Nurse Leaders received the 2011 PROSE Award for the category Nursing and Allied Health from the Robert Wood Johnson Foundation Nurse Faculty Scholars. Written by an acclaimed nurse leader scholar and author, this prizewinning book delivers an inspiring first person narrative to help nurses at all career levels embrace and hone their leadership potential. The second edition expands on the original with updated material and five new chapters that focus on the dynamics of today's healthcare environment. It addresses the complexity of our evolving healthcare system and aligns with new initiatives being championed by key nursing organizations. Brimming with insight and personal anecdotes while grounded in scholarly literature, this comprehensive and practical book addresses the major contemporary arenas of leadership: personal, organizational, and transformational. It discusses the personal qualities required of a good leader, the value of attaining self knowledge, sustaining career optimism in the face of failure, orchestrating a career, achieving organizational goals, effective communication, the importance of strategic vision, and more. New to the Second Edition: Updated to encompass nearly a decade of changes in healthcare since the first edition was published. Sensitive to the interface between nursing service and nursing education. New chapters include: The Shadow Side, Neediness and Failure, Building a Mentoring Network, Understanding Diversity and Inclusion, Aiming for Impact, Letting Go. Key Features: Helps nurses at all career levels to embrace and develop leadership potential. Draws on the leadership expertise of an internationally recognized nurse scholar, pragmatist, and AAN awarded Living Legend. Presents real life challenges and personal anecdotes.

The Clinical Rotation Handbook Marlene Audrey Reimer, Barbara Thomlison, Cathryn Bradshaw, 1999. This active learning guide is written for students and designed as a toolbox or handbook to learning in the clinical rotation. It presents a series of student exercises and journaling experiences within an active and inquiring learning model. Self directed collaborative learning built upon each student's diverse strengths, abilities, and experience is the focus of this approach. Through this active learning process, students become more independent and gain confidence in their ability to think, ask, and reflect about as well as plan, analyze, and apply their experiences. As an active learning guide, this book has three primary goals: to emphasize the need to integrate theoretical classroom learning with the skills acquired in the clinical setting; to encourage the student to fully participate in the educational process; and to provide a practical guide to the triumphs and pitfalls along the way. Clinical rotation skills, procedures, nursing fundamentals, practice, med surg, medical surgical, analyze judgement.
