Philosophie Und Religion Indiens:

Soteriologies of India and Their Role in the Perception of Disability Anand Rao, 2004 At the turn of the century and the beginning of the new Millennium India has made extraordinary industrial and economic progress At the same time the sub continent is faced with innumerable problems in the area of basic social services Religion plays an important role in the interpersonal relationship and social interaction of the people Religion is not only worship and prayer but dictates such factors as who could come in physical contact with the other and who has the right to draw water from a well and who is deprived of it Because of these factors it is necessary to look at the perception of disability in the soteriologies of India This study confines itself to Hinduism as the major religion of India that is based on the achievement of salvation and thus to escape the cycle of birth death and rebirth and Christianity on the other hand that is involved in trying to improve the conditions of the poor and the needy and its main precept is the love of neighbours It would be interesting to pursue these distinctions in reviewing the perception of disability in both these religions

Philosophie aus interkultureller Sicht / Philosophy from an Intercultural Perspective, 2023-08-14 Was Interkulturelle Philosophie ist und worin ihr besonderer Beitrag zur Philosophie im ganzen bestehen kann das kann sich allein in konkreten Ausarbeitungen erweisen Der vorliegende Band repräsentiert eine breitgefächerte Auswahl sowohl der unterschiedlichen Ansatzpunkte von denen interkulturelles Philosophieren ausgeht als auch der diversen Forschungsgebiete innerhalb der Philosophie die durch interkulturelle Fragestellungen angesprochen sind Die Vielfalt der historischen und systematischen Zugangsweisen reflektiert die Überzeugung daß Interkulturelle Philosophie kein in sich geschlossenes Lehrgebäude ist und ein solches auch nicht werden kann sondern interkulturelles Philosophieren eine bestimmte Einstellung und eine Haltung darbietet die auf der grundlegenden Annahme beruht daß die letzte philosophische Einsicht die Wahrheit im Singular von niemandem allein erlangt worden ist und auch nicht erlangt werden kann

Buddhismus als Religion und Philosophie Karsten Schmidt, 2011-05-26 In den letzten 100 Jahren hat der Buddhismus zusammen mit anderen asiatischen und indischen Traditionen in steigendem Maße in Europa und Amerika an Präsenz gewonnen Begriffe wie Nirvana Karma oder Vorstellungen über Wiedergeburt haben längst Eingang gefunden in den Formenbestand westlicher Welt und Daseinserschließung werden allerdings oft nicht angemessen verstanden oder bleiben reduziert auf Klischees was eine fruchtbare Auseinandersetzung und damit die Möglichkeit einer wirklichen Bereicherung des eigenen Denkens erschwert Der Schwerpunkt der Darstellung liegt daher auf dem Verstehen des Buddhismus und in

entsprechend systematischer Perspektive auf den damit verbundenen hermeneutischen Grundlagen sowie auf einer Explikation relevanter Faktoren interkulturellen Verstehens

Hinduism Axel Michaels, 2021-08-10 Hinduism is currently followed by one fifth of humankind Far from a monolithic theistic tradition the religion comprises thousands of gods a complex caste system and hundreds of languages and dialects Such internal plurality inspires vastly ranging rites and practices amongst Hinduism's hundreds of millions of adherents It is therefore not surprising that scholars have been hesitant to define universal Hindu beliefs and practices In this book Axel Michaels breaks this trend He examines

the traditions beliefs and rituals Hindus hold in common through the lens of what he deems its identificatory habitus a cohesive force that binds Hindu religions together and fortifies them against foreign influences Thus in his analysis Michaels not only locates Hinduism s profoundly differentiating qualities but also provides the framework for an analysis of its social and religious coherence Michaels blends his insightful arguments and probing questions with introductions to major historical epochs ample textual sources as well as detailed analyses of major life cycle rituals the caste system forms of spiritualism devotionism ritualism and heroism Along the way he points out that Hinduism has endured and repeatedly resisted the missionary zeal and universalist claims of Christians Muslims and Buddhists He also contrasts traditional Hinduism with the religions of the West where the self is preferred to the not self and where freedom in the world is more important than liberation from the world Engaging and accessible this book will appeal to laypersons and scholars alike as the most comprehensive introduction to Hinduism yet published Not only is Hinduism refreshingly new in its methodological approach but it also presents a broad range of meticulous scholarship in a clear readable style integrating Indology religious studies philosophy anthropological theory and fieldwork and sweeping analyses of Hindu texts

Universal History of Linguistics Esa Itkonen, 1991-01-01 This wide ranging book presents the linguistic achievements of four major cultures to readers presumably conversant with modern theoretical linguistics The chapter on India discusses in detail Pan ini s c 400 B C grammar Ast adhy ay i as well as the work of his commentators Katyayana Patanjali and Bhartr hari In the Chinese tradition the Confucian doctrine of the Rectification of Names is singled out for treatment Arabic linguistics is represented by Sibawaihi s d 793 grammar al Kitab in particular its syntax as well as the subsequent commentary tradition The chapter on Europe which is the most comprehensive of the four covers the time span from antiquity to the 20th century special attention is devoted to the contributions of Plato Aristotle the Stoics Varro Apollonius Dyscolus and the Modistae The achievements of the cultures in linguistics are treated throughout from a deliberately value laden point of view The achievements of Western antiquity and the Middle Ages are shown to be much more than the average linguist is inclined to believe Even more importantly it is shown that the Indian and the Arab traditions have been superior to the European tradition at least until the 20th century The fact that a linguistic theory created some 2 400 years ago is fully as adequate as our best theories today must have far reaching implications for the notion of scientific progress More precisely it proves necessary to distinguish between progress

in the human sciences and progress in the natural sciences These issues which pertain to the general philosophy of science are treated in the final chapter of the book Creation and Evolution Friedrich S. Rothschild, 2018-05-04 The issues surrounding Darwin's theory of evolution as a function of the survival of the fittest have hardly abated since they were initially promulgated about 150 ago The reason is clear behind the theory of evolution is a doctrine of structure of organisms that can be explained only by fitting the adaptation to the external world The older doctrines of creation have been at odds with evolutionism from the outset sometimes utilizing straight theological arguments and at other times employing sophisticated scientific arguments Into the breach steps Friedrich S Rothschild a trained neurologist psychologist and physician On the basis of his researches in comparative embryology Rothschild argues that the central nervous system of animals as well as humans conveys meaning just like language and not just a system aimed at adaptation to the external environment His theory of biosemiotics introduces the concept of inner adaptation This adaptation to the principal forces assign meaning to life In monotheistic religions this force is called God The issue of adaptation is therefore both external and internal related to growth of the person no less than the environment This book is intended for those who are interested in life and its varied meanings to students of sociobiology and medicine as well as those concerned with humanities *Jaina Iconography* Jyotindra Jain, Eberhard Fischer, 2023-09-29 Scholarly monographs on the iconography of Indian religions including Buddhism Jainism Sikhism in India and neighbouring geographical regions Turn of an Age: The Spiritual Roots of Jungian Psychology in Hermeticism, Gnosticism and Alchemy Alfred Ribi, 2019-08-20 In this book Alfred Ribi reaches back across two millennia gathering and engaging an extraordinary collection of writings With authority and fluency Ribi draws together the antique texts of Hellenism Gnosticism Hermeticism and Alchemy and illustrates how these nurture the visionary work of C G Jung Into this tapestry Alfred Ribi weaves personal insights gained over half a century of experience as an analytical psychologist He illuminates how the dreams and visions of modern individuals intertwine with the tradition that Jung indicated to be a spiritual antecedent of his psychology This is the second volume of a two volume work The first volume *The Search for Roots C G Jung and the Tradition of Gnosis* was published in an English translation in 2013 That volume served as a general introduction to the more detailed and multifaceted exposition presented in this second volume This volume is addressed to serious students of Hermeticism Gnosticism and the works of C G Jung It will richly reward those who give it their diligent attention About the Author Alfred Ribi was born in 1931 He studied medicine in Zurich followed by specialization in Psychiatry and Psychotherapy FMH In 1963 he began analysis with Marie Louise von Franz a close associate of C G Jung and subsequently worked for many years as a colleague with Dr von Franz He is a diplomat of the C G Jung Institute Zurich where he has served as Director of Studies a teaching and control analyst and a lecturer and examiner of the Institute He is past President of both the Foundation for Jungian Psychology and of the Psychological Club in Zurich The book was edited and includes a Foreword by Lance S Owens It was translated into English by Mark Kyburz *Exploring Alterity*

in a Globalized World Christoph Wulf, 2016-01-13 This volume develops a unique framework to understand India through indigenous and European perspectives and examines how it copes with the larger challenges of a globalized world Through a discussion of religious and philosophical traditions cultural developments as well as contemporary theatre films and media it explores the manner in which India negotiates the trials of globalization It also focuses upon India's school and education system its limitations and successes and how it prepares to achieve social inclusion The work further shows how contemporary societies in both India and Europe deal with cultural diversity and engage with the tensions between tendencies towards homogenization and diversity This eclectic collection on what it is to be a part of global network will be of interest to scholars and researchers of South Asian studies philosophy sociology culture studies and religion *Lehrbuch Der Geschichte Der Philosophie und Einer Kritischen Literatur Derselben. ...* Johann Gottlieb Buhle, 1796 **Shiva**

Wolf-Dieter Storl, 2004-09-14 An extensive look at all the aspects of multi-natured Shiva Explores the shamanic roots of world spirituality as exemplified by this Hindu god who shares many of the attributes of the Norse Odin and the Celtic Cernunnos Looks at Shiva's relation to contemporary culture Tantra and the dualistic religions of the West To his devotees Shiva is the entire universe and the core of all beings Hindu myth shows him appearing at the beginning of creation as a giant pillar of fire from which this world sprang forth Yet he is also the most approachable of gods for he is the lover of lovers and the devotee of his devotees Of the 1 008 names of Shiva Pashupati Lord of Animals is one of the most common His special relation to animals along with his trickster nature reveal the deep connection of Shiva to shamanism and other gods such as the Norse Odin and the Celtic Cernunnos that came out of the Paleolithic traditions Ethnologist Wolf Dieter Storl was first captivated by Shiva when he was in India as a visiting scholar at Benares Hindu University In this book he invites readers to join in the lively and mythical world of Shiva or Mahadev God of All Gods Shiva is a study in contrasts As the lord of dance he loses himself in ecstatic abandon with his consort Parvati he can make love for 10 000 years Both men and women worship him for his ability to unite and balance masculine and feminine energies But as the ascetic Shankar he sits in deep meditation shunning women and none dare disturb him lest he open his third eye and immolate the entire universe Lord of intoxicants and poisons he is the keeper of secret occult knowledge and powers for which he is worshipped by yogis and demons alike Shiva dances both the joy of being and the dance of doom but in every aspect he breaks through the false ego to reveal the true self lying within This is his true power **The Heart of the Lotus** Sylvia Wetzell, 2015-06-25 Why do present day

women take an interest in a middle age religion Buddhism like Christianity was founded by a male teacher and was organised transmitted and interpreted by men This book is a protocol of an encounter A contemporary woman has read the teachings of the Buddha against the grain and has found some first answers and many more questions In order for a religion to stay alive it has to be rediscovered by every generation anew Just to follow tradition is not enough Whenever women take interest in a traditional religion be it Buddhism Christianity Judaism or Islam they are given a double task We are looking for a

contemporary expression of an old teaching Many contemporary male Buddhists from the West and some from Asia are working on this task Women have to read patriarchal teachings critically with the eyes of a woman The Heart of the Lotus presents central teachings of Buddhism and describes traps we fall into if we don't consider our cultural background and our biological sex and social gender It takes up typical questions women are asking and presents first results concepts and exercises which can support contemporary women and men on their path to inner and outer freedom **Staat und**

Religion in Indien Ira Das, 2004 English summary Ira Das examines the relationship between the state and religion in the Indian Union which in view of the many religions practiced in India was made into a secular state after it became independent in order to guarantee peaceful coexistence The principle of secularism is expressed in various constitutional provisions such as for example the ban on collecting taxes for a certain religion or for religious instruction in state schools In spite of this a complete separation of religion and the state has not been established However the Indian government is in a position to take measures against those religious practices which are regarded as inhumane or discriminatory The result is that the religious freedom guaranteed to individuals and religious communities is subject to restrictions German description Ira Das untersucht das Verhältnis von Staat und Religion in der Indischen Union die vor dem Hintergrund der Vielzahl der in Indien praktizierten Religionen und ihrer tragenden Bedeutung im Alltag der indischen Bevölkerung nach der Unabhängigkeit als säkularer Staat konstituiert wurde um eine friedliche Koexistenz zu gewährleisten Das Prinzip des Säkularismus schlägt sich in verschiedenen Verfassungsbestimmungen nieder wie etwa dem Verbot der Erhebung von Steuern zugunsten einer bestimmten Religion oder des Religionsunterrichts an staatlichen Bildungseinrichtungen Dennoch ist keine vollständige Trennung von Staat und Religion festgelegt Vielmehr kann der indische Staat gegen religiöse Praktiken vorgehen die als menschenunwürdig und diskriminierend angesehen werden Dies hat zur Folge dass die den Individuen und Religionsgemeinschaften gewährleistete Religionsfreiheit weiten Schrankenvorbehalten unterliegt Zudem sind trotz des verfassungsrechtlichen Verbots der Diskriminierung aufgrund der Religionszugehörigkeit staatliche Fördermassnahmen für die durch das hinduistische Kastensystem benachteiligten Bevölkerungsgruppen erlaubt Auch die Geltung religiösen Rechts welches vor allem im Bereich der religiösen Stiftungen und im Familien und Erbrecht eine entscheidende Rolle spielt steht einer gänzlichen Trennung von Staat und Religion im heutigen Indien ebenfalls entgegen Auch wenn ein friedliches Miteinander aller Religionen in Indien bisher nicht erreicht werden konnte und der Säkularismus von Teilen der Bevölkerung abgelehnt wird besteht hierzu dennoch keine Alternative
