Marcabru
 Marcabrun, Simon Gaunt, Ruth Harvey, Linda M. Paterson, 2000 One of the earliest troubadours Marcabru was a remarkable artist and entertainer and a figure of crucial importance to the development of the European courtly lyric His blistering attacks on contemporary court society reveal an intellectual insider's view of the clash between clerical morality and the emerging secular ethics of love and courtesy His fervent often acerbic engagement with contemporary events also provides a unique southern perspective on political upheavals and crusading movements in twelfth century Occitania and northern Spain This new critical edition the first for nearly 100 years makes his complete corpus accessible to a wide readership supplying translations full critical apparatus and copious textual notes with a substantial glossary of Marcabru's

extraordinarily inventive vocabulary The introduction supplies historical information discussion of the poet's language and an analysis of the manuscript transmission It also raises fresh issues of troubadour versification techniques in this formative period and engages in a new way with the current debate about editorial methodology and medieval textual criticism Leaflet blurb see AN

How to Turn Your Dreams into Reality Carmina Harr, 2017-01-05 I wanted this book to be a primer for those in the course of awakening I used a simple language I chose many examples from daily life just to provide a better comprehension of the ideas I wanted to express I did not want it to be a spiritual or philosophical book I did not label it It just is Until recently my mind did not understand the meaning of being an enlightened person I thought this fancy word was used only by the people who think about themselves They are spiritual and all they do is to feed their ego with ideas according to which they know the ultimate truth This word enlightenment is promoted by believers or spiritual people as something sacred untouchable But beyond this word's labels

enlightenment means in fact simplicity modesty freedom peace and love You do not have to think with your mind about this word It is so simple that your mind hasnt got the slightest idea Why Because it is too simple We do not have to waste time with what others say about spirituality or about the souls evolution Its truth is its own truth It is the version through which the soul got to this point of conscience We do not have to see it as something great as a master who must be sacredly worshiped and obeyed The enlightened individuals never resort to information from the outside because they know all they want to know resides within There is nothing from outside that they need Carmina Harr *The Double Strand* Frank Dauster, 2021-10-21 Two strands one indigenous the other imposed produce the poetic and cultural tensions that give form to the work of five contemporary Mexican poets All Chumacero Efrain Huerta Jaime Sabines Ruben Bonifaz Nuno and Rosario Castellanos Although all five are significant figures only Castellanos has yet been widely studied in the United States primarily for her novels and her relations with the feminist movement In spite of a number of rather basic differences in their work these poets share and write within a complicated culture rooted in both the pre Hispanic and the European traditions Their poetry reflects this in its emphasis on death as a constant presence and in the echoes of both Aztec ritual poetry and European poetry Although apparently very different formally and thematically the five share a number of concerns Each of them writes out of a contradictory inner tension each is preoccupied with the effort to shape language as part of a personal voyage of discovery each is haunted by death and seeks realization or plenitude through love of some kind And each of them ultimately finds there is no escape As Frank Dauster concludes The poetry of Mexico like its people and its society reflects the fusion of two worlds and these complex poets of the double strand operate freely and imaginatively within it Although addressed primarily to specialists in Latin American literature *The Double Strand* also speaks to those interested in the complex interaction between two widely differing cultural heritages and in the rich fusion this blending produces in Mexican letters
