but rather one to help women who already KNOW that their partners need the security of diapers a pacifier and a babyish lifestyle to achieve that goal The second book covers the subject in a more extensive way about making your partner into a Sissy Baby a baby girl And the third book brings up an interesting question is potty training a thing of the past and is it time to reject it both for your partner and yourself This book is not just for women with AB partners but for ALL women whether their partners are AB or not She takes it step by step on how to slowly get your partner into diapers and other baby items If your partner is AB then you are already partway there but if they are non AB this book is still for you It is a guidebook along a journey of letting our men express the infancy inside that is so often just beneath the surface The Busy Woman'S Guide to Losing Weight and Making Money Karen Fernandez,2013-04-04 Karens quick and easy to follow guide is for the busy woman who wants more positive relationships weight loss and more money She received her wakeup call when she found herself at the lowest point of her life during her divorce Everything in Karens life seemed to be in a mess namely her relationships weight and money Karen thought that surely life was not meant to be so difficult So she started to search for some answers to her questions such as Why do I attract the same type of relationships How do I attract positive relationships How do I lose weight and keep it off How can I have more money and support my children How can I live the type of lifestyle I want to lead How can I be HAPPIER Karen read a variety of books and each author helped her to fine tune her life changing strategies She found out through personal trial and error what worked and what did not work to improve her relationships weight and money When Karen looked around she saw that many of her friends had to deal with similar issues In fact many women were struggling to deal with their relationships weight and money Karen started to help other women and found the experience was extremely rewarding So she then decided to write this book so she could draw from her own experience to help more people Karen details the strategies she has learnt to help lead a happier life She knows how busy women are so she has written an easy step by step guidebook which will show you the strategies to make positive changes in your life
