This Is Our Home Whitney Nell Stewart,2023-11-14

The cultural memory of plantations in the Old South has long been clouded by myth

A recent reckoning with the centrality of slavery to the US national story however has shifted the meaning of these sites

Plantations are no longer simply seen as places of beauty and grandiose hospitality their reality as spaces of enslavement exploitation and violence is increasingly at the forefront of our scholarly and public narratives

Yet even this reckoning obscures what these sites meant to so many forced to live and labor on them

plantations were Black homes as much as white

Insightfully reading the built environment of plantations considering artifact fragments found in excavations of slave dwellings and drawing on legal records and plantation owners papers

Whitney Nell Stewart illuminates how enslaved people struggled to make home amid innumerable constraints and obstacles imposed by white southerners

By exploring the material remnants of the past Stewart demonstrates how homemaking was a crucial part of the battle over slavery and freedom a fight that continues today in consequential confrontations over who has the right to call this nation home

The House Advantage Jeffrey Ma,2025-09-23

As part of the notorious MIT Team depicted in Ben Mezrich s now classic *Bringing Down the House* Jeff Ma used math and statistics to master the game of blackjack and reap handsome rewards at casinos

Years later Ma has inspired not only a bestselling novel and hit movie but has also started three different companies the latest of which Citizen Sports is an innovative marriage of sports betting and digital technology and launched a successful corporate speaking career

The House Advantage reveals Ma s cutting edge mathematical insights into the world of statistics and makes them applicable to a wide business audience

He argues that numbers are the key to analyzing nearly everything in the world of business from how to spot and profit from global market inefficiencies to having multiple backup plans in anticipation of every probability

Ma s stories and business lessons are as intriguing as they are universally applicable
