

# Photocopiable activities

## Overview

- There is a **Grammar activity** for each main (A, B, and C) lesson of the Student's Book.
- There is a **Communicative activity** for each main (A, B, and C) lesson of the Student's Book.
- There is a **Vocabulary activity** for each section of the Vocabulary Bank in the Student's Book.

All the photocopiable material is also available on the **Teacher's Resource Centre (TRC)**. It is also available on the **Classroom Presentation Tool (CPT)**, allowing you to display the worksheets on an interactive whiteboard or projector. This will make it easier to set up and demonstrate the activities, and show answers.

## Using extra activities in mixed ability classes

Some teachers have classes with a very wide range of levels, and where some Ss finish Student's Book activities much more quickly than others. You could give these fast finishers a photocopiable activity (Grammar, Vocabulary, or Communicative) while you help the slower Ss. Alternatively, some teachers might want to give faster Ss extra oral practice with a communicative activity while slower Ss consolidate their knowledge with an extra grammar activity.

## Tips for using Grammar activities

- The grammar activities are designed to give Ss extra practice in the main grammar points from each lesson. How you use these activities depends on the needs of your Ss and the time available. They can be used in the lesson if you think all of your class would benefit from the extra practice or you could set them as homework for some or all of your Ss.
- Before using the worksheets in class, check for any vocabulary that may be either new or difficult for your Ss.
- All of the activities start with a writing stage. If you use the activities in class, get Ss to work individually or in pairs. Allow Ss to compare before checking answers.
- If Ss are having trouble with any of the activities, make sure they refer to the relevant Grammar Bank in the Student's Book.
- All of the activities have an **Activation** section. Some of them have a task that gets Ss to cover the sentences and test their memory. If you are using the activities in class, Ss can work in pairs and test their partner. If you set them for homework, encourage Ss to use this stage to test themselves. Alternatively, you could set the main activity for homework and then get Ss to do the **Activation** at the start of the next class.

- Make sure that Ss keep their worksheets and that they review any difficult areas regularly. Encourage them to go back to activities and cover and test themselves.

## Tips for using Communicative activities

- Before using the worksheets in class, check for any vocabulary that may be either new or difficult for your Ss.
- We have suggested the ideal number of copies for each activity. However, you can often manage with fewer, e.g. one worksheet per pair instead of one per student.
- When Ss are working in pairs, if possible get them to sit face-to-face. This will encourage them to really talk to each other and also means they can't see each other's worksheet.
- If your class doesn't divide into pairs or groups, take part yourself, get two Ss to share one role, or get one student to monitor, help, and correct.
- If some Ss finish early, they can swap roles and do the activity again, or you could get them to write some of the sentences from the activity.

## Tips for using Vocabulary activities

- These worksheets are intended to recycle and consolidate Ss' understanding of the vocabulary in the Student's Book Vocabulary Banks. As such, we suggest not using them directly after doing these exercises. Instead, get Ss to do them in a subsequent lesson.
- If Ss are having trouble with any of the activities, make sure they refer to the relevant Vocabulary Bank page.
- You could ask Ss to check their answers by referring to the relevant Student's Book Vocabulary Bank.
- All the activities are suitable for use in class. However, you may wish to set some of the tasks for homework.
- Most of the Vocabulary worksheets have an **Activation** task and this can be treated in a similar way to the Grammar ones.
- Make sure that Ss keep their and that they review any difficult areas regularly. Encourage them to go back to activities and cover and test themselves.

## Customisable worksheets

There are customisable versions of some of the Grammar, Communicative, and Vocabulary activities on the **Teacher's Resource Centre**. These allow you to adapt the material to make it more applicable and/or relevant to your Ss. For instance, you could:

- change some of the names to the names of Ss in your class.
- change place names to ones that are more relevant and/or familiar to your Ss.
- change items of grammar or vocabulary to focus on the needs and interests of your Ss and/or adapt the level of challenge.
- reduce the number of items if you are short of time.
