Under-Reporting Covid-19 Deaths: 15 Times the Official Death Toll. Uk's over Half a Million People Dead. the Covid-19 Cover-Ups Harry Myra, 2021-02-28 Everyone is aware of the public outcry regarding how the elderly were abandoned to die of Covid 19 in care homes and in their houses There s a big reveal in that the UK has taken global leadership in under counting and under reporting its official death toll Countries over run by the pandemic are heavily attributing Covid 19 deaths to underlying conditions and co morbidities That has been surprising But what is even more shocking is the extent to which this has happened To say it is a tip of the iceberg is perhaps an understatement Is the UK s actual death toll as much as 15 times the official figures That s the big reveal There is a reason why the official death toll only focused only on the NHS and hospital deaths The book reveals it is a tip of the iceberg but the extent is one that is shocking The book highlights the women leaders who protected their countries from the crisis contrasting them with macho men leaders who chose the path of herd immunity even against shocking scenes yet due to massive egos refused to change course The book covers George Floyd in a unique way The race for a vaccine is presented but will the public accept the shortcuts and the methods used

Death of An Idealist Beverley Naidoo, 2012-09-07 *Death of an Idealist* is the biography of Neil Aggett the only white person to die while being held in custody by South Africa s apartheid security police A medical doctor who worked most of the week as an unpaid trade union organiser Aggett s stark non materialism shared by his partner Dr Elizabeth Floyd aroused suspicions When their names appeared on a list of Close Comrades prepared for opposition leaders in exile they were among a swathe of union activists detained in 1981 After 70 days in detention Aggett was found hanging from the bars of the steel grille in his cell in John Vorster Square He was the 51st person and the first white person to die in detention He was 28 His death provoked an enormous public outcry his funeral attended by thousands of workers who marched through the streets of Johannesburg This quiet intense young man was in death a people s hero Born to settler parents in Kenya in 1953 Neil Aggett moved with his family to South Africa in early childhood He attended school in Grahamstown before studying medicine at the University of Cape Town *Death of an Idealist* explores the metamorphosis of a high achieving sports loving schoolboy into a dedicated activist and unpaid trade union organiser Beverley Naidoo traces Neil Aggett s life in particular the years leading up to his detention as a result of a Security Branch sting operation the weeks of interrogation and the inquest that followed his death She recreates the momentous events of his life and in doing so reveals the extraordinary impact Neil s life had on those around him including his family friends and comrades Today a generation later South Africa is free and democratic Yet the idealism and sacrifice displayed by Neil Aggett and so many others appears to have been replaced by cynicism and hand wringing *Death of an Idealist* is as much the story of a remarkable young man as it is a reminder that every generation needs its idealists

Forgotten Warriors Eddie L. Kemp, Sr.,2021-12-16 Forgotten Warriors Living with PTSD By Eddie L Kemp Sr On May 16 1968 in North Vietnam Eddie L Kemp Sr a United States Marine was severely wounded by an artillery attack on his military base The U S Marine Corps notified his mother and family at their home in Texas that he had been killed in action Kemp woke up in what he now believes was the morgue filled with beds of dead Marines under white sheets thinking he was the only survivor This Marine returned home with a severe loss of memory excruciating pains in his body and deep emotional scars affecting him throughout his life Like many veterans of the Vietnam War Kemp returned home from combat to find himself hated by the American people he had volunteered to protect defend and die for abandoned by the Federal Government or Veterans Administration who refused to treat him with the dignity and respect he had earned as an honorably discharged combat veteran and suffering with what he would learn decades later were severe symptoms of Post Traumatic Stress Disorder PTSD a condition that has resulted in the suicide of many of our war veterans at an alarming rate today Kemp candidly recalls numerous problems living with PTSD caused in his life He describes in detail the psychological and physical suffering he was forced to live alone with for years because he thought no one would understand or people would think he was insane However like the Marine he is Kemp fought the demons every day to live and is still fighting those same

demons from hell today This Marine found the courage and strength to tell the suicidal voices of PTSD in his head that he would not become one of their victims After years of trying to make sense of what happened on that tragic day Kemp was connected with two pieces of the puzzle Exactly forty years after that ill fated day in May 1968 two Marines wounded in combat with him reunited with Kemp After weeks of talking to them the flashbacks experienced almost daily began to form complete pictures for him Finally he had someone else who truly understood what living in hell was all about You never know what tomorrow brings but Kemp hopes this book will help veterans and others living with PTSD find a way to cope fight and live another day With the support of those who found a way to love him in spite of today this Marine continues to battle the U S Department of Veterans Affairs for the dignity and respect earned as a United States Marine Realizing this is a major battle for many Kemp s message is especially for veterans struggling with this problem Choosing death should not be the final option Even when you have been made to feel worthless you are irreplaceable and of immeasurable value to those closest to you Kemp encourages you to continue the fight because somebody needs you to stay in the race Semper Fi Building News ,1878 Understanding And Preventing Sudden Death: Your Life Matters Koon Hou Mak,2015-03-26 Sudden death is an uncommon condition But when it occurs especially in a young person the acute loss can generate a substantial amount of grief with a great sense of disbelief This mysterious and dreadful condition instils much fear and anxiety into the living and more specifically for family members and friends Understandably the apprehension is brought about by the unexpectedness of the event and uncertainty of the consequences The feeling of uneasiness is largely attributed to the lack of information regarding this condition However in recent years several causes of sudden death have been clarified Treatment modalities have improved and reduced the occurrence of dying suddenly This book is meant for anyone who wants to know more about sudden death It aims to diminish its terror by explaining the various conditions that predispose individuals to sudden death and ways which may prevent it from occurring
