## **Making And Breaking The Rules Women In Quebec 1919 1939:**

National Manhood and the Creation of Modern Quebec Jeffery Vacante, 2017-06-15 This intellectual history explores how the idea of manhood shaped French Canadian culture and Quebec's nationalist movement During the latter half of the nineteenth century Quebec was an agrarian society and masculinity was rooted in the land and the family and informed by Catholic principles of piety and self restraint As the industrial era took hold a new model was forged built on the values of secularism and individualism Jeffery Vacante's perceptive analysis reveals how French Canadian intellectuals defined masculinity in response to imperialist English Canadian ideals This national manhood would be disentangled from the workplace the family and the land and tied instead to one's cultural identity The new formulation was crucial in the larger struggle to modernize Quebec's institutions while preserving French Canadian community faith and culture It offered French Canadian men a way to remodel themselves participate in industrial modernity and still assert cultural authority A Short History of Quebec John Alexander Dickinson, 2008 Written by two of Quebec's most respected historians A Short History of Quebec offers a concise yet comprehensive overview of the province from the pre contact native period to the present day John A Dickinson and Brian Young bring a refreshing perspective to the history of Quebec focusing on the social and economic development of the region as well as the identity issues of its diverse peoples This revised fourth edition covers Quebec's recent political history and includes an updated bibliography and chronology and new illustrations A Canadian classic A Short History of Quebec now takes into account such issues as the 1995 referendum recent ideological shifts and societal changes considers Quebec's place in North America in the light of NAFTA and offers reflections on the Grard Bouchard Charles Taylor Commission on Accommodation and Cultural Differences in 2008 Engagingly written this expanded and updated fourth edition is an ideal place to learn about the dynamic history of Quebec Negotiating Identities in Nineteenth- and Twentieth-Century Montreal Bettina Bradbury, Tamara Myers, 2011-11-01 Negotiating Identities in 19th and 20th Century Montreal illuminates the cultural complexity and richness of a modernizing city and its people The chapters focus on sites where identities were forged and contested over crucial decades in Montreal's history Readers will discover the links between identity place and historical moment as they meet vagrant women sailors in port unemployed men of the Great Depression elite families shopkeepers reformers notaries and social workers among others This is a fascinating study that explores the intersections of state people and the voluntary sector to elucidate the processes that took people between homes and cemeteries between families and shops and onto the streets This book will be of interest to a wide range of social and cultural historians critical geographers students of gender studies and those wanting to know more about the fascinating past of one of Canada's most lively cities Catholic Origins of Quebec's Quiet Revolution, 1931-1970 Michael Gauvreau, 2005 The Catholic Origins of Quebec's Quiet Revolution challenges a version of history central to modern Quebec's understanding of itself that the Quiet Revolution began in the 1960s as a secular vision of state and society which rapidly

displaced an obsolete clericalized Catholicism Michael Gauvreau argues that organizations such as Catholic youth movements played a central role in formulating the Personalist Catholic ideology that underlay the Quiet Revolution and that ordinary Quebecers experienced the Quiet Revolution primarily through a series of transformations in the expression of their Catholic identity In so doing Gauvreau offers a new understanding of Catholicism's place in twentieth century Quebec

*Gendered Pasts* Kathryn M. McPherson, Nancy M. Forestell, Cecilia Louise Morgan, 2003-01-01 Unusual in its breadth *Gendered Pasts* is essential to the understanding of the various threads and themes in Canadian gender history **Family and Community Life in Northeastern Ontario** Françoise Noël, 2009-09 How people lived played and celebrated when radio was new dance bands the rage and Quintland the place to visit **The Last Plague** Mark Osborne Humphries, 2013-01-01 The Spanish influenza of 1918 was the deadliest pandemic in history killing as many as 50 million people worldwide Canadian federal public health officials tried to prevent the disease from entering the country by implementing a maritime quarantine as had been their standard practice since the cholera epidemics of 1832 But the 1918 flu was a different type of disease In spite of the best efforts of both federal and local officials up to fifty thousand Canadians died In *The Last Plague* Mark Osborne Humphries examines how federal epidemic disease management strategies developed before the First World War arguing that the deadliest epidemic in Canadian history ultimately challenged traditional ideas about disease and public health governance Using federal provincial and municipal archival sources newspapers and newly discovered military records as well as original epidemiological studies Humphries sweeping national study situates the flu within a larger social political and military context for the first time His provocative conclusion is that the 1918 flu crisis had important long term consequences at the national level ushering in the modern era of public health in Canada *Great Dames* Elspeth Cameron, Janice Dickinson, 1997-01-01 This book elucidates the lives and achievements of several Canadian women from different walks of life *A Time Such as There Never Was Before* Alan Bowker, 2014-09-06 As much upheaval as WWI caused in Canada its aftermath was even more transformative for the country With victory and the return the troops Canadian society was now faced with the question of how to return to normalcy and what normal would mean as Canada emerged from its colonial status and found its independent national identity *Horrible Mothers* Loïc Bourdeau, 2019-12-01 For too long the main narratives of motherhood have been oppressive and exclusionary frequently ignoring issues of female identity especially regarding those not conforming to traditional female stereotypes *Horrible Mothers* offers a variety of perspectives for analyzing representations of the mother in francophone literature and film at the turn of the twenty first century in North America including Quebec Ontario New England and California Contributors reexamine the horrible mother paradigm within a broad range of sociocultural contexts from different locations to broaden the understanding of mothering beyond traditional ideology The selections draw from long established scholarship in women's studies as well as from new developments in queer studies to make sense of and articulate strategies of representation to show how contemporary family

models are constantly evolving reshaping and moving away from heteronormative expectations and to reposition mothers as subjects occupying the center of their own narrative rather than as objects The contributors engage narratives of mothering from myriad perspectives referencing the works of writers or filmmakers such as Marguerite Andersen Nelly Arcan Gr goire Chabot Xavier Dolan Nancy Huston and Lucie Joubert

**Misconceptions** Lori Chambers,2007-09-22 In 1921 despite the passing of legislation intended to ease the consequences of illegitimacy for children Children of Unmarried Parents Act reformers in Ontario made no effort to improve the status of unwed mothers Furthermore the reforms that were passed served as models for legislation in other provinces and even in some American states institutionalizing in essence the prejudices evident throughout Until now historians have not sufficiently studied these measures resulting in the marginalization of unwed mothers as historical subjects In *Misconceptions* Lori Chambers seeks to redress this oversight By way of analysis and careful critique Chambers shows that the solutions to unwed pregnancy promoted in the reforms of 1921 were themselves based upon misconceptions The book also explores the experiences of unwed mothers who were subjected to the legislation of the time thus shedding an invaluable light on these formerly ignored subjects Ultimately *Misconceptions* argues that child welfare measures which simultaneously seek to rescue children and punish errant women will not and cannot succeed in alleviating child or maternal poverty

**The Freedom to Smoke** Jarrett Rudy,2005 A social and cultural history of the rise of the cigarette and the way smoking rituals in Montreal were shaped by gender class and race

**Crime and Deviance in Canada** Chris McCormick,Christopher Ray McCormick,Len Green,2005 This unique and timely reader brings together twenty four of the very best and most controversial readings on the history of crime deviance and criminal justice in Canada This text is ideal for use in courses on introductory criminology crime and deviance or the Canadian justice system particularly those with an historical component The theme of power relations is a very strong unifying element that is relations of gender social class ethnicity and age Through such topics as prostitution prohibition youth courts and the regulation of sexuality we can trace these relations of power and how they link to the definition of crime in society

**Canada the Good** Marcel Martel,2014-03-27 To invest in vice can be a sound financial decision but despite the lure of healthy profits individuals and mutual funds have been reluctant to invest in this type of stock After all who would take pride in supporting the tobacco industry knowing it sells a deadly product And what social responsibilities do investors bear with respect to compulsive gamblers who have lost so much money that suicide becomes an attractive option *Canada the Good* considers more than five hundred years of debates and regulation that have conditioned Canadians attitudes towards certain vices Early European settlers implemented a Christian moral order that regulated sexual behaviour gambling and drinking Later some transgressions were diagnosed as health issues that required treatment Those who refused the label of illness argued that behaviours formerly deemed as vices were within the range of normal human behaviour This historical synthesis demonstrates how moral regulation has changed over time how it has shaped Canadians lives why some debates have almost

disappeared and others persist and why some individuals and groups have felt empowered to tackle collective social issues Against the background of the evolution of the state the enlargement of the body politic and mounting forays into court activism the author illustrates the complexity over time of various forms of social regulation and the control of vice

**Female Economy** Mary Kinnear,1998 This book analyses a hundred years of women s work in Manitoba from the province s entry into the Confederation in 1870 It provides an overview of women s place in the work force **Reading**

**Hebrews and 1 Peter from Majority World Perspectives** Sofanit T. Abebe,Elizabeth W. Mburu,Abeneazer G.

Urga,2024-09-19 The contributors to this volume offer a bold re reading of Hebrews and 1 Peter from the perspective of the Global South The chapters provide enriching new hermeneutical and theological insights revealing facets of the text that may not at first be apparent to readers within a Eurocentric context The volume is thus able to explore topics ranging from the authorship of Hebrews in the Ethiopian Orthodox tradition and the Batak reading of Christus Victor to a Xhosa perception of the solidarity and sacrifice of Jesus and intercultural readings of Christian identity in the context of persecution With an introduction and final response by scholars from the Global North this volume encourages awareness of how the Global South contributes to world Christianity Mapping the Margins Michael Gauvreau,Nancy Christie,2004 A re evaluation of

the history and historiography of the Canadian family **Policing Women** Jo Turner,Helen Johnston,Marion

Pluskota,2023-11-27 Policing Women examines for the first time the changing historical landscape of women s experiences of their contact with the official state police between 1800 and 1950 in the Western world Drawing on and going beyond existing knowledge about policing practices the volume discusses how women encountered the official police how they experienced that contact and the outcomes of that contact in the modern Western world In so doing it is an original and much needed addition to the literature around changes in policing women s experiences of the criminal justice system and women s experiences of control and regulation The chapters uncover such experiences in a range of countries across Europe the USA Canada and Australia Importantly the collection focuses upon a crucial epoch in the history of policing a 150 year period when policing was rapidly changing and being increasingly placed on a formal level Bringing together scholarly work from expert contributors this unique volume draws to the fore women s experiences of policing It will be of great use to both scholars and students on undergraduate and postgraduate criminology and history courses working on the history of crime historical criminology the history of criminal justice and women s history *Framing Our Past* Sharon Anne Cook,Lorna R.

McLean,Kate O'Rourke,2001 Reflecting a rethinking of the making of modern Canada this well illustrated anthology of 85 essays reaches beyond ivory tower images and taken for granted assumptions of women s roles This sampling by primarily women contributors drawn from personal and organizational records emphasizes the experiences of diverse women engaged in all spheres of private and public life from a vignette of Native community life to profiles of innovators in many fields Includes a cross referenced essay index 10 x 9 5 format Cook is a professor of education at the U of Ottawa c Book News Inc

**Montreal After Dark** Matthieu Caron, 2025-06-13 Sex and jazz liquor and gambling Montreal in the early twentieth century was a city that offered an exceptional nighttime scene in North America By mid century that scene came under scrutiny and Montreal's influential mayor Jean Drapeau would be elected for the first time on a reformist platform that promised to end corruption Over more than three decades Drapeau would endeavour to transform Montreal into a world class global city by regulating its nightlife Montreal After Dark chronicles the spaces where nighttime regulations were enforced and contested City authorities understood the night as enabling disorder and they reorganized policing and crafted bylaws to gain control over it Police and politicians mutually reinforced each other's drive to morally cleanse the urban landscape especially for international events like Expo 67 and the 1976 Olympics But in an era of social unrest Drapeau's administration also found itself responding to the protective services discontent The political culture of the city was quickly transformed following terrifying nights without their services Matthieu Caron shows how in an effort to incorporate the night into the expansionary tendencies of consumer capitalism municipal authorities took sides in a debate over who had the right to public space at night what constituted acceptable behaviour or expression whose sexual activity sustained the social order and whose threatened to destroy it In terms that are strikingly familiar today Montreal After Dark elucidates how the desires of politicians would come to reorganize how consumption and leisure labour and dissent noise sex and art were lived in Montreal after the sun went down
