## **Philosophical Reflections On The Changes In Eastern Europe:**

Philosophical Reflections on the Changes in Eastern Europe William L. McBride, 1998-12-23 In this timely book two philosophers one American one Bulgarian explore the significance of the changes in Eastern Europe that began in 1989 and offer two alternative perspectives about them The momentous events taking place in this region challenge philosophers to look for deeper understandings and explanations than are called for in purely strategic political accounts Philosophical Reflections on the Changes in Eastern Europe is written with an explicit awareness of the great differences in cultural traditions recent history and current conditions among the different regions and countries of Central and Eastern Europe but the authors focus above all on certain significant commonalities that are fully understandable only within a larger global context They explore such issues as the role of ideology past and present conversions real or apparent of intellectuals the place of philosophers in politics the relationship between democratic slogans and everyday realities and special concerns of women Social and political philosophers political scientists and scholars of Eastern Europe will want to have this book on their shelves

**Philosophical Reflections on the Changes in Eastern Europe** William Leon McBride, 1999 The dramatic events of 1989 and their aftermath raise fundamental questions about the nature of social and intellectual change about the relation of philosophy to politics and above all about human values within the global structures of today This book offers a sober critical analysis of the post Marxist realities of the old Eastern Bloc and provides an overview of significant aspects of both the bygone era and the present situation in the region It analyzes the phenomenon of ideological conversation re examines the relationship of philosophy to politics and revisits questions about f Philosophical Reflections on the Changes in Eastern Europe William Leon McBride, 1999 In this timely book two philosophers one American one Bulgarian explore the significance of the changes in Eastern Europe that began in 1989 and offer two alternative perspectives about them The momentous events taking place in this region challenge philosophers to look for deeper understandings and explanations than are called for in purely strategic political accounts Philosophical Reflections on the Changes in Eastern Europe is written with an explicit awareness of the great differences in cultural traditions recent history and current conditions among the different regions and countries of Central and Eastern Europe but the authors focus above all on certain significant commonalities that are fully understandable only within a larger global context They explore such issues as the role of ideology past and present conversions real or apparent of intellectuals the place of philosophers in politics the relationship between democratic slogans and everyday realities and special concerns of women Social and political philosophers political scientists and scholars of Eastern Europe will want to have this book on their shelves

*Encyclopedia of Ethics* Lawrence C. Becker, Charlotte B. Becker, 2013-10-18 The editors working with a team of 325 renowned authorities in the field of ethics have revised expanded and updated this classic encyclopedia Along with the addition of 150 new entries all of the original articles have been newly peer reviewed and revised bibliographies have been

updated throughout and the overall design of the work has been enhanced for easier access to cross references and other reference features New entries include Cheating Dirty hands Gay ethics Holocaust Journalism Political correctness and many more

*The Resurgence of Anti-Semitism* Bernard Harrison, 2006-10-27 Recently Jewish voices have begun to warn against a new anti-Semitism fueled by moral concerns about Israel Opponents have retorted that opposition to Zionism is by no means anti-Semitic This book by a non-Jewish analytic philosopher assesses the relative merits of these opposed views and offers a detailed examination of the moral and intellectual credentials of the widespread current of opinion whose growth underlies both

**Universal Human Rights** David A. Reidy, Mortimer N. S. Sellers, 2005-07-21 Universal Human Rights brings new clarity to the important and highly contested concept universal human rights The Charter of the United Nations commits nearly all nations of the world to promote to realize and take action to achieve human rights and fundamental freedoms for all yet this formal consensus masks an underlying confusion about the philosophical basis and practical implications of rights in a world made up of radically different national communities This collection of essays explores the foundations of universal human rights in four sections devoted to their nature application enforcement and limits concluding that shared rights help to constitute a universal human community which supports local customs and separate state sovereignty Rights protect the benefits of cultural diversity while recognizing the universal dignity that every human life deserves The eleven contributors to this volume demonstrate from their very different perspectives how human rights can help to bring moral order to an otherwise divided world

*Democracy in a Global World* Deen K. Chatterjee, 2008 The chapters in this volume deal with timely issues regarding democracy in theory and in practice in today's globalized world Authored by leading political philosophers of our time they appear here for the first time The essays challenge and defend assumptions about the role of democracy as a viable political and legal institution in response to globalization keeping in focus the role of rights at the normative foundations of democracy in a pluralistic world Through an examination of key topics of current relevance with contrasting views of the leading theorists the chapters address the most relevant theories and forms of globalization traditional democratic paradigms and their limits public deliberation and democratic participation the moral hazards of imperial democracy and the future of liberal democracy In addition to suggesting new perspectives on democracy they use the current debate on justice human rights sovereignty and cultural relativism to shed light on enduring questions about politics culture and global development This timely and provocative collection will be of interest to anyone concerned with democracy human rights global justice economic development poverty international law peace and various aspects of globalization

Living Existentialism J. C. Berendzen, Gregory Hoskins, 2017-03-24 Writing in the late 1990s about the tendency of encyclopedists to designate existentialism a finished project Thomas W. Busch cautions that such hasty periodization risks distorting our understanding of the contemporary philosophical scene and of depriving ourselves of vital resources for critiquing contemporary forms of oppression what Gabriel Marcel referred to as processes of dehumanization

We should recall that existentialism made possible present forms of Continental philosophy all of which assume the existentialist critique of dualism essentialism and totality in modern philosophy and we should acknowledge that existentialism remains capable of haunting today's scene as an important and relevant critic Offered in honor of Thomas W Busch after his more than fifty years of work in philosophy the essays in this volume attest to existentialism as a living project The essays are written by scholars who championed existentialism in America and by scholars who now seek to extend existentialist insights into new territory including into research in cognitive science The essays range from studies of key figures and texts to explorations of urgent topics such as the nature of freedom and the possibility of what Busch calls incorporation a sense of communicative solidarity that respects difference and disagreement

**Ethical Questions** Bina Gupta, 2002 Ethical Questions East and West is an anthology of source material from various Eastern and Western traditions addressing fundamental and enduring questions in moral philosophy It is intended for use in undergraduate level comparative ethics courses Each section begins with an introductory essay in which the leading ethical questions and their responses from different traditions are presented in overview Sections are centered around ethical questions such as Who Am I What Ought I to Do What Kind of Person Ought I to Be Questions of religion and morality freedom and the just society are also included Ancient and modern sources are examined ranging from the Buddha Aristotle and Upanishads to Kant Simone de Beauvoir and Alasdair MacIntyre Ethical Questions provides a comprehensive comparative introduction to key ethical concepts stressing the importance of diverse traditions in the global community and encouraging understanding between and among traditions

**Political Phenomenology** Hwa Yol Jung, Lester Embree, 2016-06-13 This volume presents political phenomenology as a new specialty in western philosophical and political thought that is post classical post Machiavellian and post behavioral It draws on history and sets the agenda for future explorations of political issues It discloses crossroads between ethics and politics and explores border crossing issues All the essays in this volume challenge existing ideas of politics significantly As such they open new ways for further explorations BY future generations of phenomenologists and non phenomenologists alike Moreover the comprehensive chronological bibliography is unprecedented and provides not only an excellent picture of what phenomenologists have already done but also a guide for the future

**Revolutionary Hope** Shane Wahl, Nathan J. Jun, 2013-03-22 Over the course of the last four decades William Leon McBride has distinguished himself as a teacher mentor and scholar without peer The author of seven books and more than two hundred book chapters articles and reviews he is a world renowned expert on the philosophy of Jean Paul Sartre and a leader in the international community of philosophers This volume which celebrates the occasion of his seventy fifth birthday includes contributions from colleagues friends and former students Together they pay tribute to the intellectual philosophical and professional achievements of one of the most esteemed and accomplished scholars of his generation

**Jean-Paul Sartre** Steven Churchill, Dr. Jack Reynolds, 2014-09-11 Most readers of Sartre focus only on the works written

at the peak of his influence as a public intellectual in the 1940s notably Being and Nothingness Jean Paul Sartre Key Concepts aims to reassess Sartre and to introduce readers to the full breadth of his philosophy Bringing together leading international scholars the book examines concepts from across Sartre s career from his initial views on the inner life of conscious experience to his later conceptions of hope as the binding agent for a common humanity The book will be invaluable to readers looking for a comprehensive assessment of Sartre s thinking from his early influences to the development of his key concepts to his legacy

**Encyclopedia of Global Justice** Deen K. Chatterjee,2011-10-06 This two volume Encyclopedia of Global Justice published by Springer along with Springer s book series Studies in Global Justice is a major publication venture toward a comprehensive coverage of this timely topic The Encyclopedia is an international interdisciplinary and collaborative project spanning all the relevant areas of scholarship related to issues of global justice and edited and advised by leading scholars from around the world The wide ranging entries present the latest ideas on this complex subject by authors who are at the cutting edge of inquiry The Encyclopedia sets the tone and direction of this increasingly important area of scholarship for years to come The entries number around 500 and consist of essays of 300 to 5000 words The inclusion and length of entries are based on their significance to the topic of global justice regardless of their importance in other areas

**Yesterday's Self** Andreea Deciu Ritivoi,2002-08-15 The state of being called nostalgia has a history fraught with ambiguity and poetical connotation In the late 17th century nostalgic reminiscences were thought to be the symptoms of a deadly disease that shook one s mind and body Today we view nostalgia not as a medical condition but as a bittersweet recollection of one s past joys and sorrows the memories and treasures of an earlier self And yet there remains a category of individuals for whom such recollection can be seriously problematic immigrants In Yesterday s Self Andreea Ritivoi explores the philosophical and historical dimensions of nostalgia in the lives of immigrants forging a connection between current trends in the philosophy of identity and intercultural studies The book considers such questions as Does attachment to one s native culture preclude or merely influence adaptation into a new culture Do we fashion our identity in interdependence with others or do we shape it in a non contingent frame Is it possible to assimilate in an unfamiliar world without risking self alienation Ritivoi s response nostalgia is both the poison and the cure in such situations Documenting the tribulations of sojourners and immigrants Yesterday s Self illustrates how and why the cultural adjustment of immigrants can only happen when personal identity is understood as a quest for continuity in one s life story even alongside the most radical cultural rupture Ultimately reflection on the nostalgic experience reveals insights into the nature of the self and its dynamic engagement with otherness and difference

**Guantanamo Bay and the Judicial-moral Treatment of the Other** Clark Butler,2007 Neither journalistic nor sensationalistic eye witness accounts this is the first book of serious reflection on the moral background and issues of internal legality surrounding the events of Guantanamo Bay

**Phenomenology 2005. Volume 5: Selected Essays from North America, part 2** Embree, Lester,Nenon,

Thomas,2007-01-01      *Formal Transgression* Eddy M. Souffrant,2000 This book is an important contribution to the emerging field of ethics and international affairs Eddy Souffrant delineates John Stuart Mill's philosophy of international relations showing how a particular philosopher engaged with his world through philosophical analysis Souffrant offers a critique of that engagement and he suggests a number of theoretical and practical implications of Mill's work for contemporary domestic and global issues The book argues that Mill's support for colonization is consistent with his overall philosophy of international relations but demonstrates that only an additional independent analysis of colonization could find fault with both Mill's argument for and his support of colonization The book includes an analysis of utilitarian group responsibility Although Mill's concept of group responsibility is narrowly construed Souffrant concludes with the claims that Mill's philosophy of international relations extends his social and political philosophy and that an ethics of international affairs privileges fundamentally a concept of group responsibility      *Thinking Matter* Joseph S. Catalano,2002-06 First published in 2000 Routledge is an imprint of Taylor Francis an informal company      **Faith, Resistance, and the Future** James L. Marsh,Anna J. Brown,2012 The book presents Daniel Berrigan's contribution and challenge to Catholic social thought The aim of this book is for the first time to make Berrigan's thought and life available to the academic Catholic community and to activists so that a fruitful interaction takes place      **Beauvoir and Western Thought from Plato to Butler** Shannon M. Mussett,William S. Wilkerson,2012-12-01 Essays on Beauvoir's influences contemporary engagements and legacy in the philosophical tradition Despite a deep familiarity with the philosophical tradition and despite the groundbreaking influence of her own work Simone de Beauvoir never embraced the idea of herself as a philosopher Her legacy is similarly complicated She is acclaimed as a revolutionary thinker on issues of gender age and oppression but although much has been written weighing the influence she and Jean Paul Sartre had on one another the extent and sophistication of her engagement with the Western tradition broadly goes mostly unnoticed This volume turns the spotlight on exactly that examining Beauvoir's dialogue with her influences and contemporaries as well as her impact on later thinkers concluding with an autobiographical essay by bell hooks discussing the influence of Beauvoir's philosophy and life on her own work and career These innovative essays both broaden our understanding of Beauvoir and suggest new ways of understanding canonical figures through the lens of her work

## Philosophical Reflections On The Changes In Eastern Europe Introduction

In today's digital age, the availability of Philosophical Reflections On The Changes In Eastern Europe books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Philosophical Reflections On The Changes In Eastern Europe books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Philosophical Reflections On The Changes In Eastern Europe books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Philosophical Reflections On The Changes In Eastern Europe versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Philosophical Reflections On The Changes In Eastern Europe books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Philosophical Reflections On The Changes In Eastern Europe books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Philosophical Reflections On The Changes In Eastern Europe books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit

organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Philosophical Reflections On The Changes In Eastern Europe books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Philosophical Reflections On The Changes In Eastern Europe books and manuals for download and embark on your journey of knowledge?
