Film Criticism as Cultural Fantasy Andrew McGregor, 2010 This book presents an unprecedented analysis of the dynamics of cultural representation and interpretation in film criticism It examines how French critical reception of Australian cinema since the revival period of the 1970s has evolved as a narrative of perpetual discovery and how a clear parallel can be drawn between French critics reading of Australian film and their interpretation of an exotic Australian national identity In French critical writing on Australian cinema Australian identity is frequently defined in terms of extremes of cultural specificity and cultural anonymity On the one hand French critics construct a Euro centric orientalist fantasy of Australia as not only a European Antipodes but the antithesis of Europe At the same time French critics have tended to subordinate Australian cultural identity within the framework of a resented Anglo American filmic and cultural hegemony The book further explores this marginalisation by examining the influence of the French auteur paradigm particularly in reference to the work of Jane Campion as well as by discussing the increasingly problematic notion of national identity and indeed national cinemas within the universal framework of international film culture American Musical Theatre Gerald Martin Bordman, Richard Norton, 2010 Hailed as absolutely the best reference book on its subject by Newsweek American Musical Theatre A Chronicle covers more than 250 years of musical theatre in the United States from a 1735 South Carolina production of Flora or Hob in the Well to The Addams Family in 2010 Authors Gerald Bordman and Richard Norton write an engaging narrative blending history critical analysis and lively description to illustrate the transformation of American musical theatre through such incarnations as the ballad opera revue Golden Age musical rock musical Disney musical and with 2010 s American Idiot even the punk musical The Chronicle is arranged chronologically and is fully indexed according to names of shows songs and people involved for easy searching and browsing Chapters range from the Prologue which traces the origins of American musical theater to 1866 through several intermissions for instance Broadway s Response to the Swing Era 1937 1942 and up to Act Seven the theatre of the twenty first century This last chapter covers the dramatic changes in musical theatre since the last edition published whereas Fosse a choreography heavy revue won the 1999 Tony for Best Musical the 2008 award went to In the Heights which combines hip hop rap merengue and salsa unlike any musical before it Other groundbreaking and or box office breaking shows covered for the first time include Avenue Q The Producers Billy Elliot Jersey Boys Monty Python s Spamalot Wicked Hairspray Urinetown the Musical and Spring Awakening Discussion of these shows incorporates plot synopses names of principal players descriptions of scenery and costumes and critical reactions In addition short biographies interspersed throughout the text colorfully depict the creative minds that shaped the
