with his final book of fiction *A Place to Come To* This volume provides insight into Warren's inspiration during a remarkably productive era and will prove an essential resource on his life and work *Obsessive Images* Joseph Warren Beach, 1960

Obsessive Images was first published in 1960 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions As Mark Schorer comments this is the last unfinished work of a distinguished well loved critic poet and professor After the death of Joseph Warren Beach his colleague and friend William Van O'Connor professor of English at the University of Minnesota prepared the unfinished manuscript of this work for publication and wrote the foreword The work is primarily a study of certain words phrases and images that turn up with unusual frequency in modern American poetry especially that of the decades of the 1930s and 1940s and which are used in unusual senses to carry special symbolisms or to imply peculiar philosophical attitudes Since the study is concerned with such recurring images and themes many poets of distinction in whose work they are not to be found are left out but Professor Beach also discusses the significance of the absence of these poets Students and critics will gain insight through this work into the characteristic attitudes of a generation of poets The book is moreover a delight to read reflecting as it does Mr Beach's own love for the study of poetry As Professor O'Connor points out the tone is much more personal than that of Mr Beach's other books *The English Catalogue of Books Published from January, 1835, to January, 1863*, 1864 **Firsts** Carl Phillips, 2019-01-01 A masterfully curated collection drawn from a century of works in the acclaimed Yale Series of Younger Poets The Yale Younger Poets prize is the oldest annual literary award in the United States Its winners include some of the most influential voices in American poetry including Adrienne Rich John Ashbery Margaret Walker Carolyn Forché and Robert Hass In celebration of the prize's centennial this collection presents three selections from each Younger Poets volume It serves as both a testament to the enduring power and significance of poetic expression and an exploration of the ways poetry has evolved over the past century In addition to judiciously assembling this wide ranging anthology Carl Phillips provides an introduction to the history and impact of the Yale Younger Poets prize and its winners in the wider context of American poetry including the evolving roles of race gender and sexual orientation
