Justice Nicholas Wolterstorff,2010-05-02 Wide ranging and ambitious Justice combines moral philosophy and Christian ethics to develop an important theory of rights and of justice as grounded in rights Nicholas Wolterstorff discusses what it is to have a right and he locates rights in the respect due the worth of the rights holder After contending that socially conferred rights require the existence of natural rights he argues that no secular account of natural human rights is successful he offers instead a theistic account Wolterstorff prefaces his systematic account of justice as grounded in rights with an exploration of the common claim that rights talk is inherently individualistic and possessive He demonstrates that the idea of natural rights originated neither in the Enlightenment nor in the individualistic philosophy of the late Middle Ages but was already employed by the canon lawyers of the twelfth century He traces our intuitions about rights and justice back even further to Hebrew and Christian scriptures After extensively discussing justice in the Old Testament and the New he goes on to show why ancient Greek and Roman philosophy could not serve as a framework for a theory of rights Connecting rights and wrongs to God s relationship with humankind Justice not only offers a rich and compelling philosophical account of justice but also makes an important contribution to overcoming the

present day divide between religious discourse and human rights
