Major Principles Of Media Law 1995:

Major Principles of Media Law Wayne Overbeck, Rick D. Pullen, 1994-08-01 **Major Principles of Media Law, 1997**
Wayne Overbeck, 1997 *Major Principles of Media Law* Wayne Overbeck, 2001 Written by a former communications attorney and daily newspaper editor MAJOR PRINCIPLES OF MEDIA LAW is a comprehensive and concise summary of media law It has been refined through eleven editions and reviewed over the years by more than 30 law scholars MAJOR PRINCIPLES is revised every year to include the latest developments in communications law through the conclusion of the U S Supreme Court s term Each August a new edition is available for fall classes with recent developments though July 1 fully integrated into the text not added as an appendix or a separate supplement **MediaWriting** W. Richard Whitaker, Janet E. Ramsey, Ronald D. Smith, 2009-01-13 Designed for those preparing to write in the current multimedia environment MediaWriting explores the linkages between print broadcast and public relations styles outlines the nature of good writing synthesizes and integrates professional skills and concepts Complete with interesting real world examples and exercises this textbook gives students progressive writing activities amid an environment for developing research and interviewing skills Starting from a basis in writing news and features for print media it moves on to writing for broadcast news media then introduces students to public relations writing in print broadcast and digital media as well as for news media and advertising venues Rather than emphasizing the differences among the three writing styles this book synthesizes and integrates the three concepts weaving in basic principles of Internet writing and reporting This book provides beginning newswriting students with a primer for developing the skills needed for work in the media industry As such it is a hands on writing text for students preparing in all professional areas of communication journalism broadcasting media and public relations

Dirty Discourse Robert L. Hilliard, Michael C. Keith, 2009-02-04 Changes in society the pluralistic nature of the citizens and the geographic breadth of America preclude a common definition of what is indecent profane or obscene What may appear to be dirty discourse to some may be considered to be laudable satire toothers In this fascinating book renowned media scholars and authors Robert Hilliard and Michael Keith examine the history and nature of indecent program content in American radio Examines the blue side of the airways with a first ever analysis of the history and nature of off color program content Explores the treatment of once forbidden topics in the electronic media investigating the beliefs attitudes and actions of those who present such material those who condemn it and those who defend it Written from a social and cultural perspective concentrates on the means of greatest distribution radio with its phenomenal growth of shock jocks and rap music lyrics Provides coverage of television and the Internet showing how and why broadcasting has evolved from the ribald antics of the Roaring 20 s to today s streaming cybersex contrasting the standards and actions of the FCC v the First Amendment amidst the over the air and in the court battles of over the top radio Illustrates political pressures and legal considerations including Supreme Court decisions and efforts to protect children from media smut *The Reporter's*

Handbook Steve Weinberg,1996 Reporters editors and journalists will find this third edition of *The Reporter's Handbook* an even more impressive resource than prior editions This essential tool for serious journalists identifies hundreds of documents and human sources in both private and government sectors It provides step by step methods for tracking paper trails people trails and computer trails The book also includes coverage of library research computer assisted reporting case studies anecdotes and IRE contest winning pieces This new edition features chapters on the environment transportation housing financial institutions international investigation utilities and non profit organizations Under the sponsorship of Investigative Reporters and Editors Inc Steven Weinberg has revised and polished this journalism classic into a must have reference guide for the classroom and the newsroom

Major Principles of Media Law, 2002 Wayne Overbeck,2001-08 Written by noted former communications attorney and daily newspaper editor Wayne Overbeck MAJOR PRINCIPLES OF MEDIA LAW is a comprehensive and concise summary of media law The book has been refined through thirteen editions and has been reviewed by more than 30 law scholars Major Principles is revised every year to include the most recent developments in communication law through the end of the Supreme Court's term Current developments are integrated throughout the text of each new edition not added as an appendix or separate supplement

Broadcasting Pluralism and Diversity Lesley Hitchens,2006-10-31 Broadcasting Pluralism and Diversity is a study of the policy and regulatory measures relating to the promotion of media diversity in three jurisdictions the United Kingdom the United States and Australia A central focus of the book is regulation of media ownership and control and taking an historical approach the book argues that early policy and regulatory decisions continue to have a significant influence on current reforms Whilst policy and reform debates focus on ownership and control measures the book also argues that such measures can not be considered in isolation from other regulatory instruments and that a holistic regulatory approach is required As such content regulation and competition regulation are also considered Underlying the study is the contention that much of the policy informing pluralism and diversity regulation although making reference to the importance of the media's role in the democratic process has also been skewed by a futile focus on the different regulatory treatment of the press and broadcasting which is adversely influencing current policy debates The book argues that a different approach using the public sphere concept needs to be adopted and used as a measure against which regulatory reform in the changing media environment can be assessed

Journalism Worthy of the Name Herdís Thorgeirsdóttir,2005-06-01 The subject of this study is freedom within the press the nature and limits of the protection afforded to the journalistic imparting process which has been a neglected area of research The analysis draws on the classical defenders of freedom of speech Milton and Mill to show that at the dawn of the 21st century the intertwined alliance between big business and public authorities resulting in the widespread phenomena of self censorship within the media constitutes an almost insurmountable obstacle Instead of enlightening the public and inspiring the individual the press may be contributing to an inert public and individual cowardice antithetical to the objectives of

human dignity and democracy The core of the problem is that prima facie the infringement of freedom within the media is not exercised on legal premises and cannot therefore be solved within the legal framework The operation of the press in society is conditioned by three types of regulation legal regulation market regulation and self regulation Legal regulation does not adequately presuppose the impact of the latter as it is based on the assumption that press freedom is mainly a negative liberty The book explores the affirmative side of Article 10 of the European Convention on Human Rights to guarantee press freedom that is not merely illusory but practical and effective Convention jurisprudence has not only influenced the domestic courts of the Contracting Parties but also the legislators of the Member States In an era of globalization dominant media operators wield power in their own domestic markets to impede national regulators in adopting interventionist media policies to secure journalistic freedoms The Convention jurisprudence represents a kind of European *ius commune* which is here set in the context of an analysis reflecting the problems and values at issue and offering recommendations to alleviate a situation which threatens democratic ideals and public spirited journalism *Major Principles of Media Law* Wayne Overbeck, Rick D. Pullen, 1982 *An Integrated Approach to Communication Theory and Research* Don W. Stacks, Michael B. Salwen, Kristen C. Eichhorn, 2019-03-14 This new edition provides a comprehensive overview of current theory and research written by the top theorists and researchers in each area It has been updated to address the growing influence of technology changing relationships and several growing integrated approaches to communication and includes seven new chapters on Digital Media Media Effects Privacy Dark Side Applied Communication Relational Communication Instructional Communication Communication and the Law The book continues to be essential reading for students and faculty who want a thorough overview of contemporary communication theory and research

Intellectual Property, Competition & New Technologies Alexandre Dias Pereira, This book brings together a series of legal studies on intellectual property competition and new technologies published in international journals and other publications mainly in English The book is aimed at students of intellectual property competition and digital law but it can also be useful to those interested in teaching and research as well as in forensic practice and management of these rights Intellectual property has developed to a large extent in line with the challenges of new technologies especially in the digital age New technologies are challenging other areas of law from contracts to the protection of personal data cybersecurity and cybercrime as well as regulation and competition in the digital market This work also includes some studies on the legal issues of the new economy providing an opportunity to study the broader context of the information society and the digital economy **Media Law in Greece** Ioannis Iglezakis, 2017-03-06 Derived from the renowned multi volume International Encyclopaedia of Laws this analysis of media law in Greece surveys the massively altered and enlarged legal landscape traditionally encompassed in laws pertaining to freedom of expression and regulation of communications Everywhere a shift from mass media to mass self communication has put enormous pressure on traditional law models An introduction

describing the main actors and salient aspects of media markets is followed by in depth analyses of print media radio and television broadcasting the Internet commercial communications political advertising concentration in media markets and media regulation Among the topics that arise for discussion are privacy cultural policy protection of minors competition policy access to digital gateways protection of journalists sources standardization and interoperability and liability of intermediaries Relevant case law is considered throughout as are various ethical codes A clear comprehensive overview of media legislation case law and doctrine presented from the practitioner s point of view this book is a valuable time saving resource for all concerned with media and communication freedom Lawyers representing parties with interests in Greece will welcome this very useful guide and academics and researchers will appreciate its value in the study of comparative media law

Integrated Business Communication Bonnye E. Stuart, Marilyn S. Sarow, Laurence Stuart, 2007-04-23 This book applies communication concepts and issues from various fields such as marketing public relations management and organizational communication and packages them into a dynamic new approach Integrated Communication It is designed to give business students a basic knowledge and broad overview of communication practices in the workplace Ultimately the book should be seen as a practical guide to help students understand that communication is key to decision making and fundamental to success in a global marketplace The book uses an interdisciplinary approach to its discussion of integrated communication by incorporating theory application and case studies to demonstrate various concepts Theory is introduced when necessary to the understanding of the practical application of the various concepts Integrated Business Communication is broad enough in scope and method to be used as a core text in business communication Case studies are an integral part of the material

Historical Dictionary of Political Communication in the United States Jacqueline N. Gifford, Guido H. Stempel III, 1999-11-30 Entries in this dictionary focus on the people organizations events and ideas that have been significant in the slightly more than two centuries of political communication in this country The intent is to highlight those events and ideas that still have significance today thus from the signing of the Declaration of Independence to the threshold of the 21st century The history of political communication and how that history has repeated itself is examined in this volume Entries arranged from A to Z deal with freedom of the press and the major threats to freedom of the press successful and unsuccessful political campaigns and the changes that have occurred in political communication as well as the tradition that has emerged in the slightly more than two centuries we have been engaged in it By offering the reader insight into the evolution of political communication as an academic field this reference will be useful to students and scholars in the disciplines of political science political communication mass communication U S history and related fields as well as academic and selected public libraries

Journalism Ethics and Regulation Chris Frost, 2014-05-12 Technology and the democratising of news gathering continue to change traditional journalistic practice making the path through ethical and regulatory frameworks tough to negotiate As high profile celebrity cases such as Max Mosley s vividly illustrate conflicts

between the law ethics and the public's right and desire to be informed are not easily resolved This comprehensive volume addresses the ethical considerations dilemmas and challenges the practising journalist faces each minute every day Providing context and practical advice it explores an area of crucial importance for the 21st century thoroughly equipping the reader with the information and tools to negotiate this challenging area knowledgeably practically and responsibly This book has been written for students and trainee journalists working journalists and editors and indeed for any student of the media

Free Speech on America's K-12 and College Campuses Randy Bobbitt, 2016-12-15 Free Speech on America's K 12 and College Campuses Legal Cases from Barnette to Blaine covers the history of legal cases involving free speech issues on K 12 and college campuses mostly during the fifty year period from 1965 through 2015 While this book deals mostly with high school and college newspapers it also covers religious issues school prayer distribution of religious materials and use of school facilities for voluntary Bible study speech codes free speech zones self censorship due to political correctness hate speech threats of disruption and violence and off campus speech including social media Randall W Bobbitt provides a representative sampling of cases spread across the five decades and across the subject areas listed above Recommended for scholars of communication education political science and legal studies *Assessment of media development in Palestine* UNESCO Office Ramallah, 2014-11-24 European and International Media Law Perry Keller, 2011-05-12 European and International Media Law considers the rapidly changing relationship between the media and the liberal democratic state It explores key contemporary media issues and captures the extraordinary impact of the liberal media model on European and international law as well as exploring its profound weaknesses Trading the Genome Bronwyn Parry, 2004 In a work that draws on anthropology history philosophy business and law Bronwyn Parry links a firsthand investigation of the operation of the bioprospecting industry to an analysis of broader economic regulatory and technological transformations the rise of an information economy global intellectual property rights and benefit sharing regimes and the progressive molecularization of approaches to biological research Parry reveals how a failure to monitor this new global trade in bio information could have potentially disastrous consequences for the suppliers of genetic and biochemical resources transforming the complex dynamics of collecting as well as the politics and practice of biological resource exploitation BOOK JACKET
