**The Making of Modern Kashmir** Altaf Hussain Para, 2018-12-07 This book traces the roots of modern day Kashmir and the role of Sheikh Abdullah in its making. As the most influential political figurehead in twentieth century Kashmir, he played a crucial role in its transformation from a kingdom to a state in independent India. He was enigmatic and complex to say the least. Following his meteoric rise, he dominated the political scene for more than 50 years with enduring impact. The volume presents a keen analysis of pre-Independence events which led to the emergence of a controversial and confused identity of the region. It also looks at other major themes in the political life of Kashmir, including the formation of the Muslim Conference, the plebiscite movement, and the Kashmir Accord. A major intervention in the political life of South Asia, this book presents an inside view of the history of modern Kashmir through the life and times of Sheikh Abdullah. It will be of great interest to scholars and researchers of politics, history, and modern South Asia.

**India's Sentinel: Select Writings of Air Commodore Jasjit Singh AVSM, Vrc, VM (Retd)** Dr Manpreet Sethi, Dr Shalini Chawla, 2014-07-15 Air Commodore Jasjit Singh was one of India's foremost strategic analysts. The only constant for him in over three decades of research, analyses, and writing was the centrality of national interest. Indeed, the man never let

the nation down whether as an air warrior or a strategist ever ready to voice his views irrespective of how the wind was blowing and always remaining practical in approach Ever an optimist he believed that India would inevitably rise to power by the sheer size of its economy and human resource potential A greater concern for him however was the need to sensitize his compatriots to the national security challenges that would arise as the country rose and to equip them with the capability to optimally address these He did so through his writings and talks This book is a modest compilation of his select writings on two specific issues nuclear strategy and Pakistan since he considered these as critical amongst India s many security challenges Of course the range of Jasjit Singh s writings and the expanse of his knowledge is immense and beyond capture in one book But this is a small effort in the direction of spreading his message ideas to the current and future generation of scholars and policy makers Hopefully it will encourage students of national security to look for more of his writings beyond the few that we have been able to carry in this volume
