Philosophy And Philosophers

S. Jack Odell

Philosophy And Philosophers:

Philosophy and Philosophers John Shand, 2002 Aimed at the beginning student it presents the ideas of the major philosophers and their schools of thought in a readable and engaging way highlighting the central points in each contributor's doctrines and offering a lucid discussion of the next level details that both fills out the general themes and encourages the reader to pursue the arguments still further through a detailed guide to further reading

Story of Philosophy Will Durant, 1961 A brilliant and concise account of the lives and ideas of the great philosophers Plato Aristotle Bacon Spinoza Voltaire Kant Schopenhauer Spencer Nietzsche Bergson Croce Russell Santayana James and Dewey The Story of Philosophy is one of the great books of our time Few write for the non specialist as well as Will Durant and this book is a splendid example of his eminently readable scholarship Durant's insight and wit never cease to dazzle The Story of Philosophy is a key book for any reader who wishes to survey the history and development of philosophical ideas in the Western world

The World's Great Philosophers Robert L. Arrington, 2008-04-15 The World's Great Philosophers provides an introduction to and overview of some of the most profound and influential thinkers in the history of philosophy Presents an introduction to and overview of some of the most profound and influential thinkers in the history of philosophy Contains 40 essays written by an outstanding international assembly of scholars Provides cogent and accessible discussion of key philosophers from around the world Conveys the historical panorama of philosophical thought on the nature of reality the human condition and basic human values

The Great Philosophers: Socrates, Plato, Aristotle and Saint Thomas Aquinas Jeremy Stangroom, James Garvey, 2015-02-03 No matter how you view philosophy regardless of what you think it is this series from The Independent will give you a strong sense of the life and work of the very best thinkers in the philosophical neighbourhood dealing carefully and rationally with the most human of questions the hardest questions the questions which matter most William James in his last great work Some Problems of Philosophy wrote that philosophy sees the familiar as if it were strange and the strange as if it were familiar It can take things up and lay them down again Its mind is full of air that plays round every subject It rouses us from our native dogmatic slumber and breaks up our caked prejudices This series shows how philosophical argument can be profoundly disconcerting in this way how it leads people to question everything they thought they knew about existence knowledge and ethics

The Philosopher Justin Smith-Ruiu, 2017-10-31 How the role of the philosopher has changed over time and across cultures and what it reveals about philosophy today What would the global history of philosophy look like if it were told not as a story of ideas but as a series of job descriptions ones that might have been used to fill the position of philosopher at different times and places over the past 2 500 years The Philosopher does just that providing a new way of looking at the history of philosophy by bringing to life six kinds of figures who have occupied the role of philosopher in a wide range of societies around the world over the millennia the Natural Philosopher the Sage the Gadfly the Ascetic the Mandarin and the Courtier The result is at once an unconventional introduction to the global history of

philosophy and an original exploration of what philosophy has been and perhaps could be again By uncovering forgotten or neglected philosophical job descriptions the book reveals that philosophy is a universal activity much broader and more gender inclusive than we normally think today In doing so The Philosopher challenges us to reconsider our idea of what philosophers can do and what counts as philosophy

The Philosophers Ben-Ami Scharfstein, 1989 This highly readable volume offers a broad introduction to modern philosophy and philosophers Scharfstein contends that personal experience especially that of childhood affects philosophers sense of reality and hence the content of their philosophies Basing his argument on biographical studies of twenty great philosophers from Descartes to Sartre he provides the beginnings of a psychological history of philosophy

The Lives and Theories of Eminent Philosophers Diogenes Laertius, 2023-11-16 In The Lives and Theories of Eminent Philosophers Diogenes Laertius meticulously compiles biographies and doctrines of ancient philosophers offering invaluable insight into the intellectual landscape of the Hellenistic period The text is characterized by its engaging narrative style intertwining anecdotes with philosophical exposition revealing not just the thoughts of revered figures like Socrates and Epicurus but also their personal lives quirks and legacies Laertius operates within a context of philosophical historiography creating a comprehensive yet accessible reference that blends historical accuracy with a flair for storytelling Diogenes Laertius a Greco Roman philosopher himself draws upon numerous earlier sources likely inspired by a desire to preserve the ephemeral thoughts of great minds for posterity His background in philosophy and interest in the nature of wisdom lend authenticity to his portrayal of the thinkers contextualizing their ideas within the broader philosophical discourse of his time The work reflects not only Laertius s intellectual curiosity but also his ambition to provide a lasting tribute to the legacies of these philosophers This remarkable compilation is a treasure trove for both scholars and general readers alike inviting them to explore the intricacies of philosophical thought through the lives that shaped it Laertius s unique blend of biography and philosophy captivates making it an essential addition to the library of anyone interested in the roots of Western thought

Fifty Major Philosophers Kathryn Plant, Diane Collinson, 2007-01-24 A comprehensive update of the best selling first edition this revitalized new text presents readers with a series of clear well written entries focusing on fifty of the most influential philosophers from the last two thousand years Chosen to present the traditional mainstream of European philosophy the text also provides a critical survey that meets the needs of readers seeking a broad basic understanding as well as a foundation for further philosophical enquiry Encompassing a wide range of ancient medieval and modern philosophers features of the second edition include new entries on Dewey Collingwood Popper Quine Merleau Ponty Ayer and Rawls a thorough revision of existing entries a complete update of the further reading section an expanded glossary the addition of an alphabetical table of contents and an index for ease of use Authoritative and highly readable this book is a vital reference tool for all those wishing to improve their understanding of some of the world s most fascinating intellectual figures

The Story of Philosophy; the Lives and Opinions of the Greater Philosophers Will

Durant,1928 Lives of the Eminent Philosophers Diogenes Laertius,2018 Lives of the Eminent Philosophers of Diogenes Laertius is a crucial source for much of what we know about the origins of philosophy in ancient Greece Accompanied by dozens of artworks and newly commissioned essays that shed light on Diogenes context and influence this new complete translation provides a revealing glimpse into the philosophers of Plato s Academy Aristotle s Lyceum and Epicurus Garden

The Owl of Minerva S. Jack Odell,1975 *Great Philosophers* Jeffrey Reid,2021-01-19 Great Philosophers tells the story of Western philosophy through the thought of its main protagonists the great philosophers The narrative begins with the Presocratic philosophers Heraclitus and Parmenides and ends in recent times as each philosopher wrestles with the problems and solutions of his or her predecessors Along the way Jeffrey Reid provides an engaging introduction to many of the principal ideas of luminaries such as Plato Descartes Hume Kant Hegel Nietzsche and Sartre Great Philosophers not only provides an ideal introduction to philosophical thought but also an original understanding of the discipline of philosophy itself The book aims not only to recount an important tradition but also to reveal something about how it has affected who we are

German Philosophers Roger Scruton,2001 German Philosophers contains studies of four of the most important German theorists Kant arguably the most influential modern philosopher Hegel whose philosophy inspired an enduring vision of a communist society Schopenhauer renowned for his pessimistic preference for non existence and Nietzsche who has been appropriated as an icon by an astonishingly diverse spectrum of people *What Makes a Philosopher Great?* Stephen Hetherington,2017-11-10 This book is inspired by a single powerful question What is it to be great as a philosopher No single grand answer is presumed to be possible instead rewardingly close studies of philosophical greatness are developed This is a scholarly yet accessible volume blending metaphilosophy with the long history of philosophy and traversing centuries and continents The result is a series of case studies by accomplished scholars each chapter trying to understand and convey a particular philosopher s greatness Lloyd P Gerson on Plato Karyn Lai on Zhuangzi David Bronstein on Aristotle Jonardon Ganeri on Buddhaghosa Jeffrey Hause on Aquinas Gary Hatfield on Descartes Karen Detlefsen on du Ch telet Don Garrett on Hume Allen Wood on Kant as a moral philosopher Nicholas F Stang on Kant as a metaphysician Ken Gemes on Nietzsche Cheryl Misak on Peirce David Macarthur on Wittgenstein This also serves a larger philosophical purpose Might we gain increased clarity about what philosophy is in the first place After all in practice we individuate philosophy partly through its greatest practitioners greatest contributions The book does not discuss every philosopher who has been regarded as great The point is not to offer a definitive list of The Great Philosophers but rather to learn something about what great philosophy is and might be from illuminated examples of past greatness **Philosophers: Their Lives and Works** DK,2022-04-30

From Confucius and Plato to Karl Marx and Noam Chomsky this ebook brings together more than 100 illustrated biographies of the world s great philosophers Introduced with a stunning portrait of each featured philosopher each profile traces the ideas friendships loves and rivalries that inspired the world s greatest thinkers and influenced their work offering revealing

insights into what drove them to question the meaning of life and come up with new ways of understanding the world and the history of ideas Lavishly illustrated with photographs and paintings of philosophers their homes friends studies and their personal belongings together with pages from original manuscripts first editions and correspondence this ebook introduces the key ideas themes and working methods of each featured individual setting their ideas within a wider historical and cultural context Charting the development of ideas across the centuries in both the East and West from ancient Chinese philosophy to the work of contemporary thinkers *Philosophers* provides a compelling glimpse into the personal lives loves and influences of the great philosophers as they probed into life's big ideas **The Story of Philosophy** Will Durant, 1933

Calling Philosophers Names Christopher Moore, 2019-12-17 An original and provocative book that illuminates the origins of philosophy in ancient Greece by revealing the surprising early meanings of the word philosopher *Calling Philosophers Names* provides a groundbreaking account of the origins of the term philosophos or philosopher in ancient Greece Tracing the evolution of the word's meaning over its first two centuries Christopher Moore shows how it first referred to aspiring political sages and advice givers then to avid conversationalists about virtue and finally to investigators who focused on the scope and conditions of those conversations Questioning the familiar view that philosophers from the beginning loved wisdom or merely cultivated their intellect Moore shows that they were instead mocked as laughably unrealistic for thinking that their incessant talking and study would earn them social status or political and moral authority Taking a new approach to the history of early Greek philosophy *Calling Philosophers Names* seeks to understand who were called philosophoi or philosophers and why and how the use of and reflections on the word contributed to the rise of a discipline Drawing on a wide range of evidence the book demonstrates that a word that began in part as a wry reference to a far flung political bloc came hardly a century later to mean a life of determined self improvement based on research reflection and deliberation Early philosophy dedicated itself to justifying its own dubious seeming enterprise And this original impulse to seek legitimacy holds novel implications for understanding the history of the discipline and its influence **What Philosophers Should Know About Truth** Fred Stoutland, 2019-05-06 Fred Stoutland was a major figure in the philosophy of action and philosophy of language This collection brings together essays on truth language action and mind and thus provides an important summary of many key themes in Stoutland's own work as well as offering valuable perspectives on key issues in contemporary philosophy *Legendary Philosophers: the Life and Philosophy of Aristotle* Charles River Charles River Editors, 2013-10-02 Discusses Aristotle's philosophy and ideas about knowledge reason logic politics rhetoric science metaphysics and more Includes busts and other art depicting Aristotle and other important people in his life Includes a Bibliography for further reading All men by nature desire to know An indication of this is the delight we take in our senses for even apart from their usefulness they are loved for themselves and above all others the sense of sight For not only with a view to action but even when we are not going to do anything we prefer sight to almost everything else The reason is that

this most of all the senses makes us know and brings to light many differences between things Aristotle Metaphysics Among all the knowledge and pursuits handed down by our ancestors few were as important as philosophy which literally taught people how to think and became directly responsible for ideas like reason and empiricism Men like Socrates Plato and Aristotle formed the backbone of Western philosophy and subsequent philosophers like Marcus Aurelius and Thomas Aquinas expounded on previous philosophy In Charles River Editors Legendary Philosophers series readers can get caught up to speed on the lives of the most important philosophers in history in the time it takes to finish a commute while learning interesting facts long forgotten or never known Alongside Plato Aristotle is without question one of the most influential ancient Greek philosophers and arguably the greatest icon of ancient thought His life and work expanded rapidly and extensively across the ancient world helped in part by the fact he tutored Alexander the Great he was a recognized and celebrated intellectual force during all of antiquity and the Middle Ages Furthermore after Aristotle Greek thought and political influence began a rapid decline and the cultivation of knowledge so important during the classic period slowly but surely began to fade making Aristotle the last of ancient Greece s great philosophers Aristotle s influence on Western philosophical thought is marked by an extensive list of crucial issues that both signaled the way forward but at the same time boggled philosophers minds throughout the centuries Aristotle s reflections on Being as well as his rigorous Logic were his most important philosophical legacy but he was also an intellectual in the broadest sense of the word His interests went beyond metaphysical questions and into practical life and practical knowledge from ethics to politics rhetoric and the sciences all of which left a profound impact on Western political thought and ethics Naturally this has also made him one of the foundations of knowledge and philosophical thought that subsequent philosophers relied on when forming and refining their own philosophies Legendary Philosophers The Life and Philosophy of Aristotle chronicles Aristotle s life but it also discusses his canon of work examines his philosophy in depth and analyzes his enduring legacy Along with pictures of historic art depicting important people you will learn about Aristotle like you never have before in no time at all **THE STORY OF PHILOSOPHY** WILL DURANT,1933

Embracing the Melody of Term: An Emotional Symphony within **Philosophy And Philosophers**

In some sort of eaten by monitors and the ceaseless chatter of quick connection, the melodic splendor and mental symphony created by the published term frequently fade into the background, eclipsed by the persistent noise and interruptions that permeate our lives. However, located within the pages of **Philosophy And Philosophers** a stunning fictional treasure filled with fresh emotions, lies an immersive symphony waiting to be embraced. Crafted by an elegant composer of language, this interesting masterpiece conducts viewers on an emotional journey, skillfully unraveling the hidden songs and profound affect resonating within each cautiously crafted phrase. Within the depths of the emotional review, we shall investigate the book is central harmonies, analyze its enthralling writing model, and submit ourselves to the profound resonance that echoes in the depths of readers souls.
