**Process and the Authentic Life** Jason W. Brown,2013-05-02 The thesis advanced in this book is that feeling and cognition actualize through a process that originates in older brain formations and develops outward through limbic and cortical fields through the self concept and private space into as the world An iteration of this transition deposits acts objects feelings and utterances Value is a mode of conceptual feeling that depends on the dominant phase in this transition from desire through interest to object worth Among the topics covered are subjective time and change the epochal nature of objects and their temporal extensibility and the evolution of value from inorganic matter into organic form The theory of microgenesis informs this work According to this theory acts and objects evolve in milliseconds through phases that replicate patterns in forebrain evolution The progression in the actualization of the mind brain state is from archaic to recent in brain formation from unity

the general public As Nici notes there are many reasons why works of art become famous few have anything to do with quality The author explains why the reputations of some creations have grown over the years some disproportionate to their artistic value Written in a style that is both entertaining and informative this book explains how fame is achieved and ultimately how a work either retains that fame or passes from the public consciousness From ancient artifacts to a can of soup this book raises the question Did the talent to promote and publicize a work exceed the skills employed to create that object of worship Or are some masterpieces truly worth the admiration they receive The creations covered in this book include the Tomb of Tutankhamun Botticelli s Birth of Venus Raphael s Sistine Madonna El Greco s The Burial of Count Orgaz Rodin s The Thinker Van Gogh s Starry Night and Picasso s Guernica Featuring more than sixty images including color reproductions Famous Works of Art And How They Got That Way will appeal to anyone who has ever wondered if a great painting sculpture or photograph really deserves to be called great
