Philosophy In 30 Days:

Philosophy in 30 Days Dominique Janicaud, 2005 Plunge straight in and try out philosophy for real in just ten minutes a day This book may not turn you into a great philosopher in thirty days but it will show you how to begin to think philosophically Dominique Janicaud shows that philosophy doesn't have to be intimidating It can even be fun He invites the reader to consider some of the big questions of philosophy and develop the critical inquiring attitude which characterizes good philosophy With a chapter a day this is philosophy at its most accessible Each short chapter tackles a single question such as What is a human being What does freewill mean Is philosophy simply a matter of reading the famous works of the past Do we need religion What are good and evil Along the way we are introduced to some of the greatest thinkers of the past from Plato to Nietzsche *Documents of the Senate of the State of New York* New York (State).
