**Lorca** Arturo Barea,1958 Lorca. The Poet and His People. Transl. from the Spanish by I. Barea Arturo Barea,I. Barea,1973 *Lorca, the Poet and his People ... Translated ... by Ilsa Barea* Arturo BAREA,Ilsa BAREA,Federico García Lorca,1960 **Lorca's Experimental Theater** Andrew A. Anderson,2024-11-25 Critical and historical discussions of the life and work of Federico García Lorca Spain's foremost poet and playwright of the twentieth century often obscure the author's more avant garde dramatic works In *Lorca's Experimental Theater* Andrew A. Anderson focuses on four of Lorca's most challenging plays *Amor de don Perlimplín con Belisa en su jardín* *El público* *As que pasen cinco años* and *El sueño de la vida* previously known as *Comedia sin título* and on the surrounding context in which they came to be written and in only one case performed during his lifetime While none of Lorca's plays can be considered conventional these four works stand out in his corpus for challenging theatrical conventions most forcefully both thematically and technically With discussions of stagecraft artistic modernism and the historical avant garde *Lorca's Experimental Theater* provides detailed interpretive readings of the four plays surveys their textual and performative history and examines the most important contemporary influences on Lorca's creation of these expressive innovative works Drama in the Modern World: Plays & Essays ,1996 Lorca's Poet in New York Betty Jean Craige,2021-10-21 Written in 1929-1930 when Federico García Lorca was visiting Columbia University *Poet in New York* stands as one of the great Waste Land poems of the 20th century It expresses as Betty Jean Craige writes in this volume a sudden radical estrangement of the poet from his universe an estrangement graphically delineated in the dissonant violent imagery which the poet derives from the technological world of New York Craige here describes through close analysis of the structure style and themes of individual works in *Poet in New York* the chaos into which this world plunges the poet and the process whereby he is able gradually to recover his identity with the regenerative forces of nature Her study demonstrates that though seemingly unique in form and motifs *Poet in New York* is integral with Lorca's overall poetic achievement **The Poet's Work** Reginald Gibbons,1989-02-15 This anthology brings together essays by 20th century poets on their own art some concern themselves with its deep sources and ultimate justifications others deal with technique controversies among schools the experience behind particular poems The great Modernists of most countries are presented here Paul Valéry Federico García Lorca Boris Pasternak Fernando Pessoa Eugenio Montale Wallace Stevens as are a range of younger less eminent figures from the English speaking world Seamus Heaney Denise Levertov Wendell Berry The reader will find here a lively debate over the individualistic and the communal ends served by poetry and over other issues that divide poets inspiration and craft the use or the condemnation of science traditional and organic form Alan Williamson *New York Times Book Review* *A Generation of Spanish Poets 1920-1936* C. B. Morris,1969-09 This critical study of the group of remarkably talented poets who flourished in Spain between the First World War and the Spanish Civil War includes copious quotations accompanied by English prose translations Mr Morris treats his poets as a group showing how they

shared certain themes and attitudes He begins with a general study of the generation as a whole and then examines the use of tradition the zest and levity of the Jazz Age the exaltation of life as a shared attitude then its converse the escape from life and finally the expression in complex imagery of personal tensions and disturbances These are often difficult poets but become less so when they are sympathetically examined in this way and in relation to earlier literary traditions Mr Morris enables the reader to take bearings and establish relationships which are enhanced by reproductions of photographs of the poets *Lorca, the Poet and His People. Translated from the Spanish, by Ilsa Barea. [Appendix Arturo Barea, 1944*

**Symposium of the Whole** Jerome Rothenberg, Diane Rothenberg, 2016-04-19 Symposium of the Whole traces a discourse on poetry and culture that has profoundly influenced the art of our time with precedents going back two centuries and more Beginning with a reassertion of the complexity of poetry among peoples long labeled primitive and savage many recent poets have sought to base a new poetics over the fullest range of human cultures The attempt to define an ethnopoetics has been significantly connected with the most experimental and future directed side of Romantic and modern poetry both in the Western world and increasingly outside it As a visionary poetics and as a politics this complex redefinition of cultural and intellectual values has involved a rarely acknowledged collaboration between poets and scholars who together have challenged the narrow view of literature that has excluded so many traditions In this gathering the Rothenbergs follow the idea of an ethnopoetics from predecessors such as Vico Blake Thoreau and Tzara to more recent essays and manifestos by poets and social thinkers such as Olson Eliade Snyder Turner and Baraka The themes range widely from the divergence of oral and written cultures to the shaman as proto poet and the reemergence of suppressed and rejected forms and images the goddess the trickster and the human universe The book's three ethnographic sections demonstrate how various poetries are structured and composed how they reflect meaning and worldview and how they are performed in cultures where all art may be thought of as art in motion Among the poetries discussed are the language of magic West African drum language and poetry the Huichol Indian language of reversals chance operations in African divination poetry picture writings and action writings from Australia and Africa and American Indian sacred clown dramas and traditional trickster narratives The cumulative effect is a new reading of the poetic past and present in the editors words a changed paradigm of what poetry was or now could come to be
