## **Philosophy Of Decadentism A Study In Exi:**

The Philosophy of Decadentism Norberto Bobbio, 1948      **The Existentialist Theology of Paul Tillich....** Bernard Martin, 1963      Catalogue of the Lamont Library, Harvard College Harvard University. Library. Lamont Library, Lamont Library, 1953      *Zen-Existentialism* Lit-sen Chang, 2011-07-21 Modern man has found that material achievements are failing him but in his escape from despair he has become an easy prey for the deceptive cult of Zen Existentialism There has emerged a mode of radical New Humanism with its emphasis on human autonomy In place of the God man appears the man god There is a search for the world within the limitless inner space the expansion of consciousness and the transcendental experience of Satori First published in 1969 this book prophetically anticipated the growth of New Age developments in the decades to follow Lit sen Chang directly spoke to the Hippie movement of his day which was then seeking various means of transcendence through drugs and eastern mysticism This book also reflects fifty years of bitter experiences of the author s spiritual pilgrimage and shows how he was miraculously delivered by the grace and power of God from his cul de sac Chang writes of the utter futility of the fantasy of the East analyzes the root causes of the crises in the West and points out the doom of auto soterism after his careful diagnosis of the human problem in cultural philosophical religious and theological terms

*Whitaker's Cumulative Book List* , 1948      **Nietzsche, Biology and Metaphor** Gregory Moore, 2002-01-24 Nietzsche Biology and Metaphor explores the German philosopher s response to the intellectual debates sparked by the publication of Charles Darwin s *The Origin of Species* By examining the abundance of biological metaphors in Nietzsche s writings Gregory Moore questions his recent reputation as an eminently subversive and post modern thinker and shows how deeply Nietzsche was immersed in late nineteenth century debates on evolution degeneration and race The first part of the book provides a detailed study and interpretation of Nietzsche s much disputed relationship to Darwinism Uniquely Moore also considers the importance of Nietzsche s evolutionary perspective for the development of his moral and aesthetic philosophy The second part analyzes key themes of Nietzsche s cultural criticism his attack on the Judaeo Christian tradition his diagnosis of the nihilistic crisis afflicting modernity and his anti Wagnerian polemics against the background of fin de si cle fears about the imminent biological collapse of Western civilization      **Proceedings of the Arkansas Academy of Science** Arkansas Academy of Science, 1955

**Existentialism and Phenomenology** Leonard Orr, 1978 The compiling of a bibliography requires both a thorough knowledge of the subject and the ability to discriminate effectively Success depends as much on the clear definition of focus as on the evaluation of the texts considered Orr succeeds on each count thereby rendering an invaluable service to students and scholars alike Particularly interesting is the inclusion of works devoted to the interrelatedness of existentialism and the political and social sciences And extremely helpful are the notations referring the researcher to sections of a work either of particular significance or pertinent to a specific point of view An excellent introduction emphasizes the movement away from the fundamental ontological concerns of existential thought Orr s effort to

resituate the research within the original dimensions of existentialism and phenomenology as exploratory processes as opposed to intellectual systems is most commendable FRENCH REVIEW      **Mind** ,1949 A journal of philosophy covering epistemology metaphysics philosophy of language philosophy of logic and philosophy of mind      *Bulletin of the New York Academy of Medicine* New York Academy of Medicine,1961      *Everyman's Encyclopaedia* Ernest Franklin Bozman,1967

**The Problem of Atheism** Augusto Del Noce,2022-01-05 In 1964 Augusto Del Noce assembled in a book some of his best works on Marxism atheism and the history of modern philosophy The result was *Il problema dell ateismo* which he always regarded as foundational to his way of thinking The book remains his best known work and is still in print in Italy almost sixty years later The Problem of Atheism offers the first English translation of this landmark book one of the earliest works to recognize the new secularizing trends in Western culture following World War II Del Noce situates atheism historically reconstructing its philosophical trajectory through European modernity Documenting the author s entire intellectual experience these essays explore the birth of modern philosophy reckon with the great European crisis of 1917 to 1945 and the Cold War that followed and mine the opposition between Marxism and the rise of the affluent society The result is rich with premonitions of the cultural landscape that would take shape throughout the 1960s and the decades that followed Proving its English translation to be long overdue The Problem of Atheism remains relevant to contemporary debates about secularization political theology and modernity      [An Annotated Bibliography of Philosophy in Catholic Thought, 1900-1964](#) George F. McLean,1967      [The Shelf List of the Union Theological Seminary Library in New York City](#) Union Theological Seminary (New York, N.Y.).
