*The Delirium of Praise* Eleanor Kaufman, 2003-05-01 The laudatory essay in which one author praises the work of another is frequently characterized as an unimportant even uncritical mode of writing But as Eleanor Kaufman argues in *The Delirium of Praise* this mode of exchange is serious and substantial enough to merit scholarly attention By not conforming to standard practices of critical discourse laudatory essays give new status to supposedly inferior forms of communication and states of being including chatter silence sickness imbalance and absence of work and emphasize affective states or emotions such as joy friendship and longing *The Delirium of Praise* examines a group of five twentieth century French intellectuals Georges Bataille Maurice Blanchot Michel Foucault Gilles Deleuze and Pierre Klossowski and their laudatory essays about each other Structured as a circular series of exchanges the book examines pairings of two thinkers with respect to a given theme The exchange between Bataille and Blanchot takes up the themes of chatter and silence with regard to the novelist Louis Ren des For ts the Blanchot Foucault exchange explores friendship and impersonality through the lens of Jacques Derrida the Foucault Deleuze exchange considers absence of work d soeuvrement and the obscure French philosopher Jacques Martin the Deleuze Klossowski exchange revolves around the question of the sick body and the person of Nietzsche and the final exchange between Klossowski and Bataille focuses on imbalanced economies and the writings of the Marquis de Sade Where the praise is most excessive approaching delirium Kaufman locates a powerful thought energy that pushes the laudatory essay to its limits In her conclusion she presents this unique mode of thought exchange as a form of intellectual hospitality Kaufman uncovers a suspension of subjectivity of personality even of place and time that is both articulated in the laudatory essays and enacted by them Her examination of this neglected mode as practiced by five important French thinkers offers a unique perspective on twentieth century intellectual history *Advanced Language Learning* Heidi Byrnes, 2009-02-08 Examines the need for advanced levels of language learning from socio cultural and linguistic perspectives *Louis-René Des Forêts* John T. Naughton, 1993 The work of Louis Ren des For ts exemplary in its global austerity its obsessive but lucid preoccupations its aesthetically attuned yet unpretentious manner had received only intermittent if at times privileged attention until Yves Bonnefoy s subtle and penetrating analyses appeared recently in the *Nouvelle Revue Fran aise* Des For ts poetics emerges today as at once existentially and aesthetically challenging contestatory bleak some would argue and yet recuperative resilient intuitively alert to states of being our century and even his own work can find difficult to embrace The tensions of role playing and authenticity are ever manifest and simple transitive depiction vies thus with the intransitivity of fiction Identity easily dislodges itself and the meaning of our doing is thrown into doubt and disarray Beyond but also through such dramas of man and writer Des For ts struggles however to stabilise the claims of the kingdoms of love of other of otherness the excarnate tussles with the incarnate futility stares in amazement upon simplicity childhood mystery John Naughton s study eloquent patient discreet yet deftly perceptive helps further to restore to

Louis Ren des For ts work a place of honour from which it has delightfully honestly tended to shrink A Systemic Functional Grammar of French Alice Caffarel-Cayron,2006-06-27 The consistent interplay between theoretical and applied pursuits has always been a defining feature of systemic functional theory This kind of mutual enrichment is clearly demonstrated in Alice Caffarel s work The result is a description which penetrates to the heart of the language revealing it at one and the same time as a specimen of the human semiotic and a unique resource for the continuous creation of meaning Professor M A K Halliday from the Preface Duras, femme du siècle ,2021-10-18 This collection of papers from an international conference held at the Institut fran ais London in 1999 focuses on Marguerite Duras s place within the major literary political and cultural events that helped define the 20th century Covering the broad areas of Duras s public persona and paraliterary writings her engagement with the image and with theatre the implications of her politico cultural trajectory and her representations of the body sexuality and transgression the diversity of critical approaches deployed in this volume reflects the scope and rich texture of the author s oeuvre and the enduring fascination of the Duras phenomenon
