Major Political Events In Indochina 1945 199:

Vietnam Alan Pollock, 1997 Vietnam and it neighbours Cambodia and Laos has experienced much change and turmoil Vietnam Conflict and Change in Indochina looks at the early history of the region colonisation by the French and how this stimulated the growth of nationalism particularly in the Just as Vietnam dominates the area geographically so the history of Vietnam dominates the history of its neighbours and so the impeact of the Vietnam Wars is considered from a variety of angles the conflict between the communist north and the non communist south the roles of the different Vietnamese and non Vietnamese armies the types of warfare employed the involvement of the USA and its allies including Australia the Allies withdrawal and its consequences the anti war movements the effect of the fighting on those most directly involved the soldiers and civilians Finally the current situation is analysed in terms of each country s economic woes the tragedy of refugees the problems experienced by returned veterans and the obligations of other countries to assist Indochina's recovery Vietnam Conflict and Change in Indochina provides a wide range of official and non official documents as well as supplementary photographs illustrations and maps that give students a comrehensive picture of the turbulent situationin Indochina Stimulating activities and questions are designed to develop students historical skills especially that of empathising with the participants and the victims of the conflict The OSS and Ho Chi Minh Dixee Bartholomew-Feis, 2006-05-12 Some will be shocked to find out that the United States and Ho Chi Minh our nemesis for much of the Vietnam War were once allies Indeed during the last year of World War II American spies in Indochina found themselves working closely with Ho Chi Minh and other anti colonial factions compelled by circumstances to fight together against the Japanese Dixee Bartholomew Feis reveals how this relationship emerged and operated and how it impacted Vietnam's struggle for independence The men of General William Donovan's newly formed Office of Strategic Services closely collaborated with communist groups in both Europe and Asia against the Axis enemies In Vietnam this meant that OSS officers worked with Ho Chi Minh and the Viet Minh whose ultimate aim was to rid the region of all imperialist powers not just the Japanese Ho for his part did whatever he could to encourage the OSS s negative view of the French who were desperate to regain their colony Revealing details not previously known about their covert operations Bartholomew Feis chronicles the exploits of these allies as they developed their network of informants sabotaged the Japanese occupation s infrastructure conducted guerrilla operations and searched for downed American fliers and Allied POWs Although the OSS did not bring Ho Chi Minh to power Bartholomew Feis shows that its apparent support for the Viet Minh played a significant symbolic role in helping them fill the power vacuum left in the wake of Japan's surrender Her study also hints that had America continued to champion the anti colonials and their quest for independence rather than caving in to the French we might have been spared our long and very lethal war in Vietnam Based partly on interviews with surviving OSS agents who served in Vietnam Bartholomew Feis s engaging narrative and compelling insights speak to the yearnings of an oppressed

people and remind us that history does indeed make strange bedfellows The Endless War James P. Harrison, 1989 New Our Lady of La Vang Mary Anh Thi Kim Tran, 2024-10-29 As the first full length book of York Times Book Review research in English Our Lady of La Vang History and Theology of a Vietnamese Devotion demonstrates that Our Lady is the ecclesial Mother of the Church in Vietnam and at the same time the ecclesial Mother of the universal Church The title Mother of the Church a title that only fully came into its own with Vatican II and the subsequent endorsement of the popes especially Pope Francis was inculturated in the uniqueness of Vietnamese Catholic belief and practice from the time of Our Lady s first apparition What we see in the story and the cult of Our Lady is a piety and theology of Mary as Mother of the Church which as it developed also solidified an identity of Vietnamese Catholics as such One reason is that just as Our Lady said she would she inspired fortitude and endurance under persecution The persecution of Christians in Vietnam lasted through nearly the entire nineteenth century in one form or another As the official theology of Mary Mother of the Church developed more at Vatican II and in its legacy it found a home in the hearts of Vietnamese Catholics where Mary had already been inculturated as ecclesial Mother Major Political Events in Indo-China, 1945-1990 Darren J. Goscha, Søren Ivarsson, 2003 Laos s emergence as a modern nation state in the 20th century owed much to a complex interplay of internal and external forces Arguing that the historiography of Laos needs to be understood in this wider context this study considers how the Lao have written their own nationalist and revolutionary history on the inside while others the French Vietnamese and Thais have attempted to write the history of Laos from the outside for their own political ends As nationalist historiography like the formation of the nation state does not emerge within a nationalist vacuum but rather is created and contested from inside and out this incisive volume s approach has applications and implications far beyond Laos Systems of East Asia Louis D Hayes, 2014-12-18 This innovative interdisciplinary introduction to East Asian politics uses a thematic approach to describe the political development of China Japan and Koreas since the mid nineteenth century and analyze the social cultural political and economic features of each country Unlike standard comparative politics texts which often lack a unifying theme and employ Western conventions of the state Political Systems of East Asia avoids these limitations and identifies a common thread running through the histories of China Korea and Japan This common thread is Confucianism which has shaped East Asian perspectives of the universe and how it operates The text describes and explains the ways in which each country has employed this shared tradition and how it has affected the country's internal dynamics responses to the outside world and its own political development The United States and the Vietnam War: Leadership and diplomacy in the Vietnam War Walter L. Hixson, 2000 These six volumes focus on the history and legacies of the Vietnam War on the basis of the best scholarly articles The six volumes analyze respectively the origins of the Indochina wars military strategy the role of prominent individuals the antiwar movement the lessons of Vietnam and representations of the war in popular culture A brief introduction accompanies each volume V 1 Series Introduction
