Nukualofa A Study Of Urban Life In The Pacific Islands:

Islanderers of the South Paul van der Grijp, 2021-08-16 *Islanders of the South* is an ethnography of the kingdom of Tonga in the South Pacific. This is the first book to examine the interplay of Polynesian and Western ideas within contemporary social and economic practices not from the point of view of Tongan aristocracy but from that of the common people. The first describes contemporary Tongan society and the main means of subsistence: agriculture, fishing, and manufacturing. An analysis of the kinship system with its economic, political, and ideological dimensions is intertwined with a discussion of Tongan attitudes on life and death, marriage and divorce, social rights and obligations, migration, and remittances. Later chapters deal with the crucial questions of land ownership and the circulation of gifts. A large number of genealogies, biographies, and case studies help convey how Tongans live together and how they experience their relationship to nature. Effects on Tonga of global developments, predominantly capitalist in nature, are expressed in the commercialization of the means of subsistence, bringing about changes often regarded as progress. The author raises doubts about this ideology of progress by referring to aspects of nature and culture in Tonga which are disappearing. Up to now Tongans have largely been able to preserve the circulation of gifts and economic self-sufficiency. **Nuku'alofa** Allen Crosbie Walsh, 1972 **Queen Salote of Tonga** Elizabeth Wood-Ellem, 2001-01-01 When Queen Salote of Tonga attended the coronation of Queen Elizabeth II in London in 1953, she was greeted as the tallest queen of the smallest kingdom and gained universal admiration for her natural dignity and the warmth of her personality. This account of Queen Salote's life and times is more than a biography; for it also describes the politics and social structure of a small kingdom that was a world in microcosm. **On the Edge of the Global** Niko Besnier, 2011-03-02 Life in twenty-first century Tonga is rife with uncertainties. Though the postcolonial island kingdom may give the appearance of stability and order, there is a malaise that pervades everyday life, a disquiet rooted in the feeling that the twin forces of progress and development and the seemingly inevitable wealth distribution that follows from them have bypassed the society. Niko Besnier's illuminating ethnography analyzes the ways in which segments of this small-scale society grapple with their growing anxiety and hold on to different understandings of what modernity means. How should it be made relevant to local contexts? How it should mesh with practices and symbols of tradition. In the day-to-day lives of Tongans, the weight of transformations brought on by neoliberalism and democracy press not in the abstract but in individually significant ways: how to make ends meet, how to pay lip service to tradition, and how to present a modern self without opening oneself to ridicule. Adopting a wide-angled perspective that brings together political, economic, cultural, and social concerns, this book focuses on the interface between the different forms that modern uncertainties take. **Tonga** Martin Daly, 2009-02-04 Praise for the first edition: Tonga is unique among bibliographies in its perception and understanding and in its affection for Tonga and its people. Daly's work stands on exceptionally sound foundations. His summaries are excellent indeed, but Daly writes always with the authority of first-hand knowledge, with a keen eye for the essential and the

ability to interpret and clarify obscurities A trustworthy introduction to Tonga in all its diversity a splendid point de d part for all layman or scholar needing a reliable guide to the essential literature about this remarkable Polynesian kingdom Bulletin of the School of Oriental and African Studies The book is so arranged that it is easy to locate any of the items listed I found myself spending pleasant hours perusing Daly s comments on the different publications I hope the rumor of a second revised edition of this bibliography is true Journal of the Polynesian Society Tonga is a fascinating and subtle combination of a traditional Polynesian kingdom the only one to survive the impact of colonization in the nineteenth century and remain independent and a thoroughly Christian country This comprehensive bibliography is a selective guide to the most significant and accessible English language books papers and articles on every aspect of the kingdom s history culture arts politics environment and economy It is a much updated and expanded edition of the original version that was published in 1999 as part of the World Bibliographical Series with the addition of more than 200 new entries Each of the approximately 600 described and annotated items is organized under broad subject headings and indexed by author title and subject In addition and new to this edition all known Ph D theses although not annotated are shown within their appropriate subject categories and indexed Also new is a section on the most important Tonga related websites A general introduction describes the Tongan kingdom its history and society and its current situation Tonga A New Bibliography will be an invaluable resource for anyone with a serious interest in Tonga and an indispensable volume for academic libraries reference collections and policy makers focused on the Pacific islands
