

# Philosophy and literature

- They have similarity in main base. It is reality. If philosophy rejects on reality then it abstracted in finding main self like who am I ? so literature starts in reality or fact then proceed by imagination (not fantasy). It is pass through creative process then becoming beautiful.
- They have differences in methodology.
  - Literature : It is the historical life in reality.
  - Philosophy : spread out as reflection of the experience life.

## **Philosophy Of Literature An Introduction:**

*Philosophy of Literature* Christopher New, 2002-01-04 Literature like the visual arts poses its own philosophical problems While literary theorists have discussed the nature of literature intensively analytic philosophers have usually dealt with literary problems either within the general framework of aesthetics or else in a way that is accessible only to a philosophical audience The present book is unique in that it introduces the philosophy of literature from an analytic perspective accessible to both students of literature and students of philosophy Specifically the book addresses the definition of literature the distinction between oral and written literature and the identity of literary works the nature of fiction and our emotional involvement with fictional characters the concept of imagination and its role in the apprehension of literary works theories of metaphor and postmodernist theory on the significance of the authors intentions to the interpretation of their work an examination of the relevance of truth and morality to literary appreciation Lucid and well organised and free from jargon *Philosophy of Literature An Introduction* offers fresh approaches to traditional problems and raises new issues in the philosophy of literature

**Philosophy** Lowell Kleiman, Stephen Lewis, 1998-04 Philosophy and literature are natural allies philosophy supplying perennial themes raised anew from one generation to the next literature providing vivid illustrations of the meaning and poignancy of abstract thought Illuminates basic philosophical concepts through literary works This unique text introduces students to philosophy through the medium of great literature The book is divided into seven parts each devoted to the illumination of a basic philosophical concept such as Knowledge Truth Personal Identity Ethics and justice through the use of literary selections from Sophocles Oedipus the King James Joyce Araby Kafka The Metamorphosis and John Dos Passos The House of Morgan among many others The editors have given special attention to choosing the right combination of literary piece and philosophical issue to ensure that the story or play lend itself to philosophical scrutiny Selections of the best philosophical writings The questions raised by these selections are then explored further through some of the best philosophical writings available including the writings of Aristotle William James Plato Locke John Stuart Mill and many other classic philosophers as well as contemporary pieces from Richard Rorty Peter Unger John Rawls John Hick and others In each chapter the editors have attempted to include the clearest presentation of a particular point of view sometimes going back to an earlier article not generally found in other current texts Throughout they have made an effort to balance the analytic tradition with hermeneutics and feminist philosophy Excellent introduction for students Every chapter is introduced with an essay by the editors that provides a unifying thread through the various philosophical and literary pieces that follow Each chapter ends with discussion questions and suggestions for further study The result is a volume that will provide students with a valuable tool for illuminating timeless as well as contemporary issues and an introduction to philosophy that they will remember and to which they can return over and over again

*The Cambridge Introduction to Literature and Philosophy* Anthony J. Cascardi, 2014-02-17 This Introduction provides an original synthetic overview of the

relations between literature and philosophy from ancient times to the present The book covers a wide range of genres historical periods and topics making it a valuable introduction and guide for students teachers and researchers in literary criticism literary theory and philosophy

**Philosophy and Literature** Ole Martin Skilleas,2001 What does philosophy think about literature And what does literary theory tell us about philosophy Find out how philosophy addresses the questions of the nature and value of literature and how literary analysis shows that philosophy s attempts at persuasion conflict with its image of pure and untainted reason

*Philosophy in Literature* ,1992 *Buddhist Literature as Philosophy, Buddhist Philosophy as Literature* Rafal K. Stepień,2020-11-01 Can literature reveal reality Is philosophical truth a literary artifice How does the way we think affect what we can know Buddhism has been grappling with these questions for centuries and this book attempts to answer them by exploring the relationship between literature and philosophy across the classical and contemporary Buddhist worlds of India Tibet China Japan Korea and North America Written by leading scholars the book examines literary texts composed over two millennia ranging in form from lyric verse narrative poetry panegyric hymn and koan to novel hagiography secret autobiography autofiction treatise and sutra all in sustained conversation with topics in metaphysics ethics aesthetics and the philosophies of mind language literature and religion Interdisciplinary and cross cultural this book deliberately works across and against the boundaries separating three mainstays of humanistic pursuit literature philosophy and religion by focusing on the multiple relationships at play between content and form in works drawn from a truly diverse range of philosophical schools literary genres religious cultures and historical eras Overall the book calls into question the very ways in which we do philosophy study literature and think about religious texts It shows that Buddhist thought provides sophisticated responses to some of the perennial problems regarding how we find create and apply meaning on the page in the mind and throughout our lives

*The Beloved in Middle Eastern Literatures* Alireza Korangy,Hanadi Al-Samman,Michael Beard,2017-05-30 In the long literary history of the Middle East the notion of the beloved has been a central trope in both the poetry and prose of the region This book explores the concept of the beloved in a cross cultural and interdisciplinary manner revealing how shared ideas on the subject supersede geographical and temporal boundaries and ideas of nationhood The book considers the beloved in its classical modern and postmodern manifestations taking into account the different sexual orientations and forms of desire expressed From the pre Islamic Udhri romantic unrequited love to the erotic same sex love in thirteenth century poetry and prose the divine Sufi reflections on the topic and post revolutionary love encounters in Iran Egypt and Saudi Arabia *The Beloved in Middle Eastern Literatures* connects the affective and cultural with the political and the obscene In focusing on the diverse manifestations of love and tropes of the lover beloved binary this book is unique in foregrounding what is often regarded as a taboo subject in the region The multifaceted outlook reveals the variety of philological philosophical poetic and literary forms that treat this significant motif

**Moral Philosophers and the Novel** P. Johnson,2004-03-25 In this fascinating study Peter Johnson makes explicit the

issues involved in using the novel as a source in moral philosophy The book pays close attention to questions of method aesthetic accounts of the novel and the nature of ethical knowledge The views of leading philosophers are examined and criticised in the light of the book's distinctive contribution to the current debate German Idealism Espen

Hammer, 2007-08-07 This outstanding collection of specially commissioned chapters examines German idealism from several angles and assesses the renewed interest in the subject from a wide range of fields Including discussions of the key representatives of German idealism such as Kant Fichte and Hegel it is structured in clear sections dealing with metaphysics the legacy of Hegel's philosophy Freedom and Hegel recognition and agency autonomy and nature the philosophy of German romanticism Amongst other important topics German Idealism Historical and Philosophical Perspectives addresses the debates surrounding the metaphysical and epistemological legacy of German idealism its importance for understanding recent debates in moral and political thought its appropriation in recent theories of language and the relationship between mind and world and how German idealism affected subsequent movements such as romanticism pragmatism and critical theory Contributors Espen Hammer Stephen Houlgate Sebastian Gardner Paul Redding Andrew Bowie Richard Eldridge Jay Bernstein Frederick Beiser Paul Franks Robert Pippin Fred Rush Manfred Frank Terry Pinkard Robert Stern Buddhism

Between Religion and Philosophy Rafal K. Stepień, 2024 N g rjuna is the most influential of all Buddhist thinkers following the Buddha himself Throughout his works N g rjuna calls on us to completely abandon all our views But how could anyone possibly do that This book shows not only how N g rjuna's truly radical teaching of abelief makes perfect sense within his Buddhist philosophy but how it stands at the summit of his religious mission to care for all living beings Rather than treating any one aspect of N g rjuna's ideas in isolation here he emerges as forging a single system of thought and practice one that challenges the very ways in which we think about religion and philosophy *Finding Philosophers in Global Fiction* Anway Mukhopadhyay, Saptarshi Mallick, Debashree Dattaray, 2024-09-05 A cross cultural study that explores and redefines what philosophy philosophizing and philosophers are through the lens of literature The academic discipline of philosophy may tell us too rigidly what a philosopher is or should be but fictional narration often upholds the core conundrums of humankind in which philosophy germinates This collection of essays explores whether a study of philosophers at a planetary scale or at least on a broad cross cultural spectrum can decouple philosophy from its academic aspect and lend it a more inclusive domain Contributors to this volume play with three conceptual poles making them interact with each other and get modified through this interaction fiction narrative and philosopher How do these three terms get semantically modified and broadened in scope when we speak of the figures of philosophers in imaginative writing How do these terms assume different connotations in different cultural contexts interacting with the multiplicity of not just thought but also the media and tools of thought Do we always think only rationally Or do we also think with and through emotively powerful images symbols and tropes In the end *Finding Philosophers in Global Fiction* insists on the need to de elitize and democratize the concept of a

philosopher by reflecting on the possibility of seeing a philosopher as one who sees things clearly from any vantage point

**The Philosophy of Julia Kristeva** Sara G. Beardsworth, 2020-08-18 The Philosophy of Julia Kristeva is the latest addition to the highly acclaimed series The Library of Living Philosophers The book epitomizes the objectives of this acclaimed series it contains critical interpretation of one of the greatest philosophers of our time and pursues more creative regional and world dialogue on philosophical questions The format provides a detailed interaction between those who interpret and critique Kristeva's work and the seminal thinker herself giving broad coverage from diverse viewpoints of all the major topics establishing her reputation With questions directed to the philosopher while they are alive the volumes in The Library of Living Philosophers have come to occupy a uniquely significant place in the realm of philosophy The inclusion of Julia Kristeva constitutes a vital addition to an already robust list of thinkers The Philosophy of Julia Kristeva exemplifies world class intellectual work closely connected to the public sphere Kristeva has been said to have inherited the intellectual throne left vacant by Simone de Beauvoir and has won many awards including the Hannah Arendt Prize for Political Thought Julia Kristeva's autobiography provides an excellent introduction to her work situating it in relation to major political intellectual and cultural movements of the time Her upbringing in Soviet dominated Bulgaria her move to the French intellectual landscape of the 1960s her visit to Mao's China her response to the fall of the Berlin Wall her participation in a papal summit on humanism her appointment by President Chirac as President of the National Council on Disability and her setting up of the Simone de Beauvoir prize honoring women in active and creative fields are all major moments of this fascinating life The major part of the book is comprised of thirty six essays by Kristeva's foremost interpreters and critics together with her replies to the essays These encounters cover an exceptionally wide range of theoretical and literary writing The strong international and multidisciplinary focus includes authors from over ten countries and spans the fields of philosophy semiotics literature psychoanalysis feminist thought political theory art and religion The comprehensive bibliography provides further access to Kristeva's writings and thought The preparation of this volume the thirty sixth in the series was supported by a major grant from the National Endowment for the Humanities

**Literature and Moral Theory** Nora Hämäläinen, 2017-05-18 Literature and Moral Theory investigates how literature in the past 30 years has been used as a means for transforming the Anglo American moral philosophical landscape which until recently was dominated by certain ways of doing theory It illuminates the unity of the overall agenda of the ethics literature discussion in Anglo American moral philosophy today the affinities and differences between the separate strands discernible in the discussion and the relationship of the ethics literature discussion to other complexly overlapping trends in late 20th century Anglo American moral philosophy neo Aristotelianism post Wittgensteinian ethics particularism and anti theory It shows why contemporary philosophers have felt the need for literature how they have come to use it for their own philosophically radical purposes of understanding and argument and thus how this turn toward literature can be used for the benefit of a moral
