Event Theory for a Sociology of Practice Frank

Hillebrandt,2025-05-22 The sociological theory of practices developed in this book from the concept of the event compels us to question how practices not only chain into forms of practice The approach also allows us to see how these practices give rise to practice formations that manifest as enduring zones of intensity within society This very problem is at the center of the considerations pursued here and is unfolded through an analysis of pop music as a formation of practice As an exemplary case study the author chooses the Love and Peace Festival on Fehmarn from the year 1970 In doing so the book brings to life a period of pop music that has much more to do with our present than it may seem at first glance

Critical Feeling Rolf

Reber,2016-03-07 How can we develop the sensitivity necessary for playing music or making crafts How can teachers make their lessons interesting In what ways can consumers avoid undue influence How do we acquire refined tastes or come to believe what we want to believe Addressing these issues and providing an account for tackling personal and societal problems Rolf Reber combines insights from psychology philosophy and education to introduce the concept of critical feeling While many people are familiar with the concept of critical thinking critical feeling denotes the strategic use of feelings in order to optimize an outcome Reber discusses the theoretical and empirical foundations of critical feeling and provides an overview of applications including well being skill learning personal relationships business politics school art morality and religion This original and thought provoking study will interest a broad range of researchers students and practitioners

Love Finds a Way , **Dear Zoe || Love Dad: Our Journey through IVF to the NICU to your 1st Birthday** Ryan

Richardson,2012-01-01 I began writing to my unborn child as soon as my wife and I decided to have a child Never could I have imagined what an amazing journey was set in motion These intensely personal letters capture my hopes and fears as my wife and I progress through the various stages of IVF our daughter s stay in the NICU and our first year as a family From giving my wife daily shots to staring at the various screens monitoring my newborn daughter the book attempts to capture the emotions of a loving husband and father trying to be the man both his girls need The book concludes with my honest unadulterated reflections on having going through IVF and the NICU My hope is that my candid sharing may help others gain a greater sense of the emotions involved in having an IVF or NICU baby

Hypnosis in the Realm of De-Sign Maurício S.

Neubern,2025-01-23 This book presents a new theoretical framework for the study of hypnosis based on an innovative epistemological approach called De sign This approach transcends the opposition subjectivity objectivity and presents itself

as a metaknowledge that integrates design and semiotics and proposes a phenomenological method of inquiry that helps overcome some of the traditional challenges to create theoretical models to explain hypnosis Both hypnosis and De sign are critical practices against absolute notions of reality especially regarding time space and otherness Both of them consider the importance of epistemological notions such as imagination feelings and desire that modern science commonly marginalizes Hypnosis and De sign implicate people in partnership being critical to a dominant notion of control Thus the book presents in depth discussions on major themes of hypnosis bringing clinical practice closer to the reflections brought by De sign

Hypnosis in the Realm of De Sign shows how to integrate semiotic systems pragmatism and De sign principles to analyze actual hypnotherapeutic experiences As with every De sign situation each patient requires a unique therapeutic strategy and approach that is individually appropriate for them The author thereby encourages therapists to become de signers working with not for their subjects to create a context within which their subjects can awaken their therapeutic potential By doing so patients can then bring into focus that which could be rather than focusing on that which is Love, Henri Henri J.
