Restitution and the Politics of Repair Magdalena Zolkos, 2020-09-21 Analyses the social imaginary of undoing repair and return underpinning the international norm of restitution making Approaches restitution not just as a legal norm of property return but as a social imaginary and a cultural psychoanalytic scene of undoing repair and return Brings together philosophic political socio legal and cultural psychoanalytic approaches to the study of restitution Outlines a heterogeneous and multifaceted idea of restitution emergent in modernity and looks at the peripheries of the modern restitutive tradition in the search for alternatives and counter traditions This book takes a unique approach grounded in political and cultural discourse to develop a political theory of restitution Challenging assumptions about restitution in the Western legal and political tradition where it has become nearly synonymous with reacquisition and where legal studies focus on material objects and claims to their ownership Zolkos argues that the development of restitutive norms has been auxiliary to the emergence of modern state sovereignty and excavates the restitutive tradition's mythical religious substrate Bringing together texts from within and outwith the Western canon of political theory and philosophy including the writings of Grotius Durkheim Freud and Klein as well as Mary Shelley's *Frankenstein* the book undertakes a dual task reading literary texts as a political theorising of restitution and reading political or sociological texts as literary narratives with distinctive restitutive tropes of repair undoing and return

Bokanowski,2018-05-08 Both melancholia and mourning are triggered by the same thing that is by loss The distinction often made is that mourning occurs after the death of a loved one while in melancholia the object of love does not qualify as irretrievably lost The Uninvited Guest James V. Fisher,2018-05-30 This book brings together a deep thoughtfulness about the insights of psychoanalysis and its application to work with troubled couples with an original and closely argued reading of some classic plays about marriage It will be of use to readers interested in psychoanalysis and literature Selected Papers of Salman Akhtar Salman Akhtar,2023-06-01 Salman Akhtar is a Professor of Psychiatry a Training and Supervising Analyst a member of numerous editorial boards winner of many awards including the highly prestigious Sigourney Award a writer of several hundred articles a poet and the author or editor of over one hundred books A modern day Renaissance man his elegant writing is simultaneously scholarly and literary and brings a light touch to profound material Phoenix Publishing House is proud to present his most inspiring works in a stunning ten volume hardback set fit to grace the shelves of collectors and libraries with its high quality finish **The Internal World and Attachment** Geoff Goodman,2013-06-17 How asks Geoff Goodman in *The Internal World and Attachment* can we progress further in integrating the fruits of attachment research with the accumulated clinical wisdom of psychoanalytic theorizing about the internal world of object representations The key he answers is to look more closely at the basic assumptions of each body of theory especially those assumptions whether embedded or explicit that bear on the formation of psychic structure Drawing on Kernberg's insights into the affective and instinctual substrata of psychic organizations Goodman proposes that insecure attachment categories can be correlated with particular constellations of self and object representations Such convergences provide a springboard to further theoretical explanations most especially to the relations between attachment and adult sexual behavior Indeed one outstanding feature of Goodman's proposals is the light they cast on various forms and meanings of sexual psychopathology as he delineates how both promiscuity and retreats from sexual intimacy can be differentially interpreted depending on the patient's pattern of attachment Destined to provoke lively debate *The Internal World and Attachment* is a powerfully informative attempt to go beyond the researcher's view of attachment as a motivational system For Goodman attachment is informed by an internal logic that reflects fantasies and defense and an appreciation of the interaction of attachment pattern with various constellations of self and object representations can deepen our understanding of the internal world in clinically consequential ways Keeping his eye resolutely on the clinical texture of attachment observations and the clinical phenomenology expressive of internal object relations Goodman provides the reader with an experience near basis for viewing two influential bodies of knowledge as complementary avenues for apprehending the internal meaning of externally observable behavior *Tradition, Change, Creativity* Riccardo Steiner,2018-04-24 A companion volume to *It is a New Kind of Diaspora* Taking up where that book leaves off it traces some of the consequences of the emigration of German and Austrian psychoanalysts to London particularly in the context of the British Psycho Analytical Society's Controversial
