The Social and Political Philosophy of Jacques Maritain Jacques Maritain, Joseph William Evans, Leo Richard **An Introduction to Philosophy** Jacques Maritain, 2005-11-18 Jacques Maritain s An Introduction to Ward, 1956 Philosophy was first published in 1931 Since then this book has stood the test of time as a clear guide to what philosophy is and how to philosophize Inspired by the Thomistic Revival called for by Leo XIII Maritain relies heavily on Aristotle and St Thomas Aguinas to shape a philosophy that far from sectarian theology in disguise is driven by reason and engages the modern world Re released as part of the Sheed Ward Classic series An Introduction to Philosophy is sure to enliven the minds of students and general readers for years to come From the new introduction by Ralph McInerny You are about to read a magnificent introduction not only to a kind of philosophy but to philosophizing itself Jacques Maritain was a relatively young man when he wrote this book but his effort is one that attracts any philosopher more and more as he grows older However odd and unusual what he says becomes the philosopher yearns to show how even the most abstruse claims can be put into relation with what the reader already knows That in its essence is what teaching is In this book the reader will find a wise and certain guide into philosophizing as such And in the end he will find that what he reads is really only a refinement and development of what he and everybody else already knew The Social and Political Philosophy of Jacques Maritain Jacques Maritain, 1974-06 The Social and Political Philosophy of Jacques Maritain Jacques Maritain, 2003-01-01 Man and the State Jacques Maritain, 1998 Of time transcending value this book is probably the most succinct and clearest statement of Thomistic political theory available to the English language reader Written during his exile from war torn Europe Man and the State is the fruit of Maritain's considerable learning as well as his reflections on his positive American experience and on the failure of regimes he closely encountered on the Continent Jude P Dougherty The Catholic University of America The lectures that were the basis for Man and the State were delivered at the University of Chicago at a time when Maritain was still in the first enthusiasm of his participation in the 1948 Universal Declaration of Human Rights He devotes particular attention to the concept of rights since historically rights theories were fashioned to supplant the natural law theory to which Maritain as a Thomist gives his allegiance Maritain provides an ingenious and profound theory as to how natural law and natural rights can be complementary For this reason alone it remains a fundamental contribution to political philosophy but it is filled with other gems as well Was Maritain too optimistic in his appraisal of modernity Or have we unjustly lost the optimism that was his Man and the State is an invitation to rethink the way we pose the basic questions of political philosophy Ralph McInerny Jacques Maritain Center University of Notre Dame ABOUT THE AUTHOR Jacques Maritain 1882 1973 distinguished French Catholic philosopher and writer was the author of more than fifty books A preeminent interpreter of the thought of Thomas Aguinas Maritain was a professor of philosophy at the Institut Catholique de Paris Columbia University and Princeton University He served as French Ambassador to the Vatican from 1945 to 1948
