Philological and Historical Commentary on Ammianus Marcellinus J. Den Boeft, 2002 This is a commentary on Book XXIV of the *Res Gestae* by the fourth century historian Ammianus Marcellinus The commentary discusses philological literary linguistic and historical problems in the Latin text **Philological and Historical Commentary on Ammianus Marcellinus XXVII** Jan den Boeft, Jan Willem Drijvers, Daniël den Hengst, Hans C. Teitler, 2009-11-23 Book 27 deals with events between 365 and 370 Military operations in the western and eastern half of the Empire take up a large part of the available space Apart from military matters Ammianus deals with internal affairs He discusses the terms of office of four Roman urban prefects and paints a picture of Petronius Probus the mightiest civil official of the period The most striking part of the book contains a portrait of the emperor Valentinian This passage forms the centre of the book which therefore has the structure of a triptych of the two outer parts each contains military affairs in the West and the East and reports on some notable non military events whilst in the central panel Valentinian takes pride of place *Philological and Historical Commentary on Ammianus Marcellinus* , 2002 *Philological and historical commentary on Ammianus Marcellinus* J. Den Boeft, 2008 Continuing the series of philological and historical commentaries on Ammianus *Res Gestae* this volume deals with Book 26 in which the beginning of the reign of Valentinian and Valens is described and the rise and fall of the usurper Procopius **Philological and Historical Commentary on Ammianus Marcellinus XXVI** , 2008 Continuing the series of philological and historical commentaries on Ammianus *Res Gestae* this volume deals with Book 26 in which the beginning of the reign of Valentinian and Valens is described and the rise and fall of the usurper Procopius Philological and Historical Commentary on Ammianus Marcellinus ... , 2009 *Philological and Historical Commentary on Ammianus Marcellinus XXVIII* J. den Boeft, Jan Willem Drijvers, Daniel den Hengst, H. C. Teitler, 2011 Continuing the series of philological and historical commentaries on Ammianus *Res Gestae* this volume deals with Book 28 which is devoted primarily to the deplorable events in Rome during the reign of Valentinian and his defense of the Rhine frontier OCLC *Philological and Historical Commentary on Ammianus Marcellinus XXIV* J. den Boeft, 2002 This is a commentary on Book XXIV of the *Res Gestae* by the fourth century historian Ammianus Marcellinus The commentary discusses philological literary linguistic and historical problems in the Latin text **Philological and Historical Commentary on Ammianus Marcellinus XXVIII** Jan den Boeft, Jan Willem Drijvers, Daniël den Hengst, Hans Teitler, 2011-11-25 In Book 28 Ammianus describes the military activity of Valentinian on the Rhine The historian speaks with admiration about his efforts to strengthen the northwestern border of the empire He shows a similar esteem for the general Theodosius who re established order in Britain However in the greater part of Book 28 there is an air of gloom Ammianus writes reluctantly about the judicial terror inflicted on the Roman aristocracy by powerful magistrates In his digression about Roman manners he speaks with contempt about the senatorial elite and the Roman plebs because they fail to live up to the standards of their ancestors The final chapter

illustrates the disastrous effects of the mismanagement of the province of Tripolis by corrupt officials **Ammianus Marcellinus From Soldier to Author**, 2022-11-28 Ammianus Marcellinus composed a history of the Roman empire from 96 AD to 378 AD focusing on the mid fourth century during which he served in the army His experience as a soldier during this period provides crucial realia of warfare while his knowledge of literature especially the genre of historiography enabled him to imbue his narrative with literary flair This book explores the tension between Ammianus roles as soldier and author examining how his military experience affected his history and conversely how his knowledge of literature affected his descriptions of the Roman army Ammianus' Julian Alan J. Ross, 2016-06-17 Ammianus Marcellinus *Res Gestae* holds a prominent position in modern studies of the emperor Julian as the fullest extant narrative of the reign of the last pagan emperor Ammianus Julian Narrative and Genre in the *Res Gestae* offers a major reinterpretation of the work which is one of the main narrative sources for the political history of the later Roman Empire and argues for a re examination of Ammianus agenda and methods in narrating the reign of Julian Building on recent developments in the application of literary approaches and critical theories to historical texts Ammianus presentation of Julian is evaluated by considering the *Res Gestae* within three interrelated contexts as a work of Latin historiography which consciously sets itself within a classical and classicizing generic tradition in a more immediate literary and political context as the final contribution by a member of an eyewitness generation to a quarter century of intense debate over Julian s legacy by several authors who had lived through his reign and had been in varying degrees of proximity to Julian himself and as a narrative text in which narratorial authority is closely associated with the persona of the narrator both as an external narrating agent and an occasional participant in the events he relates This is complemented by a literary survey and a re analysis of Ammianus depiction of several key moments in Julian s reign such as his appointment as Caesar the battle of Strasbourg in 357AD his acclamation as Augustus and the disastrous invasion of Persia in 363AD It suggests that the *Res Gestae* presents a Latin speaking western audience with an idiosyncratic and Romanized depiction of the philhellene emperor and that consciously exploiting his position as a Greek writing in Latin and as a contemporary of Julian Ammianus wished his work to be considered a culminating and definitive account of the man and his life **War and Warfare in Late Antiquity (2 vols.)**, 2013-08-19 This two volume publication explores the key factors determining the course and outcome of war in Late Antiquity Volume 8 1 includes a detailed review of strategic and tactical issues and eight comprehensive bibliographic essays which provide an overview of the literature In Volume 8 2 thematic papers examine strategy and intelligence fortifications and siege warfare weaponry and equipment literary sources and topography and civil war while papers focused on particular geographic regions home in on war and warfare in the West Roman Empire in the 4th and 5th centuries and the Balkans and the Eastern frontier in the 4th to 7th centuries AD Contributors are Susannah Belcher Neil Christie Ian Colvin John Conyard Jon Coulston Jim Crow Florin Curta Hugh Elton James Howard Johnston Jordi Galbany Jordi Gu rdia John Haldon Michel Kazanski Maria Kouroumali Michael
