The Philosophy of Branding Thom Braun, 2004 Praise and Reviews Thom Braun's mission in this eclectic and readable book is to get us thinking and whether he's relating Plato to Persil or Descartes to Diet Coke that's just what he does. No marketer will think about their job in the same way after reading this. Enjoyable and thought provoking. James Thompson, Senior Vice President Marketing Diageo North America. Thom Braun, The Thinking Man's Brand Manager has created a whole new sizzling discourse on branding which provides a terrific antidote to the anodyne filler of standard business texts. Armed with brains and a little Braun, brand managers can become brand leaders. Paul Walton, Chairman The Value Engineers. An original and witty reminder that the most successful brands are driven by talented thinkers. Simon Clift, President Marketing Unilever Home Personal Care. At last, a brand book with a big idea. Braun's entertaining distillation of some of the greatest thinkers of the last 3 000 years offers provocative yet practical conclusions on how we should rethink managing our own brand. A wonderfully fresh and stimulating read. Adam Morgan, author of *Eating the Big Fish*. A thoroughly stimulating and enjoyable read. By looking at brands and branding through the lens of Western philosophy, Braun helps us review afresh some of the fundamentals of marketing. Jim Carroll, Deputy Chairman BBH London. In this original and imaginative slant on contemporary brand management, Thom Braun takes us into the minds of the world's greatest Western thinkers: Heraclitus, Socrates, Plato, Aristotle, Descartes, Spinoza, Leibniz, Locke, Hume, Rousseau, Kant, Hegel, Nietzsche, Wittgenstein, Popper, to reveal what they might say about branding if they were alive today. Filled with contemporary examples, pragmatic insights, and summaries of each philosopher's top tips, this elegant and witty book will resonate with all marketing and branding professionals who want their intellectual and professional faculties stimulated by some new thinking. **Profit Brand** Nick Wreden, 2005-09-03 Profit Brand offers a comprehensive metrics based approach to branding that allows companies to link branding activities directly with bottom line results and align the organization including marketing with common benchmarks that ensure that customers repeat purchase. The Handmaid's Tale and Philosophy Rachel Robison-Greene, 2018-12-04 In *The Handmaid's Tale* and *Philosophy* philosophers give their insights into the blockbuster best selling novel and record breaking TV series *The Handmaid's Tale* The story involves a future breakaway state in New England beset by environmental disaster and a plummeting birth rate in which the few remaining fertile women are conscripted to have sex and bear children to the most powerful men all justified and rationalized by religious fundamentalism Among the questions raised by this riveting and harrowing story *The Handmaid's Tale* displays the connection between sex and power What light does this story shed on sex and power in our own society The divinity of the feminine is associated with the female capacity to give birth Is this association inherently exploitative In the story the revolution rapidly rebranded people by changing their names and placing them into functional groups with specific titles How important is change in language to the suppression of individual freedom *The Handmaid's Tale* sees everything through the eyes of one character How is it possible to construct a self and an identity at odds with the definition which the culture attempts to impose In oppressive societies even the most oppressed do show some freedom of choice What is the limit of autonomy in a repressive society ruled by a fanatical ideology Our present ethics of sex relies heavily on the notion of consent but in the world of *The Handmaid's Tale* there is little scope for consent How is the power of consent constricted by the broader social conditions The feminist idea of Care Ethics can be used to critique various gender relationships How does Care Ethics evaluate our own society and the society depicted in *The Handmaid's Tale* The society portrayed in the story is marked by fierce religiosity yet the Christian God presumably disapproves of its brutal exploitation and oppression What is the relation between a loving Deity and the literal interpretation of scriptural passages Among many dystopian stories what makes *The Handmaid's Tale* particularly memorable and what purpose is served by the contemplation of imaginary dystopias Suicide is common in *The Handmaid's Tale* and contemplating the possibility of suicide is even more common Can life be worth living if the political and religious structure is thoroughly malign Beneath the theocratic preaching there is the practical suggestion that everything is being arranged for the good of society and therefore of everyone Who gets to decide and enforce what is in society's best interests
