Osho Zen Tarot Only:

Osho Zen Tarot Osho,1995-04-15 Osho Zen Tarot from the 1 bestselling mystic and spiritual author Osho When life seems to be full of doubt and uncertainty we tend to look for a source of inspiration what will happen in the future What about my health the children What will happen if I make this decision and not that one This is how the traditional tarot is often used to satisfy a longing to know about the past and future The Osho Zen Tarot focuses instead on gaining an understanding of the here and now It is a system based on the wisdom of Zen a wisdom that says events in the outer world simply reflect in the outer world simply reflect our own thoughts and feelings even though we ourselves might be unclear about what those thoughts and feelings are So it helps us to turn our attention away from outside events so we can find a new clarity of understanding in our innermost hearts The conditions and states of mind portrayed by the contemporary images on the cards are all shown as being essentially transitional and transformative The text in the accompanying book helps to interpret and understand the images in the simple straightforward and down to earth language of Zen Tarot in the Spirit of Zen

The Christos Grail Averill Nicole Richardson, 2025-03-21 What would you do if you were personally offered a psycho-spiritual destiny The author claims this happened to her in 1994 The invitation came in the form of a channelled psychic message when she consulted a New Age healer about her husband's ill health She was asked if she would like to become a teacher of teachers Interpreting this to mean a career move into a university or some other august institution of higher learning the author replied Yes I'd like that Little did she understand what she'd agreed to The Christos Grail is an autobiographical account of the adventure which followed her husband's death She received regular channelled psychic feedback and clues from her Guiding Angel and late husband through many different human mediums Her search for answers led her to Sophia the Grail Goddess and the energy source of the Christos She concluded that Christ consciousness is another way of describing divine self-awareness which is available to all who genuinely seek it
