misogyny and persecution Centuries after the infamous witch hunts that swept through Europe and America witches continue to hold a unique fascination for many as fairy tale villains practitioners of pagan religion as well as feminist icons Witches are both the ultimate victim and the stubborn elusive rebel But who were the women who were accused and often killed for witchcraft What types of women have centuries of terror censored eliminated and repressed Celebrated feminist writer Mona Chollet explores three types of women who were accused of witchcraft and persecuted the independent woman since widows and celibates were particularly targeted the childless woman since the time of the hunts marked the end of tolerance for those who claimed to control their fertility and the elderly woman who has always been an object of at best pity and at worst horror Examining modern society Chollet concludes that these women continue to be harrassed and oppressed Rather than being a brief moment in history the persecution of witches is an example of society s seemingly eternal misogyny while women today are direct descendants to those who were hunted down and killed for their thoughts and actions With fiery prose and arguments that range from the scholarly to the cultural In Defense of Witches seeks to unite the mythic image of the witch with modern women who live their lives on their own terms A Decade of Negative Thinking Mira Schor,2010-01-25 Writings on the changing relationship between feminism and art production and criticism and the impact of intergenerational struggle in the contemporary art world Art and Mourning Esther Dreifuss-Kattan,2016-03-10 Art and Mourning explores the relationship between creativity and the work of self mourning in the lives of 20th century artists and thinkers The role of artistic and creative endeavours is well known within psychoanalytic circles in helping to heal in the face of personal loss trauma and mourning In this book Esther Dreifuss Kattan a psychoanalyst art therapist and artist analyses the work of major modernist and contemporary artists and thinkers through a psychoanalytic lens In coming to terms with their own mortality figures like Albert Einstein Louise Bourgeois Paul Klee Eva Hesse and others were able to access previously unknown reserves of creative energy in their late works as well as a new healing experience of time outside of the continuous temporality of everyday life Dreifuss Kattan explores what we can learn about using the creative process to face and work through traumatic and painful experiences of loss Art and Mourning will inspire psychoanalysts and psychotherapists to understand the power of artistic expression in transforming loss and traumas into perseverance survival and gain Art and Mourning offers a new perspective on trauma and will appeal to psychoanalysts and psychotherapists psychologists clinical social workers and mental health workers as well as artists and art historians
