## **Lotus Unleashed The Buddhist Peace Movement In South Vietnam 1964 1966:**

*The Lotus Unleashed* Robert Topmiller, 2002-12-27 Based on Topmiller's extensive research and interviews with many of the participants *The Lotus Unleashed* highlights the intense importance of Buddhist efforts making clear the impact of Vietnamese internal politics on U S decision making and the missed opportunities for peace caused by Washington's indifference toward South Vietnamese opinions on the war **BOOK JACKET** *The Second Indochina War* William S. Turley, 2008-10-17 Now in a thoroughly revised and updated edition this classic history of the Vietnam War as seen by all participants takes into account the wealth of research and writing on the war since the book's original publication more than two decades ago Leading scholar William S Turley combines original research thorough knowledge of the literature his own insight from many trips to Vietnam during and since the war and sound interpretation into a succinct and well crafted analysis that provides balanced treatment of the Vietnamese Lao Khmer and American dimensions of the war **The Prophet and the Bodhisattva** Charles R. Strain, 2014-02-19 Can religious individuals and communities learn from each other in ways that will lead them to collaborate in addressing the great ethical challenges of our time including climate change and endless warfare This is the central question underlying *The Prophet and the Bodhisattva* It juxtaposes two figures emblematic of an ideal moral life the prophet as it evolved in ancient Israel and the bodhisattva as it flowered in Mahayana Buddhism In particular *The Prophet and the Bodhisattva* focuses on Daniel Berrigan and Thich Nhat Hanh who in their lives embody and in their writings reflect upon their respective moral type Berrigan a Jesuit priest pacifist and poet is best known for burning draft files in 1968 and for hammering and pouring blood on a nuclear warhead in 1980 His extensive writings on the Hebrew prophets reflect his life of nonviolent activism Thich Nhat Hanh Buddhist monk Vietnamese exile and poet struggled to end the conflict during the Vietnam War Since then he has led the global movement that he named Engaged Buddhism and has written many commentaries on Mahayana scriptures For fifty years both have been teaching us how to pursue peace and justice a legacy we can draw upon to build a social ethics for our time *JFK and de Gaulle* Sean J. McLaughlin, 2019-08-20 America's road to disaster in Vietnam has been endlessly chronicled but Sean L McLaughlin takes a fresh approach to that familiar story James Hershberg George Washington University Despite French President Charles de Gaulle's persistent efforts to constructively share French experience and use his resources to help engineer an American exit from Vietnam the Kennedy administration responded to de Gaulle's peace initiatives with bitter silence and inaction The administration's response ignited a series of events that dealt a massive blow to American prestige across the globe resulting in the deaths of over fifty eight thousand American soldiers and turning hundreds of thousands of Vietnamese citizens into refugees This history of Franco American relations during the Kennedy presidency explores how and why France and the US disagreed over the proper western strategy for the Vietnam War France clearly had more direct political experience in Vietnam but France's postwar decolonization cemented Kennedy's perception that the French were characterized by a toxic

mixture of shortsightedness stubbornness and indifference to the collective interests of the West At no point did the Kennedy administration give serious consideration to de Gaulle s proposals or entertain the notion of using his services as an honest broker in order to disengage from a situation that was rapidly spiraling out of control Kennedy s Francophobia the roots of which appear in a selection of private writings from Kennedy s undergraduate years at Harvard biased his decision making This book explores how the course of action Kennedy chose in 1963 a rejection of the French peace program all but handcuffed Lyndon Johnson into formally entering a war he knew the United States had little chance of winning **Religion and the Cold War** Philip Emil Muehlenbeck,2012 The influence of faith in the conflicts that defined the Cold War

**Atheist Secularism and its Discontents** T. Ngo,J. Quijada,2015-07-14 Atheist Secularism and Its Discontents takes a comparative approach to understanding religion under communism arguing that communism was integral to the global experience of secularism Bringing together leading researchers whose work spans the Eurasian continent it shows that appropriating religion was central to Communist political practices **Vietnam** D.R. SarDesai,2018-02-23 An indispensable tool for college students and general readers the only available text that treats Vietnamese history in its entirety from its beginning to the twenty first century as it places Vietnam within the regional and global context SarDesai s Vietnam looks at Vietnam as a country and not just as a war The text has also benefited from its author s decades long expertise on Southeast Asia as reflected in the comprehensive bibliography and use of the latest works NGUYEN THI DIEU Ph D Temple University

**Gateway State** Sarah Miller-Davenport,2021-07-06 How Hawai i became an emblem of multiculturalism during its journey to statehood in the mid twentieth century Gateway State explores the development of Hawai i as a model for liberal multiculturalism and a tool of American global power in the era of decolonization The establishment of Hawai i statehood in 1959 was a watershed moment not only in the ways Americans defined their nation s role on the international stage but also in the ways they understood the problems of social difference at home Hawai i s remarkable transition from territory to state heralded the emergence of postwar multiculturalism which was a response both to independence movements abroad and to the limits of civil rights in the United States Once a racially problematic overseas colony by the 1960s Hawai i had come to symbolize John F Kennedy s New Frontier This was a more inclusive idea of who counted as American at home and what areas of the world were considered to be within the U S sphere of influence Statehood advocates argued that Hawai i and its majority Asian population could serve as a bridge to Cold War Asia and as a global showcase of American democracy and racial harmony In the aftermath of statehood business leaders and policymakers worked to institutionalize and sell this ideal by capitalizing on Hawai i s diversity Asian Americans in Hawai i never lost a perceived connection to Asia Instead their ethnic difference became a marketable resource to help other Americans navigate a decolonizing world As excitement over statehood dimmed the utopian vision of Hawai i fell apart revealing how racial inequality and U S imperialism continued to shape the fiftieth state and igniting a backlash against the islands white dominated institutions **Buddhisms in Asia**

Nicholas S. Brasovan, Micheline M. Soong, 2019-09-01 Over its long history Buddhism has never been a simple monolithic phenomenon but rather a complex living tradition or better a family of traditions continually shaped by and shaping a vast array of social economic political literary and aesthetic contexts across East Asia South Asia and Southeast Asia Written by undergraduate educators *Buddhisms in Asia* offers a guide to Buddhism's rich variety of traditions and cultural expressions for educators who would like to include Buddhism in their undergraduate courses It introduces fundamental yet often underrepresented Buddhist texts concepts and material in their historical contexts presents the major ecologies of Buddhist belief practice and cultural expression and provides methodological insights regarding how best to infuse Buddhist content into undergraduate courses in the humanities and social sciences The text aims to represent Buddhisms by approaching the subject from a broad range of disciplinary perspectives including art history anthropology history literature philosophy religious studies and pedagogy     **Special Bibliography Series** ,1957     *Modernity and Re-enchantment* Philip Taylor, 2008-01-01 Representative of a new wave of anthropological research on religion in Vietnam *Modernity and Re-enchantment* brings together in a single book the latest and best research available on this topic Its lively and original descriptions deftly evoke the burgeoning field of religiosity in contemporary Vietnam With case studies into a great variety of religious practices it covers more ground than the small handful of single authored books currently available on religion in Vietnam     *A Displaced Nation* Phi-Van Nguyen, 2024-12-15 In *A Displaced Nation* Phi Van Nguyen argues that the displacement of eighty thousand mostly Roman Catholic evacuees from North Vietnam in 1954 had a profound impact on the war opposing Saigon on both Hanoi and on the evacuees themselves Assisting with the transportation emergency relief and resettlement of the evacuees allowed diverse organizations and the United States to support Saigon This transnational mobilization also convinced the evacuees the free world would never let Vietnam remain divided Many people see the Vietnam wars spanning from 1945 to 1989 as separate conflicts But Nguyen demonstrates that the evacuees experienced a continuous civil war *A Displaced Nation* shows the evacuees felt so validated by transnational support that they thought they could use this external help to return one day to the north This belief was not constant nor were the strategies to achieve it the same for all but through their political activism and action the evacuees showed they were willing to seize any opportunity to oppose Hanoi during the subsequent decades even once established overseas     **Flowers on the Rock** John S. Harding, Alexander Soucy, Victor Sōgen Hori, 2014-06-01 When Sasaki Sokei an founded his First Zen Institute of North America in 1930 he suggested that bringing Zen Buddhism to America was like holding a lotus against a rock and waiting for it to set down roots Today Buddhism is part of the cultural and religious mainstream *Flowers on the Rock* examines the dramatic growth of Buddhism in Canada and questions some of the underlying assumptions about how this tradition has changed in the West Using historical ethnographic and biographical approaches contributors illuminate local expressions of Buddhism found throughout Canada and relate the growth of Buddhism in Canada to global networks A global perspective

allows the volume to overcome the stereotype that Asia and the West are in opposition to each other and recognizes the continuities between Buddhist movements in Asia and the West that are shaped by the same influences of modernity and globalization Flowers on the Rock studies the fascinating and ingenious changes inflections and adaptations that Buddhists make when they set down roots in a local culture It is essential reading for anyone interested in Buddhism religious life in Canada and the broader issues of multiculturalism and immigration Contributors include Michihiro Ama University of Alaska D Mitra Barua University of Saskatchewan Paul Crowe Simon Fraser University Melissa Anne Marie Curley University of Iowa Mavis Fenn University of Waterloo Kory Goldberg Champlain College Sarah F Haynes Western Illinois University Jackie Larm University of Edinburgh Paul McIvor independent James Placzek University of British Columbia and Angela Sumegi Carleton University

To Build as Well as Destroy Andrew J. Gawthorpe, 2018-12-15 For years the so called better war school of thought has argued that the United States built a legitimate and viable non Communist state in South Vietnam in the latter years of the Vietnam War and that it was only the military abandonment of this state that brought down the Republic of Vietnam But Andrew J Gawthorpe through a detailed and incisive analysis shows that in fact the United States failed in its efforts at nation building and had not established a durable state in South Vietnam Drawing on newly opened archival collections and previously unexamined oral histories with dozens of U S military officers and government officials To Build as Well as Destroy demonstrates that the United States never came close to achieving victory in the late 1960s and early 1970s Gawthorpe tells a story of policy aspirations and practical failures that stretches from Washington D C to the Vietnamese villages in which the United States implemented its nationbuilding strategy through the Office of Civil Operations and Revolutionary Development Support known as CORDS Structural factors that could not have been overcome by the further application of military power thwarted U S efforts to build a viable set of non Communist political economic and social institutions in South Vietnam To
