Pharisee Among Philistines Volume 1 Deady

Cindy Sondik Aron

Pharisee Among Philistines Volume 1 Deady:

Pharisee Among Philistines Matthew Paul Deady, 1975 A renowned Oregon jurist Deady kept journals of his personal experiences in the social political and professional life of Portland between 1871 and 1892 *The People Are Dancing Again* Charles Wilkinson, 2012-02-01 The history of the Siletz is in many ways the history of all Indian tribes in America a story of heartache perseverance survival and revival It began in a resource rich homeland thousands of years ago and today finds a vibrant modern community with a deeply held commitment to tradition The Confederated Tribes of Siletz Indians twenty seven tribes speaking at least ten languages were brought together on the Oregon Coast through treaties with the federal government in 1853 55 For decades after the Siletz people lost many traditional customs saw their languages almost wiped out and experienced poverty killing diseases and humiliation Again and again the federal government took great chunks of the magnificent timber rich tribal homeland a reservation of 1 1 million acres reaching a full 100 miles north to south on the Oregon Coast By 1956 the tribe had been terminated under the Western Oregon Indian Termination Act selling off the remaining land cutting off federal health and education benefits and denying tribal status Poverty worsened and the sense of cultural loss deepened The Siletz people refused to give in In 1977 after years of work and appeals to Congress they became the second tribe in the nation to have its federal status its treaty rights and its sovereignty restored Hand in glove with this federal recognition of the tribe has come a recovery of some land several hundred acres near Siletz and 9 000 acres of forest and a profound cultural revival This remarkable account written by one of the nation s most respected experts in tribal law and history is rich in Indian voices and grounded in extensive research that includes oral tradition and personal interviews It is a book that not only provides a deep and beautifully written account of the history of the Siletz but reaches beyond region and tribe to tell a story that will inform the way all of us think about the past Watch the book trailer <https://www.youtube.com/watch?v=NEtAIGxp6pc> **Sweet Cakes, Long Journey** Marie Rose Wong, 2011-07-01 Around the turn of the twentieth century and for decades thereafter Oregon had the second largest Chinese population in the United States In terms of geographical coverage Portland s two Chinatowns one an urban area of brick commercial structures one a vegetable gardening community of shanty dwellings were the largest in all of North America Marie Rose Wong chronicles the history of Portland s Chinatowns from their early beginnings in the 1850s until the repeal of the Chinese Exclusion Act in the 1940s drawing on exhaustive primary material from the National Archives including more than six thousand individual immigration files census manuscripts letters and newspaper accounts She examines both the enforcement of Exclusion Laws in the United States and the means by which Chinese immigrants gained illegal entry into the country The spatial and ethnic makeup of the combined Old Chinatown afforded much more contact and accommodation between Chinese and non Chinese people than is usually assumed to have occurred in Portland and than actually may have occurred elsewhere Sweet Cakes Long Journey explores the contributions that Oregon s leaders and laws had on the development of Chinese American community life and the role

that the early Chinese immigrants played in determining their own community destiny and the development of their Chinatown in its urban form and vernacular architectural expression Sweet Cakes Long Journey is an original and notable addition to the history of Portland and to the field of Asian American studies *Railway Palaces of Portland, Oregon: The Architectural Legacy of Henry Villard* Alexander Benjamin Craghead, 2016 In 1883 railroad financier Henry Villard brought Portland and the Pacific Northwest their first transcontinental railroad Earning a reputation for boldness on Wall Street the war correspondent turned entrepreneur set out to establish Portland as a burgeoning metropolis To realize his vision he hired architects McKim Mead White to design a massive passenger station and a first class hotel Despite financial panics lost fortunes and stalled construction the Portland Hotel opened in 1890 and remained the social heart of the city for sixty years While the original station was never built Villard returned as a pivotal benefactor of Union Station saving its iconic clock tower in the process Author Alexander Benjamin Craghead tells the story of this Gilded Age patron and the architecture that helped shape the city's identity **Chinese Immigrants and American Law** Charles McClain, 1994 First published in 1995 Routledge is an imprint of Taylor Francis an informa company *Working at Play* Cindy Sondik Aron, 2001 This text chronicles the history of vacationing in America since the early 19th century It is concerned with how when and why vacationing came to be part of life charting this social and cultural institution as it grew from the custom of a small elite in to a mass phenomenon Constructing American Lives Scott E. Casper, 2018-07-25 Nineteenth century American authors critics and readers believed that biography had the power to shape individuals characters and to help define the nation's identity In an age predating radio and television biography was not simply a genre of writing says Scott Casper it was the medium that allowed people to learn about public figures and peer into the lives of strangers In this pioneering study Casper examines how Americans wrote published and read biographies and how their conceptions of the genre changed over the course of a century Campaign biographies memoirs of pious women patriotic narratives of eminent statesmen mug books that collected the lives of ordinary midwestern farmers all were labeled biography however disparate their contents and the contexts of their creation publication and dissemination Analyzing debates over how these diverse biographies should be written and read Casper reveals larger disputes over the meaning of character the definition of American history and the place of American literary practices in a transatlantic world of letters As much a personal experience as a literary genre biography helped Americans imagine their own lives as well as the ones about which they wrote and read Jesse Applegate Leta Lovelace Neiderheiser, 2011-02 A history of Oregon without Jesse Applegate would be like Exodus without Moses Like Moses Jesse led pioneers through the wilderness across the Oregon Trail in 1843 Like Moses he was a law giver and like Moses when proper provocation occurred he sometimes threw down the tablets Jesse Applegate A Dialogue with Destiny gives a comprehensive historical perspective to the life of this interesting complicated man who played a major role in the formation of Oregon Throughout his amazing life he led the cow column of 43 west to Oregon wrote the constitution of 45

played a major role in the solving of the Cayuse War led the expedition to find a new southern route in 46 and fought to keep Oregon free of slavery But perhaps even more important was the moral compass he provided for the emerging Oregon society Through his letters to editors of newspapers and to prominent political figures he provided comment council criticism and loyal opposition to those in power His opinions were sought by local state and federal leaders as well as the historians of the day

The Way We Ate Jacqueline B. Williams,2021-06-22 Probing diaries letters business journals and newspapers for morsels of information food historian Jackie Williams here follows pioneers from the earliest years of settlement in the Northwest when smoldering logs in a fireplace stood in for a stove and water had to be hauled from a stream or well to the times when railroads brought Pacific Northwest cooks the latest ingredients and implements The fifty year journey described in *The Way We Ate* documents a change from a land with few stores and inadequate housing to one with business establishments bursting with goods and homes decorated with the latest finery Like she did in her earlier acclaimed volume *Wagon Wheel Kitchens Food on the Oregon Trail* Williams has in her latest book shed important new light on a little understood aspect of our past These tales of a pioneer wife bemoaning her husband s gift of a cookbook when she really needed more food or preparing sweets and savories for holiday celebrations when the kitchen was just a tiny space in a one room log cabin show another side of the grim faced pioneers portrayed in movies Here we encounter real American history and culture one that vividly portrays the daily lives of the people who won the West not in Hollywood gun battles but in the kitchens and fields of a world that has disappeared Interlacing a lively narrative with the pioneers own words *The Way We Ate* is truly a feast for those who believe that much depends on dinner

The Chief Justiceship of Melville W. Fuller, 1888-1910 James W. Ely,2012-11-01 A study of the man who led the Supreme Court as the nineteenth century ended and the twentieth began exploring issues of property government authority and more In this comprehensive interpretation of the Supreme Court during the pivotal tenure of Melville W Fuller James W Ely Jr provides a judicial biography of the man who led the Court from 1888 until 1910 as well as a comprehensive and thoughtful analysis of the jurisprudence dispensed under his leadership Highlighting Fuller s skills as a judicial administrator Ely argues that a commitment to economic liberty the security of private property limited government and states rights guided Fuller and his colleagues in their treatment of constitutional issues Ely directly challenges the conventional idea that the Fuller Court adopted laissez faire principles in order to serve the needs of business Rather Ely presents the Supreme Court s efforts to safeguard economic rights not as a single minded devotion to corporate interests but as a fulfillment of the property conscious values that shaped the constitution making process in 1787 The resulting study illuminates a range of related legal issues including the Supreme Court s handling of race relations criminal justice governmental authority and private law disputes

Necktie Parties Diane L. Goeres-Gardner,2005 Distributed by the University of Nebraska Press for Caxton Press Ms Goeres Gardner has presented an impressively researched and

meticulously documented examination of the history of legal executions in Oregon from the beginning of the territorial period until the time when executions were moved to the state penitentiary in Salem *Western Legal History*, 1992 Law for the Elephant, Law for the Beaver University of Regina. Canadian Plains Research Center, Ninth Judicial Circuit Historical Society, 1992 Based on papers presented at a conference held at the University of Victoria Feb 22 24 1991 Thunder in the Mountains Daniel J. Sharfstein, 2017-04-04 Beautifully wrought and impossible to put down Daniel Sharfstein's *Thunder in the Mountains* chronicles with compassion and grace that resonant past we should never forget Brenda Wineapple author of *Ecstatic Nation* Confidence Crisis and Compromise 1848 1877 After the Civil War and Reconstruction a new struggle raged in the Northern Rockies In the summer of 1877 General Oliver Otis Howard a champion of African American civil rights ruthlessly pursued hundreds of Nez Perce families who resisted moving onto a reservation Standing in his way was Chief Joseph a young leader who never stopped advocating for Native American sovereignty and equal rights *Thunder in the Mountains* is the spellbinding story of two legendary figures and their epic clash of ideas about the meaning of freedom and the role of government in American life **The Shaping of a City** E. Kimbark MacColl, 1976 **The First Duty** Carolyn M. Buan, 1993 Eanger Irving Couse Eanger Irving Couse, 1991 Justice Stephen Field Paul Kens, 1997 Outspoken and controversial Stephen Field served on the Supreme Court from his appointment by Lincoln in 1863 through the closing years of the century No justice had ever served longer on the Court and few were as determined to use the Court to lead the nation into a new and exciting era Paul Kens shows how Field ascended to such prominence what influenced his legal thought and court opinions and why both are still very relevant today One of the famous gold rush forty niners Field was a founder of Marysville California a state legislator and state supreme court justice His decisions from the state bench and later from the federal circuit court often placed him in the middle of tense conflicts over the distribution of the land and mineral wealth of the new state Kens illuminates how Field's experiences in early California influenced his jurisprudence and produced a theory of liberty that reflected both the ideals of his Jacksonian youth and the teachings of laissez faire economics During the time that Field served on the U S Supreme Court the nation went through the Civil War and Reconstruction and moved from an agrarian to an industrial economy in which big business dominated Fear of concentrated wealth caused many reformers of the time to look to government as an ally in the preservation of their liberty In the volatile debates over government regulation of business Field became a leading advocate of substantive due process and liberty of contract legal doctrines that enabled the Court to veto state economic legislation and heavily influenced constitutional law well into the twentieth century In the effort to curb what he viewed as the excessive power of government Field tended to side with business and frequently came into conflict with reformers of his era Gracefully written and filled with sharp insights Kens study sheds new light on Field's role in helping the Court define the nature of liberty and determine the extent of constitutional protection of property By focusing on the political economic and social struggles of his time it explains Field's jurisprudence in terms of conflicting

views of liberty and individualism It firmly establishes Field as a persuasive spokesman for one side of that conflict and as a prototype for the modern activist judge while providing an important new view of capitalist expansion and social change in Gilded Age America *Catalog of Printed Books.
