Purtell,2016-12-01 Examining the many controversies associated with pitch standards in Melbourne over more than a hundred years Simon Purtell discovers their impact on the tuning of the city s orchestras and organs as well as its defence municipal and Salvation Army bands This fascinating history involves famous local and touring singers conductors and organists including Nellie Melba Malcolm Sargent and William McKie revealing just how complex a problem it was to ensure that Melbourne s music makers remained in tune Harry Potter and the Cursed Child has nothing on the saga of Pitch pitch that cursed pitch the seemingly endless and frequently caustic attempts to establish a uniform performing pitch for music in the Antipodes It is a typically Melburnian drama of mixed deference to Britain and stubborn upholding of local interests that the author so eloquently and patiently chronicles and it ranges from the almost theocratic intervention of Dame Nellie Melba at the beginning of the twentieth century to the Stanthorpe Apple and Grape Harvest Festival of 1972 At the same time it will have been a battle taking place comparably in all the major cities of the British Empire and beyond though each with its peculiar twists and turns What Simon Purtell has done is show us in immaculate detail just how pervasive and intricate not to mention costly this tectonic realignment of a fundamental element of musical infrastructure must have been in all places over a very long period of time Emeritus Professor Stephen Banfield Centre for the History of Music in Britain the Empire and the Commonwealth University of Bristol *The English Bach Awakening* Michael Kassler,2017-07-05 The English Bach

Awakening concerns the introduction into England of J S Bach s music and information about him Hitherto this subject has been called the English Bach revival but that is a misnomer Revival implies prior life yet no reference to Bach or to his music is known to have been made in England during his lifetime 1685 1750 The book begins with a comprehensive chronology of the English Bach Awakening Eight chapters follow written by Dr Philip Olleson Dr Yo Tomita and the editor Michael Kassler which treat particular parts of the Awakening and show how they developed A focus of the book is the history of the manuscripts and the printed editions of Bach s 48 The Well tempered Clavier in England at this time and its culmination in the analysed edition that Samuel Wesley and Charles Frederick Horn published in 1810 1813 and later revised Wesley s multifaceted role in the Bach Awakening is detailed as are the several efforts that were made to translate Forkel s biography of Bach into English A chapter is devoted to A F C Kollmann s endeavour to prove the regularity of Bach s Chromatic Fantasy and the book concludes with a discussion of portraits of Bach in England before 1830
