PHILOSOPHY THE HANDS ON APPROACH  
Mighty Greyboar the world's greatest professional strangler is dissatisfied with his lot in life. The work is steady and the pay is good but what he wonders is the point of it all. But when he learns that there is a Supreme Philosophy of Life, Greyboar the Strangler is Born Again. Still just how can a professional man in good standing pay the bills with all this philosophical exploration getting in the way? That's what his hard-headed agent and manager Ignace wants to know. And Ignace's skepticism turns quickly into outright horror when Greyboar's philosophical preoccupation leads to one disaster after another: simple choke jobs turn into ethical quandaries, a bizarre artist and a deadly arms master turn up to complicate their life as if their new girlfriends haven't complicated it enough. Before you know it, Greyboar the strangler and his disgruntled manager find themselves embroiled with an abbess at odds with her deity heretics on the run, dwarves needing to be rescued, and then worst of all, Greyboar's long estranged sister Gwendolyn, political activist and revolutionary, comes back to town asking Greyboar's help in an insane mission to the underworld. It's purely a noble cause, one which no self-respecting assassin would touch for a moment. But in the pursuit of Enlightenment, anything can happen. What do you want the details? Hint: Entropy. For more on the secret, buy this book. At the publisher's request, this title is sold without DRM (Digital Rights Management). Pyramid Power Dave Freer, Eric Flint, 2007-08-01  
Alien Ragnarok  
A mysterious pyramid appears in Chicago, oozing fantastic creatures and sucking humans into our own mythological past. It's an alien invasion from within. When a special forces team sent to capture an AWOL official gets into deep trouble with a certain one-eyed Norse god, redoubtable comparative mythologist Jerry Lukacs must rescue them, strike a deal with the droll and dangerous Loki, and risk bringing on Ragnarok itself to once again save human myth from alien domination. The rollicking sequel to New York Times best seller Eric Flint and David Freer's action-packed romp through everything humankind holds sacred, begun in the groundbreaking *Pyramid Scheme*. At the publisher's request, this title is sold without DRM (Digital Rights Management). A charmingly picaresque journey. IS IT TOO LATE TO NEGOTIATE A SURRENDER  
The Centran Empire was both benevolent and complacent. Benevolent even as it overwhelmed every new inhabited planet it encountered with its military might, but once the planet was pacified, its inhabitants were uplifted to Centran standards of living and the benefits of membership in the Empire. Complacent because the Empire had long been expanding without encountering more than minor obstacles. And then they came across Pandora's Planet, that is, Earth. In spite of the Centran superiority in technology, the conquest of Earth took over three months when the invaders were used to wrapping things up in less than two weeks. But conquest might be too optimistic a term to use since the locals were still waging guerrilla warfare.

and sabotage and the Centrans were hanging on by their equivalent of fingernails And then the Centran scientists tested a group of humans and found that the humans were more intelligent than the Centrans One Centran leader had an idea that might save the Centrans from being ignominiously kicked off the planet again Since the humans were good at war why not put together teams of humans to go out to the fringes of Centran space and handle planets that were proving difficult The teams performed magnificently but back in the heart of the Empire humans and their weird new ideas were spreading like wildfire and if something weren't done soon the humans would end up running the former Centran Empire At the publisher's request this title is sold without DRM Digital Rights Management      **Grantville Gazette, Volume IV** Eric Flint, 2008-06-01
