**Library Journal**, 2001 Includes beginning Sept 15 1954 and on the 15th of each month Sept May a special section School library journal ISSN 0000 0035 called Junior libraries 1954 May 1961 Also issued separately      **Selected New Books** New Jersey State Library, 1985      *American Book Publishing Record*, 2002      Book Review Index, 2002      The Taking of New York City Andrew Rausch, 2024-11-05 For a time in the 1970s New York City seemed to many to be genuinely on the cusp of collapse Plagued by rampant crime graft catastrophic finances and crumbling infrastructure it served as a symbol for the plight of American cities after the convulsions of the 1960s This tale of urban blight was reinforced wherever one looked whether in the news media memorably captured in the infamous New York Daily News headline Ford to City Drop Dead or the countless movies that evoked the era's uniquely gritty sense of dread *The Taking of New York City* is a history of both New York and some of the decade's most definitive films including *The French Connection* 1971 the first two *Godfather* movies 1972 1974 *Taxi Driver* 1976 *Serpico* 1973 *Dog Day Afternoon* 1975 and many more It was also an era in which the city wrestled with the racial tensions still threatening the tear the nation apart never more so than in Blaxploitation classics such as *Shaft* 1971 and *Super Fly* 1972 These films depicted the city that never sleeps as a grim violent place overridden with muggers pimps and killers Projected at drive ins and inside their local movie houses rural America saw New York as a nightmare a vile dystopia where the innocent couldn't rely on the local law enforcement who were seemingly all on the take If one took Hollywood's word for it the only way a person was able to find justice in 1970s New York City was by grabbing a gun and meting it out themselves Author Andrew Rausch meticulously separates fact and fiction in this illuminating book Attentive to the ways that New York's problems were exaggerated or misrepresented it also gives an unvarnished look at just

how bad things could get in the Rotten Apple and how movies told that story to the country and the world      **Book Review Digest** ,2002      *Paging New Jersey* James F. Broderick,2003 This engaging book answers such intriguing questions as how author Peter Benchley got the idea for Jaws where Aaron Burr shot Alexander Hamilton and why the Hindenberg exploded over Lakehurst in 1937      **The Unfolding** A.M. Homes,2022-09-06 A much anticipated wickedly funny and sharply observed political satire This novel of politics and family brings readers to the fault line of American politics The New York Times Book Review Beyond being good or bad the characters in this impressive book are above all things unpredictable Wall Street Journal One family will remake America Even if they fall apart trying A M Homes delivers us back to ourselves in this stunning alternative history that is both terrifyingly prescient deeply tender and devastatingly funny The Big Guy loves his family money and country Undone by the results of the 2008 presidential election he taps a group of like minded men to reclaim their version of the American Dream As they build a scheme to disturb and disrupt the Big Guy also faces turbulence within his family His wife Charlotte grieves a life not lived while his 18 year old daughter Meghan begins to realize that her favorite subject history is not exactly what her father taught her In a story that is as much about the dynamics within a family as it is about the desire for those in power to remain in power Homes presciently unpacks a dangerous rift in American identity prompting a reconsideration of the definition of truth freedom and democracy and exploring the explosive consequences of what happens when the same words mean such different things to people living together under one roof From the writer who is always razor sharp and furiously good Zadie Smith a darkly comic political parable braided with a Bildungsroman that takes us inside the heart of a divided country      Deepening Literacy Learning Mary Ann Reilly,Jane M. Gangi,Rob Cohen,2010-09-01      *The Phoenix* Henning Boëtius,2001      **The Nurse Murders** Jon Talton,2023-12-05 A sadistic killer is terrorizing Phoenix and he s got Gene Hammons number It s 1936 and private investigator Gene Hammons has more work than he can handle A crime syndicate J Edgar Hoover a wealthy family from back East and a wily stalker all want something from him His capable but drug addicted brother still a homicide detective is as much a hindrance as a help Luckily Hammons finds a professional ally in Pamela Bradbury a fellow gumshoe with some new tricks to teach him When the two pair up there doesn t seem to be a case they can t solve from kidnapping to blackmail to an intricate gold smuggling operation But then a young nurse with red hair is sadistically raped and killed and Gene recognizes the signs of a lust murderer having famously solved the case of the University Park Strangler years earlier When he s contacted by the killer Hammons knows he and Pamela must work quickly to catch the brutal murderer before he strikes again The two come to each other s rescue more than once and as deep feelings develop between them it s not lost on Gene that their relationship might well prove dangerous especially for Pamela with her lovely red hair Rich in atmosphere and authentic period detail THE NURSE MURDERS is a gritty nail biting race to catch a killer in a city struggling to assert itself amidst the hardships corruption and political machinations of post World War I America      **The Saturday Review** ,1919      *British Culture and*

*the First World War* Toby Thacker, 2014-09-25 The First World War has been mythologized since 1918 and many paradigmatic views of it that it was pointless that brave soldiers were needlessly sacrificed are deeply embedded in the British consciousness More than in any other country these collective British memories were influenced by the experiences and the work of writers painters and musicians This book revisits the British experience of the War through the eyes and ears of a diverse group of carefully selected novelists poets composers and painters It examines how they reacted to and portrayed their experiences in the trenches on the Western Front in distant theatres of war and on the home front in words pictures and music that would have a profound influence on subsequent British perceptions of the war Rupert Brooke Vera Brittain Richard Nevinson Paul Nash Edward Elgar and T E Lawrence are amongst the figures discussed in this original exploration of the First World War and British collective memory The book includes illustrations and maps to aid further study and research     The Saturday Review of Politics, Literature, Science and Art ,1919     *The Publishers Weekly* ,2001
