have remained important albeit transformed over the modern period and into the contemporary period The author explores the relationship between gender and nationalism by showing how key narrative topics such as tales of virtuous womanhood have been employed transformed and re deployed to make sense of particular national events Connecting these narratives and historic events to contemporary Korean society Jager reveals how these sites or reference points were also successfully re deployed in the context of the division of Korea and the construction of Korea s modern consciousness *The Bookseller, Newsdealer and Stationer* ,1907 Subject Index of Modern Books Acquired British Library,1911 **Subject Index of the Modern Works Added to the Library of the British Museum in the Years ...** British Museum,1911 *Subject Index of the Modern Works Added to the Library of the British Museum in the Years 1906-1910* British Museum.
