## **Lord Aberdeen A Political Biography:**

**Lord Aberdeen, a Political Biography** Muriel Evelyn Chamberlain,1983      *Lord Aberdeen* Lucille Iremonger,1978

Lord Aberdeen, a Political Biography Muriel Evelyn Chamberlain,1983      **Parliament, Party and the Art of Politics in Britain, 1855-59** A. Hawkins,1987-06-18      **The Mid-Victorian Generation** K. Theodore Hoppen,2000-06-30 This the third volume to appear in the New Oxford History of England covers the period from the repeal of the Corn Laws to the dramatic failure of Gladstone s first Home Rule Bill In his magisterial study of the mid Victorian generation Theo Hoppen identifies three defining themes The first he calls established industrialism the growing acceptance that factory life and manufacturing had come to stay It was during these four decades that the balance of employment shifted irrevocably For the first time in history more people were employed in industry than worked on the land The second concerns the multiple national identities of the constituent parts of the United Kingdom Dr Hoppen s study of the histories of Ireland Scotland Wales and the Empire reveals the existence of a variety of particular and overlapping national traditions flourishing alongside the increasingly influential structure of the unitary state The third defining theme is that of interlocking spheres which the author uses to illuminate the formation of public culture in the period This he argues was generated not by a series of influences operating independently from each other but by a variety of intermeshed political economic scientific literary and artistic developments This original and authoritative book will define these pivotal forty years in British history for the next generation      **The Political Life of the Right Honourable Sir Robert Peel, Bart** Thomas Doubleday,1856      **Reader's Guide to British History** David Loades,2020-12-17 The Reader sGuide to British History is the essential source to secondary material on British history This resource contains over 1 000 A Z entries on the history of Britain from ancient and Roman Britain to the present day Each entry lists 6 12 of the best known books on the subject then discusses those works in an essay of 800 to 1 000 words prepared by an expert in the field The essays provide advice on the range and depth of coverage as well as the emphasis and point of view espoused in each publication      **The Forgotten Prime Minister: The 14th Earl of Derby** Angus Hawkins,2008-09-11 Lord Derby was the first British statesman to become prime minister three times He remains the longest serving party leader in modern British politics heading the Conservative party for twenty two years from 1846 to 1868 He abolished slavery in the British Empire established a national system of education in Ireland was a prominent advocate for the 1832 Reform Act and as prime minister oversaw the introduction of the Second Reform Act in 1867 Yet no biography of Derby based upon his papers and correspondence has previously been published Alone of all Britain s premiers Derby has never received a full scholarly study examining his policies personality and beliefs Largely airbrushed out of our received view of Victorian politics Derby has become the forgotten prime minister This ground breaking biography based upon Derby s own papers and extensive archive as well as recently discovered sources fills this striking gap It completely revises the conventional portrait of Derby as a dull and apathetic politician revealing him as a complex astute

influential and significant figure who had a profound effect on the politics and society of his time As Hawkins shows far from being an uninterested dilettante Derby played an instrumental role in directing Britain's path through the historic opportunities and challenges confronting the nation at a time of increasing political participation industrial pre-eminence urban growth colonial expansion religious controversy and Irish tragedy This book is likely not only to change our view of Derby himself but also fundamentally to affect our understanding of nineteenth century British party politics the history of the Conservative party and the nature of public life in the Victorian age in general including some of its foremost figures such as Robert Peel Lord John Russell Lord Palmerston William Gladstone and Benjamin Disraeli Volume II opens with Derby's first period as prime minister in 1852 and takes us through to his death in 1869

**Biographical Dictionary of British Prime Ministers** Robert Eccleshall, Graham Walker, 2002-06-01 The Biographical Dictionary of British Prime Ministers is a wide ranging comprehensive guide to the political lives of Britain's prime ministers from Sir Robert Walpole to Tony Blair Written by some of the leading authorities on British politics this authoritative dictionary provides essential information about each premiership including facts and analytical debate Each entry has been written to the same formula and contains brief biographical information outlining career history and significant dates and events a brief summary of the significance and peculiarities of a particular prime minister followed by a more descriptive and interpretative account of his or her political life and impact on British politics references and further reading The Biographical Dictionary of British Prime Ministers addresses many of the key themes to understanding the role and impact of particular prime ministers such as the political context party management and reform intra party intellectual debate and where relevant the evolution of the office of prime minister

**British History 1815-1914** Norman McCord, Bill Purdue, A. William Purdue, 2007-10-25 This fully revised and updated new edition extended to cover the period up to 1914 provides the ultimate introduction to British history between the end of the Napoleonic Wars and the outbreak of the First World War

[The English Cyclopaedia: Cyclopaedia of biography](#) Charles Knight, 1858

**Biography** Charles Knight, 1866

*The Forging of the Modern State* Eric J. Evans, 2018-07-16 In what has established itself as a classic study of Britain from the late eighteenth century to the mid Victorian period Eric J Evans explains how the country became the world's first industrial nation His book also explains how and why Britain was able to lay the foundations for what became the world's largest empire Over the period covered by this book Britain became the world's most powerful nation and arguably its first super power Economic opportunity and imperial expansion were accompanied by numerous domestic political crises which stopped short of revolution The book ranges widely across key political diplomatic social cultural economic and religious themes in order to convey the drama involved in a century of hectic but generally constructive change Britain was still ruled by wealthy landowners in 1870 as it had been in 1783 yet the society over which they presided was unrecognisable Victorian Britain had become an urban industrial and commercial powerhouse This fourth edition coming more than fifteen years after its predecessor has been completely revised

and updated in the light of recent research It engages more extensively with key themes including gender national identities and Britain s relationship with its burgeoning empire Containing illustrations maps an expanded Framework of Events and an extensive Compendium of Information on topics such as population change cabinet membership and significant legislation the book is essential reading for all students of this crucial period in British history      **The Life of the Right Honourable William Ewart Gladstone, M.P., D.C.L., &c** George Barnett Smith,1879      **The Saturday Review of Politics, Literature, Science and Art** ,1860      **Publishers' circular and booksellers' record** ,1893      *Publishers' Circular and Booksellers' Record of British and Foreign Literature* ,1893      **The Publishers' Circular and Booksellers' Record of British and Foreign Literature** ,1893      **Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record** ,1893      The political Life of Sir Robert Peel Thomas Doubleday,1856
