**Walt Whitman, Philosopher Poet** John W. McDonald, 2007-03-06 Was Walt Whitman celebrated poet of freedom and democracy a determinist at heart A close study of Leaves of Grass shows that Whitman consistently acknowledges the inevitability of all things As John McDonald argues this seeming contradiction lies at the heart of Whitman's poetry a fact continually overlooked in the more than 100 years that critics have written about the poet and his magnum opus This volume contains an extensive study of Walt Whitman's poetry that explores both Whitman's guiding philosophy and its uses to unlock meaning within Leaves of Grass Beginning with a detailed explanation of determinism the author examines Whitman's use of indirection which the poet referred to at times as a game played to evade the reader's comprehension The work seeks to define a philosophy which was in the author's opinion the most significant influence in Whitman's thought and in his art Various poems are examined in depth including Song of Myself Passage to India and the particularly significant With Antecedents Gathered here will be evidence from Whitman's poems and prose and from his notes and quoted remarks enough evidence to show beyond doubt that determinism was indeed his most significant influence An innovative look at one of America's greatest poets

**Muslim Perspectives on Islamophobia** Zouhir Gabsi, 2024-08-06 The Islamic positioning of Islamophobia is presented in this book Through Islamic or Muslim perspectives the book engages with various Islamic texts and discourses spoken and written emanating from preachers and scholars of Islam to discuss the points of convergence and divergence with the Western interpretation of the phenomenon The book aims to look at Islamophobia from a hitherto unexplored angle by first analyzing the points of convergence and divergence between the internal Muslim and external Western perspectives and then by providing new approaches to curbing Islamophobia through a holistic spiritual dimension of Islam and cultural memory The book contends that the bridges of understanding between the East and the West can only

be built if some of Islam's theological concepts such as the place of reason in Islam are reinterpreted by considering the Islamic perspectives. While the book acknowledges previous work on Islamophobia, it contributes to a deeper understanding of Islamophobia in its internal and external manifestations by considering the theoretical frameworks of racism and xenophobia. Readers interested in Islamic studies and anti-racism narratives would find this book's eclectic approach and balanced perspective of the phenomenon informative and enlightening. Where Is History Going? John Warwick Montgomery, 2018-01-26. In a closely reasoned logical presentation, Dr. Montgomery examines such issues as: Where is History Going? What Does a Historian Know About Jesus Christ? The Divinity of Jesus Christ, Karl Barth and Contemporary Theology of History, Tillich's Philosophy of History, Gordon Clark's Historical Philosophy, Toward a Christian Philosophy of History. Dr. Montgomery thoroughly documents his conclusions on the basis of a wide range of authorities and concludes that the only valid approach to history is from the Christian perspective: the authority of God, His Son, and His Word. *LIFE*, 1969-02-07. *LIFE* Magazine is the treasured photographic magazine that chronicled the 20th Century.
