

Dear lovely,

I know we're not together or anything but I just felt like I have to admit it. It's really stupid, it is. And I know ^{but} there is simply no  way to change my feelings. I don't know if you will ignore this or anything, but I fell in love with you. Simply your laugh, smile, eyes, the way you talk about something you aspire, the kisses you place all over me, the way you wrap your arms around me, your body, your soul, your warmth, your smell. And it gets stronger every time we meet. I fell in love with you, simply because you're you

Love Letters To The Blue Planet:

Love Letter to the Earth Thich Nhat Hanh, 2013-06-17 World renowned Zen monk Thich Nhat Hanh champions a more mindful spiritual approach to protecting nature and limiting climate change one that recognizes people and planet as one and the same While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to the loss of millions of species Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point He believes that we need to move beyond the concept of the environment as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them Here Thich Nhat Hanh points to the lack of meaning and connection in peoples lives as being the cause of our addiction to consumerism He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive Rejecting the conventional economic approach Thich Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change Love Letter to the Earth is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same **Love**
