reintegrate Cuba into global markets during Cuba's Special Period in a Time of Peace
