## **Love In The Time Of The Apocalypse:**

Love in the Time of the Apocalypse Gregory Blecha, 2005-02-17 Though a dystopian novel hovering over the imminent collapse of American civilization at the hands of a techno authoritarian state *Love in the Time of the Apocalypse* is also a book about the triumph of love and humor over the fatal gravitas of life and death It is part future nightmare part whimsical farce of the present *Love in the Time of the Apocalypse* is a work of playful conspiratorial pop delirium and pastiche full of lovable terrorists state run breeding houses Amish casinos vulgar action scenes the antichrist tongue and cheek hyper masculinity perhaps sit ups can save the world and a bourgeois love story to top it all Readers who love Science Fiction Dystopian Literature and Conspiracy Theory will find this book chock full of fresh and clever fare The speculative details are much more subtle than works on the post apocalypse The reader can feel both drawn into a bit of a future shock while at the same time remain anchored in a familiar albeit terrifying present Blecha has a way of pulling from current trends of government suppression of freedoms and stretching them ever so softly to their possible conclusion Thus rather than a world of utter totalitarianism such as Orwell's 1984 we are presented with a more plausible more friendly fascism that a society founded on consumerism and entertainment might bring about Without coming across as a writer with an agenda Gregory Blecha offers a strong but playful critique of State power the smothering inefficiency and corruption of bureaucracy and the role of the over stimulated under critical herd of middle class consumers and middle managers of a collapsing North America Tramps plague victims nihilists and nymphomaniacs along with the main character a WASP drawn into their exciting world make for the heroes of the story The villains are the lifeless and systematic processes of the Federal Government the Department of Health the Department of Overpopulation and the technological control systems of modern life and yet even these are rendered with an air of playfulness that allows the reader to smile as the world comes crumbling down **Love in the Age of Ecological Apocalypse** Carolyn Baker, 2015-03-24 Given the daunting dire predicament in which we find ourselves on this planet what is described by social critic James Howard Kunstler as a Long Emergency may in fact become a Last Emergency for humanity Whether we encounter a long or a last emergency Carolyn Baker seeks to offer inspiration and guidance for inhabiting our remaining days with passion vitality empathy intimate contact with our emotions kindness in our relationships with all species gratitude open hearted receptivity exquisite creations of beauty and utilizing every occasion even our demise as an opportunity to invoke and inflict joy in our world *Love in the Age of Ecological Apocalypse* addresses an array of relationships in the Last Emergency and how one's relationship with oneself may enrich or impede interactions with all other beings Drawing upon her deep experience as a life coach Baker writes of the specific need to understand our key relationships in a society in collapse and how to navigate through differing levels of acceptance of collapse trauma and grief Key relationships include those with our partners children friends neighbors as well as relationships with our work our bodies our natural resources food and eating animals future generations Eros and indeed the powers of the universe Baker's

writing is engaging inspiring and often beautiful in its depth and candor She introduces a variety of spiritual practices facilitate our developing a relationship with the deeper Self With these practices and giving and receiving support from others who are walking a similar path we begin to live more frequently from the deeper Self or at least are able to access it more quickly when we find ourselves becoming embroiled in the ego

*Love in a Time of Loneliness* Paul Verhaeghe, 2018-04-17 The first essay The Impossible Couple is both a humorous and razor sharp analysis of the contemporary relationship between man and woman In the second essay Fleeing Fathers the author demonstrates that today the Freudian Oedipus complex has disappeared with a resulting shattering of classic gender roles Post modern morals are strange compared to previous morality because they convey an obligation to enjoy Things become even stranger when one finds that the expected enjoyment fails to come and instead of that we are faced with boredom anxiety and anger The author reconsiders the opposition between Eros and Thanatos as an opposition between two forms of sexual pleasure The fact that this opposition is ever present in heterosexual love demonstrates that gender differentiation goes beyond temporal cultural forms Accessibly written and provocatively argued Love in a Time of Loneliness is a polemic whose very informality belies its serious intent In these three fascinating essays The author leaves the ordinary paths of thinking and sets out to discover what drives us in sex and love

**Love in the Time of the Apocalypse** Rouba Shishakly, 2018-05-04 Love A terrible debilitating thing he mused I ve always been so repelled by the prospect of love and death both of which I regard to be inherently mortal afflictions that must plague mankind The clock is ticking to create a cure for the virus that currently grips the world But as the deadline approaches a key mission is sabotaged and Mira Iliev a government scientist finds herself unwittingly allied with the most hated man in Eastern Europe Demir Gudelj turns himself in after a very successful career as an international Drug Lord But when his meticulously planned contract with the government goes awry he finds not only his promised full pardon at risk but also his lifelong beliefs What follows will test Demir s wits his will to survive and his heart Mira wonders if she could love Demir like she does if they were both on the same side In the meantime the war continues and part of her is glad Maybe he d been correct Maybe survival in times like these required more than peacetime morals Maybe

change which disproportionately harms the poor threatens future generations and damages God's creation. This book creatively adapts John Wesley's theological method by using scripture, tradition, reason, and experience to explore the themes of creation and justice in the context of the earth's changing climate. By consciously employing these four sources of authority, readers discover a unique way to reflect on planetary warming, theologically and to discern a faithful response. The book's premise is that love of God and neighbor in this time of climate change requires us to honor creation and establish justice for our human family for future generations and for all creation. From the introduction: As we entrust our lives to God, we are enabled to join with others in the movement for climate justice and to carry a unified message of healing, love, and solidarity as we live into God's future, offering hope in the midst of the climate crisis that another world is possible. God is ever present, always with us. Love never ends.

**The Palgrave Handbook of Holocaust Literature and Culture** Victoria Aarons, Phyllis Lassner, 2020-01-24. The Palgrave Handbook of Holocaust Literature and Culture reflects current approaches to Holocaust literature that open up future thinking on Holocaust representation. The chapters consider diverse generational perspectives: survivor writing, second and third generation, and genres: memoirs, poetry, novels, graphic narratives, films, video testimonies, and other forms of literary and cultural expression. In turn, these perspectives create interactions among generations, genres, temporalities, and cultural contexts. The volume also participates in the ongoing project of responding to and talking through moments of rupture and incompleteness that represent an opportunity to contribute to the making of meaning through the continuation of narratives of the past. As such, the chapters in this volume pose options for reading Holocaust texts, offering openings for further discussion and exploration. The inquiring body of interpretive scholarship responding to the Shoah becomes itself a story, a narrative that materially extends our inquiry into that history.

Love in a Time of War Lara Marlowe, 2021-10-28. The Irish Times bestseller. A gripping tale of savagery and courage. Noam Chomsky: Fascinating and captivating. Irish Times: A beautiful book. Full of pain and longing but also joy, adventure, and excitement. Janine di Giovanni: A superb account of the life and work of the best reporter I have ever known. Patrick Cockburn: When Lara Marlowe met Robert Fisk in 1983 in Damascus, he was already a famous war correspondent. She was a young American reporter who would become a renowned journalist in her own right. For the next twenty years, they were lovers, husband and wife, and friends, occasionally angry and estranged from one another but ultimately reconciled. They learned from each other and from the people in the ruined world they reported from: Lebanon, torn apart by a vicious civil war, as well as Israeli and Syrian occupations, Iran, where they were the only journalists to interview the Middle East's chief hostage taker and dispatcher of suicide bombers, the Islamist revolt that claimed up to 200,000 lives in Algeria, the disintegration of former Yugoslavia, and two US-led wars on Iraq. This is at once a portrait of a remarkable man, the story of a Middle East broken by its own divisions and outside powers, and a moving account of a relationship in dark times.

After the Apocalypse Srećko Horvat, 2021-02-11. In this post-apocalyptic rollercoaster ride, philosopher Srećko Horvat invites us to explore the Apocalypse.

in terms of revelation rather than as the end itself He argues that the only way to prevent the end i e extinction is to engage in a close reading of various interconnected threats such as climate crisis the nuclear age and the ongoing pandemic Drawing on the work of neglected philosopher Günther Anders this book outlines a philosophical approach to deal with what Horvat borrowing a term from climate science and giving it a theological twist calls eschatological tipping points These are no longer just the nuclear age or climate crisis but their collision conjoined with various other major threats not only pandemics but also the viruses of capitalism and fascism In his investigation of the future of places such as Chernobyl the Mediterranean and the Marshall Islands as well as many others affected by COVID 19 Horvat contends that the revelation appears simple and unprecedented the alternatives are no longer socialism or barbarism our only alternatives today are a radical reinvention of the world or mass extinction After the Apocalypse is an urgent call not only to mourn tomorrow's dead today but to struggle for our future while we can
