Research Navigator Guide for Social Gerontology Nancy R. Hooyman, H. Asuman Kiyak, 2005 Political Science P. Payton, 2004-08-09 **Social Problems** John J. Macionis, 2005 Macionis's Social Problems is the only social problems text that explains how society frames social problems and solutions through politics The text analyzes social issues and policies using the concepts of sociological theory and the everyday language of politics This text helps students understand the attitudes and values that define the political spectrum in the United States Once students know how social problems are defined by our society through politics and how the policies to solve these problems are developed students are able to become involved in solving social problems through activism and political involvement **Sociology for the Twenty-first Century** Timothy Jon Curry, Robert M. Jiobu, Kent P. Schwirian, 2005 This introduction to sociology helps individuals explore how they learn and how to use learning strategies for more effective study Its four part organization covers specific topics under the headings of perspective and method social inequality social institutions and working for change A focus on deviance and crime includes an extensive discussion of crime crime rates and the criminal justice system For those pondering some of the many issues facing society today **Deviant Behavior** Erich Goode, 2005 Germans and African Americans unlike other works on African Americans in Europe examines the relationship between African Americans and one country Germany in great depth Germans and African Americans encountered one another within the context of their national identities and group experiences In the nineteenth century German immigrants to America and to such communities as Charleston and Cincinnati interacted within the boundaries of their old world experiences and ideas and within surrounding regional notions of a nation fracturing over slavery In the post Civil War era in America through the Weimar era Germany became a place to which African American entertainers travelers and intellectuals such as W E B Du Bois could go to escape American racism and find new opportunities With the rise of the Third Reich Germany became the personification of racism and African Americans in the 1930s and 1940s could use Hitler's evil example to goad America about its own racist practices Postwar West Germany regained the image as a land more tolerant to African American soldiers than America African Americans were important to Cold War discourse especially in the internal ideological struggle between Communist East Germany and democratic West Germany Unlike many other countries in Europe Germany has played a variety of different and conflicting roles in the African American narrative and relationship with Europe It is this diversity of roles that adds to the complexity of African American and German interactions and mutual perceptions over time *Gender Roles*

Linda L. Lindsey, 2005 The 4th edition of *Gender Roles* provides the best balance between gender and women as a focus especially with the expanded content on men and masculinity It addresses religion and integrates history at various points An objective of the book is to dispel myths about gender Both sociological and interdisciplinary content organized around clear and appropriate research serves this objective well providing readers with a sociological perspective of gender that can be meaningfully applied to their daily lives The more controversial topics related to gender have a greater array of supporting references directing readers to explore the topics further *Gender Roles* integrates insights and research from other disciplines especially biology psychology anthropology and history Interdisciplinary material is organized presented and guided by the sociological perspective however so readers can understand the commonalities and differences in the ways the various disciplines research and explain gender An exciting and interesting read for anyone interested in gender roles and sexual identity

Majority-minority Relations John E. Farley, 2005 For sophomore junior level courses in Majority Minority Relations or Race and Ethnic Relations in departments of sociology and ethnic studies and for college and university courses on diversity This topically organized text is designed to develop students understanding of the principles and processes that shape the patterns of relations between racial ethnic and other groups in society Organized by topic this book provides a more integrated look at the social forces that affect different racial groups

The Nonprofit Sector Walter W Powell, Patricia Bromley, 2023-05-25 Timely unique and definitive not only chronicles the history of the nonprofit sector but also provides a broad but critical analysis of its current state Vartan Gregorian President Carnegie Corporation of New York The nonprofit sector has changed in fundamental ways in recent decades As the sector has grown in scope and size both domestically and internationally the boundaries between for profit governmental and charitable organizations have become intertwined Nonprofits are increasingly challenged on their roles in mitigating or exacerbating inequality And debates flare over the role of voluntary organizations in democratic and autocratic societies alike The Nonprofit Sector takes up these concerns and offers a cutting edge empirical and theoretical assessment of the state of the field This book now in its third edition brings together leading researchers economists historians philosophers political scientists and sociologists along with scholars from communication education law management and policy schools to investigate the impact of associational life Chapters consider the history of the nonprofit sector and of philanthropy the politics of the public sphere governance mission and engagement access and inclusion and global perspectives on nonprofit organizations Across this comprehensive range of topics The Nonprofit Sector makes an essential contribution to the study of civil society Praise for previous editions Takes a decidedly multidisciplinary approach invaluable *Journal of Policy Analysis and Management* A major contribution to the field *Social Forces*

Creationism and Anti-Creationism in the United States Tom Kaden, 2018-09-20 This book deals with professional creationist and anti creationist organizations in America and describes how the conflict between science and religion is the result of the interaction between these two groups It retraces their history from the 1960s onwards and

identifies crucial turning points that led to new forms of creationism and anti creationism It explains their strategies labels and arguments as effects of this history and structure Taking a field theoretical approach the book avoids problems of prior creationism research making it possible to identify the mechanisms through which creationism generates new strategies arguments and media output The field model is used as an interpretive tool to make sense of some of the most important creationist and anti creationist publications and media statements **American Book Publishing Record** ,2004

Above the Fray Shai M. Dromi, 2020-01-24 From Lake Chad to Iraq nongovernmental organizations NGOs provide relief around the globe and their scope is growing every year Policy makers and activists often assume that humanitarian aid is best provided by these organizations which are generally seen as impartial and neutral In *Above the Fray* Shai M Dromi investigates why the international community overwhelmingly trusts humanitarian NGOs by looking at the historical development of their culture With a particular focus on the Red Cross Dromi reveals that NGOs arose because of the efforts of orthodox Calvinists demonstrating for the first time the origins of the unusual moral culture that has supported NGOs for the past 150 years Drawing on archival research Dromi traces the genesis of the Red Cross to a Calvinist movement working in mid nineteenth century Geneva He shows how global humanitarian policies emerged from the Red Cross founding members faith that an international volunteer program not beholden to the state was the only ethical way to provide relief to victims of armed conflict By illustrating how Calvinism shaped the humanitarian field Dromi argues for the key role belief systems play in establishing social fields and institutions Ultimately Dromi shows the immeasurable social good that NGOs have achieved but also points to their limitations and suggests that alternative models of humanitarian relief need to be considered
