Facing Images Kristopher W. Kersey, 2024-08-06 If we want to decolonize the history of art argues Kristopher Kersey we must rethink our approach to the historical record This means dispensing with Eurocentric binaries divisions between Western and non Western modern and premodern and making a commitment to artworks that challenge the perspectives we build upon them In Facing Images the question takes elegant and intriguing form If the aesthetic hallmarks of modernity can be found in twelfth century art what does it really mean to be modern Kersey's answer to this question models a new historiography Facing Images begins by tracing the turbulent discourse surrounding the emergence of Japanese art history as a modern field In lieu of examining canonical works from the twelfth century Kersey foregrounds the elusive and the enigmatic in artworks little known and understudied outside Japan the manuscripts he selects defy traditional art historical narratives by exhibiting decidedly modern techniques including montage self reference reuse noise dissonance and chronological disarray Kersey weaves these medieval case studies together with insights from a wide range of interdisciplinary scholarship using a methodology that will prove important for historians Facing Images produces a history of non Western art in which diverse and anachronic works are brought responsibly and equitably into dialogue with the present without being subsumed under Eurocentric formalisms or false

universals A timely intervention in the history of medieval Japanese art art historiography and the history of global modernism Facing Images redefines the relationship of the premodern non West to modern art It will be of particular interest to scholars of medieval Japanese art and of modernism

The Swift Path Panchen Losang Yeshé,2023-03-14 This collection of guided meditations from eighteenth century Tibet harnesses elements of tantric visualization to induce realizations while contemplating the steps on the path to buddhahood The Swift Path by the Second Panchen Lama has long been heralded in the Geluk school of Tibetan Buddhism as one of the eight great lamrims or works presenting the stages of the path to enlightenment but it is the last to become widely available in English translation Composed by a preceptor of two Dalai Lamas this practical and systematic guide to meditating on the lamrim is based on the Easy Path a more concise work by the First Panchen Lama In The Swift Path Panchen Losang Yesh expands on the earlier Panchen Lama s meditation guide with more detailed instructions on how to generate a clear and profound experience of the key recognitions that allow us to advance on our spiritual journey These include the recognition of the opportunity afforded by our human existence both its preciousness and its precariousness and the way to adopt and live out the practices of a bodhisattva The guided meditations here make use of a visualization of one s teacher in the guise of Sakyamuni Buddha to unlock our own innate potential for buddhahood complete enlightenment to best benefit humanity and all living beings

White Tongue, Brown Skin Maya Boutaghou,2024-11-15 Examines the effect of prescribed multilingualism as expressed by women writers in colonial contexts What does it mean to be an heir as a woman writer to colonial and postcolonial cultures in which European language has become so thoroughly ingrained Examining women writers from India Toru Dutt Egypt Mayy Ziyadah Algeria Assia Djebar and Mauritius Ananda Devi White Tongue Brown Skin sheds light on the essential double nature of the colonial experience Maya Boutaghou s latest book her first in English treats colonialism as analogous to a disease manifesting itself in symptoms of multilingualism and cultural pluralism Boutaghou shows how violently imposed multilingualism engenders in the mind of the colonized subject a state of permanent self translation between two or more languages with unequal political and emotional power They must endure a plural perception of the self defined by the restless movement of self translation which becomes reflected in a literary dynamic frequently overlooked or misunderstood by previous scholarship Although the object is philosophical this book is also deeply rooted in history Understanding postcolonialism from below as Boutaghou demonstrates starts with an approach based on close readings in specific historical contexts

Kalachakra Mandala Edward Henning,2023-12-26 A detailed beautifully illustrated presentation of the construction and symbolism of the famed Kalachakra mandala the crown jewel of the Indo Tibetan tantric traditions This volume contains an extensive analysis of the construction and symbolism of the mandala of the Kalachakra tantric system the most intricate and explicit of the Indian Buddhist unexcelled yoga tantras the most advanced teachings within the Indo Tibetan tradition Indo Tibetan tantric traditions particularly the unexcelled category depend on imagery and visualization for the processes of purifying cyclic

existence and Kalachakra is the most detailed. The late scholar practitioner Edward Henning, one of the earliest Western specialists on this material, offers this labor of love as a testament to the genius of the Tibetan tradition in preserving and transmitting these teachings over a thousand years. Well known internationally now due to the Dalai Lama's many public initiations, the Kalachakra mandala serves as a primary focal point for meditators both new and seasoned. Henning draws primarily from the Jonang tradition of Kalachakra practice, particularly the modern master Banda Gelek, to elucidate and clarify inconsistencies across traditions and literature, including the authoritative Indian commentary Stainless Light Vimalaprabha regarding the construction and visualization of the three-tiered mandala with its hundreds of deities. In addition to providing detailed information on the images to be visualized, Henning provides in the final chapter a clear and extensive explanation of the symbolism of the habitat and inhabitants that are to be animated during the meditation session. An excellent companion to the translations of the Kalachakra Tantra and Stainless Light chapters co-published by the American Institute of Buddhist Studies and Wisdom Publications, this beautifully illustrated volume is a must-have for scholars and practitioners alike.
